The Society is unique in that it combines the honor of membership with its National Awards Program which earmarks college scholarships for Society members. This scholarship program, now in its fourteenth year, is funded by 104 prestigious American colleges. The Society preserves the student's honor by listing their biographical accomplishments in an annual Membership Registry which is distributed nationally.

Students Given National Honor

The Society of Distinguished American High School Students announced today that two students from Hoke County High School have been selected as members for 1982.

The Society is one of the most selective high school honoraries in America today. Membership is not only an honor but also an incentive for those exhibiting top performance while in high school. To be accepted, students must have excelled in academics, extracurricular, or civic activities and be nominated by a local sponsor.

Students awarded this honor include: James Walter Ward and John Delmar Ward.
