Private Directory

Business and professional firms in eastern North Carolina may be confusing listings in a private national "classified directory" with Yellow Page advertising in their local telephone directories.

B.C. Dixon, Carolina Telephone and Telegraph Company directory manager, said the solicitation by National Directory Publishers of Niagara Falls, N.Y., has no connection with Carolina Telephone.

"I have received inquiries from a number of business people in Carolina Telephone's service area who thought they were buying space in our company's telephone directory. The printed material they are receiving by mail has an illustration that resembles a telephone directory Yellow Pages with the words, 'Directory Advertising Gets Results,'" Dixon said.

"In view of National Directory Service's approach, we at Carolina Telephone are concerned that our customers could be misled or could misinterpret their literature. Carolina Telephone is in no way related to National Directory Service of Niagara Falls, N.Y., and any space purchased from them will appear in their publication and not in the familiar Yellow Pages of our telephone book.
