Theatrics Offered At Pembroke State

The Performing Arts Center of Pembroke State University is proud to announce that it will offer THEATRICALS, a unique series of workshops in creative dramatics for young people, the first such classes in the area.

THEATRICALS will consist of six classes each for ages 6-12 and 12-15 to be held each Saturday from January 15 through February 19, 1983 in the Performing Arts Center.

The instructor for these workshops will be Mrs. Sherry Levy who holds a BFA in theatre and music from Case Western Reserve University in Cleveland, Ohio. Mrs. Levy has a vast background in professional theatre, with strong emphasis on children's theatre, voice and movement.

She is quite excited about THEATRICALS, stating that creative dramatics has long been proven to be a great asset in the development of imagination and communication with young people of all ages.

While providing a great deal of fun for students, it helps them to gain confidence in themselves.

The cost of the series of six classes is \$35.00 per student, then \$20.00 for each additional student from the same family. Classes for students age 6-12 will be held from 10 a.m. until 12 noon, and those for ages 12-15 held from 1 p.m. - 3 p.m. each Saturday from January 15 through February 19.

Registration forms are available now and may be obtained by calling the Performing Arts Center at 521-0778 or 521-0308.

Class size is limited so interested parents are urged to register early. Deadline for registration is January 15. For more information call 521-0778.

Fire Safety Taught

The Hoke County 4-H program in cooperation with rural Hoke County and Raeford fire departments recently finished conducting a series of classes on fire safety for youth.

The classes were held at the fire departments in each community, and youth attended classes taught by volunteer firemen for four to six weeks. Each youth attending at least three sessions received a certificate.

All ten fire departments in Hoke County participated including Raeford, North Raeford, Pinehill, West Hoke, Antioch, Tylertown, Hillcrest, Puppy Creek, Stonewall and Rockfish.

Classes were taught on types of fire extinguishers, classes of fires, home fire escape plans, the chemistry of fire, and fire hazards.

Approximately 160 youth participated in the classes.
