Physicals July 31 For 1982-83 Sports

Every student who plans to participate in any Hoke County High School sports during the 1982-83 school year may receive a physical examination July 31, starting at 9 a.m., in MacDonald Gym.

A fee of \$3 will be charged. Every student must pass a physical examination before he or she is permitted to participate in sports, including practice.

Students planning to take the examination must bring forms which will be filled out. Students may obtain the forms before the examination date from the Hoke High principal's office or from Billy Colston, Hoke High director of athletics.

Burlington Sales Lower

Burlington Industries, Inc. today reported lower sales and earnings for both its third fiscal quarter and the first nine months of the 1982 fiscal year.

Consolidated net sales for the quarter ended July 3, 1982 were \$719,395,000 on which the company's consolidated net earnings were \$12,834,000 or 45 cents per share. In the comparable period last year, Burlington reported net sales of \$858,426,000 on which the company's net earnings were \$35,078,000 or \$1.25 per share.

For the nine months ended July 3, 1982 consolidated net sales were \$2,199,233,000 compared to \$2,386,345,000 in the prior year. Net earnings were \$44,480,000 or \$1.57 per share compared to \$80,140,000 or \$2.85 per share last year.

As a result of adopting FASB Statement No. 52 in the first quarter of 1982, the effect of foreign currency items is not comparable with those reported in 1981 as prior year results were not restated. Foreign currency items included in the earnings statement for the third quarter of fiscal 1982 were not material. The fiscal 1981 results included gains from foreign currency items of 26 cents per share in the third quarter and 68 cents per share for the nine months.

Klopman, chairman and chief executive officer, commented, "The third quarter results reflect a continuation of the economic weakness which has persisted in this fiscal year. There was virtually no segment of our business which was not adversely affected. Current order rates would indicate there will be no significant upturn prior to the end of fiscal 1982."
