A. Wilson Helps Run Government

Amy R. Wilson, of 907 N. Magnolia Street, who is a student at Hoke High School in the 11th grade, is among more than 100 pupils from across the state that gathered in Raleigh on November 3 to help run state government by attending Youth Involvement Day.

The annual event gives young people a chance to view state government from the inside by pairing off with a state government official for the day.

The students worked alongside their government counterparts, performing the duties of a normal work day.

The students arrived in Raleigh on Tuesday, November 2, to attend a workshop on New Federalism that afternoon, and a banquet and costume party that evening.

Governor Jim Hunt, an annual

participant in Youth Involvement Day, spoke to the students at a breakfast on Wednesday morning.

"This is not only a chance for you to observe state government in action, but a chance for you to express your opinions as well. Don't hesitate to speak up, to ask questions and even to make a suggestion," Hunt urged the young people.

Youth Involvement Day is sponsored by the State Youth Council, a component of the N.C. Department of Administration's Youth Involvement Office.

Available to all North Carolina students between the ages of 14 and 19, Youth Involvement Day was established to give youth a first-hand look at state government in action and to give state officials an opportunity to hear their opinions.
