**AN OLD TRADITION.** The first college student in America to work his way through college was Zechariah Bridgen, age 14, who graduated from Harvard College, Cambridge, Mass., in 1657. He earned money by "ringing the bell and waytinge."

## Davis Arrives For German Duty

Spec. 5 Isiah Davis Jr., son of Isiah and Minnie P. Davis of 112 Buie St., Red Springs, has arrived for duty in Frankfurt, West Germany. The specialist's wife, Geneva, is the daughter of Alex Brown of Route 1, Shannon. Davis, a computer operator with the 3rd Armored Division, was previously assigned at Fort Bragg.

When Chairman Bill Cameron, Jr. expressed opinions in "The Fayetteville Times" on February 15, 1983, he was not speaking for all the citizens of Hoke County. His indiscriminate use of "we" and "politician" and other statements offended many of us. We think it would be appropriate for the chairman of the school board to be a positive spokesman for the Hoke County Schools and not to use the press as a forum for his personal opinions.

Raz, you are an educator and a statesman who has always had the courage to do what you felt was in the best interest of the children and it will be extremely difficult to replace you.

Sincerely,

*Jimmie Warner*
