

In District Court

Larceny By Trick, Non-support And DUI Cases Heard

The following District Court judgments were issued Friday.

Johnny McRae, P.O. Box 1081, Raeford, injury to personal property, found not guilty.

Leroy Cummings, Fayetteville, contributing to delinquency of a minor. The court granted the defendant's motion to quash since the date of the alleged offense June 9, 1982, was inserted after the issuance of the warrant and the defendant apparently was served with a defective warrant.

Robert Dixon Clark, P.O. Box 922, Raeford, driving under the influence, found not guilty DUI but court found the defendant guilty of lesser offense of driving with a

0.10% or more blood alcohol level. Ninety days suspended for 12 months and \$200 fine and costs, surrendering license and to not operate a motor vehicle for 12 months.

Ranzy Carter, Rt. 2, Box 81, Raeford, driving under the influence. Six months suspended for two years and to not operate for two years except as provided by law.

plete the Drug and Alcohol Abuse School within 75 days.

Bobby Lenwood Small, Rt. 1, Box 581, Raeford, nonsupport of illegitimate child. Voluntary dismissal: insufficient evidence to warrant prosecution as blood test excluded defendant as father of

child.

untary dismissal: car repossession debt satisfied.

Edith Brock, 311 Crawford Street, Raeford, resisting a public officer. Voluntary dismissal: in the interests of justice because of Mrs. Brock's limited mental capacity.

Rusty Brent Buffkin, Rt. 1, Clarendon, N.C., larceny by trick. Pled not guilty and found guilty, ninety days suspended for two years and \$150 fine and costs. Also to pay \$13.01 restitution to prosecuting witness, The Grocery Mart.

Red Cross Chapter Receives Special Award

The Hoke County Chapter of the American Red Cross received a Special Donor Recruitment Award on Thursday, July 29, 1982, at the Blood Services Recognition Conference Luncheon. The annual conference was held this year in Raleigh, North Carolina.

The Special Donor Recruitment Award is given to chapters who achieve or exceed 100% of their collection goal for the year. The Hoke County Chapter collected 100% of their collection goal for the year. The Hoke County Chapter

collected 100% of their goal last year.

Mrs. Clyde Upchurch, Jr., who is Chairman of the local blood program, said, "We are indeed proud to be a recipient of this Special Donor Recruitment Award. Many fine people worked hard for it."

The Carolinas Region Blood Services of the Red Cross is comprised of fifty-seven counties in North and South Carolina. 104 hospitals in the region receive blood and blood products from the Carolinas Region Blood Services.

Bruce Rinehart, left, chairman of the blood services committee of the Carolinas Region, is shown presenting the Special Donor Recruitment Award to Mrs. Clyde Upchurch, Jr., Blood Program chairman of the Hoke County Chapter.

The U.S. Department of Agriculture has asked for public comment on provisions of the 1983 upland cotton program and has set a deadline of Sept. 14 to receive those comments.

According to Everett Rank, administrator of USDA's Agricultural Stabilization and Conservation Service, USDA plans to announce its 1983 upland cotton program on or before Nov. 1.

Rank said USDA is asking for comments on the following:

- The base loan rate for the basic grade of upland cotton (strict low middling 1-1/16 inch, micronaire 3.5 through 4.9) at average U.S. locations. This base loan rate -- which by law cannot be less than 55 cents per pound -- will be determined according to a statutory formula using domestic and world price data.
- The 1983 target price, which by law cannot be less than 76 cents per pound.
- Whether USDA should establish an acreage reduction program and, if so, the level of such a reduction.
- The appropriate national program acreage and voluntary reduction percentage if no acreage

reduction program is announced.

--Whether USDA should establish a paid land diversion program and, if so, the percentage of the diversion and the level of payment.

--The loan rate for seed cotton.

Rank said that due to a 1981-crop cotton surplus, USDA is considering both acreage reduction and paid diversion programs, but that the actual need for acreage adjustment programs will depend on supply and demand conditions affecting the 1982 crop. He said recent crop losses from hail and rains in the Texas High Plains could mean large acreage reduction programs are unnecessary.

If no acreage reduction program is established, USDA will announce a national program acreage and a voluntary reduction percentage, Rank said.

The deadline for receiving comments is Sept. 14.

Comments should be sent to the director, analysis division, USDA-ASCS, room 3741-S, P.O. Box 2415, Washington, D.C., 20013. Comments will be available for public inspection in that room during regular business hours.
