Home Health Helping Out

This is National Home Health Week. Home Health Programs in North Carolina are helping many of your neighbors recover from long illness in the comfort of their own homes.

For some patients, home health programs may allow an early discharge from the hospital. For others, the program may eliminate the need for placement in a nursing home.

Instructions and supportive counseling can be given in how to care for the loved one at home.

Skilled nursing care and other health services are provided under a physician's supervision by St. Joseph Hospital Home Health Agency.

This week is Home Care Week in North Carolina. Saint Joseph Hospital Home Health Agency has provided home care in Hoke County for more than five years.

Contact Judy Ferguson RN, Nursing Supervisor at 875-8198 for more information.
