

Around Town

(Continued from page 1)
formances at 6 and 8 p.m. The price of admission is children - \$2 - adults - \$3. All proceeds will go to the Children's Center located on Donaldson Avenue.

From all reports this is a circus for the entire family. So make plans to attend now. Tickets can be purchased from Kiwanians.

It is good to hear that the Hoke High Bucks boys' basketball team finished first in the conference. They will now move on to tournament play and we wish the best for them and hope that they bring the State crown back to Hoke County.

It has been several years since a Hoke team has played the way this team has this year. This is good for the morale at the school. Keep up the good work!

The ACC tournament starts Friday in Atlanta and your guess is as good as mine as to who will come out on top. I believe that all the teams are good and on a certain night could beat another team.

If I had to pick, my choice more than apt, would be Virginia,

Carolina has won twice this year over them and the third time will be tough.

Anyway, whomever wins, I believe that Virginia and Carolina will make the NCAA tournament.

I missed my first precinct meeting last Thursday night, in about 30 years. Due to a conflict and maybe because of age, it wasn't quite as important as it was 40 years ago. Not meaning that I have gotten tired of politics, but that maybe it is time for new faces to appear on the scene. I have and always will support any Democrat in the General Election, I am too old to change.

From all reported precincts the attendance was good and new committees were elected in many of the precincts. This is good because we will have more people working for the party on election day.

There is one thing I would like to get across to all party members and that is if a quorum is present at the meeting place and at the right time, they can hold a precinct meeting. This has been checked with party officials in Raleigh and that is final.

So a good thing to remember is that if you want to be a party leader, attend the meetings when they are called.

The new football league got started over the weekend, but the fanfare was not as great as when Herschel Walker signed.

The TV show 60 Minutes had a segment Sunday night on an old Navy lady who was recalled from retirement and is now a Captain. I can't remember her name, but she is an expert on computers.

If you did not see the program, I would like to pass on one comment she made during her interview. She said that in all walks of life now the emphasis was more on management than leadership.

Board Backs Teachers

At the Fall Business Meeting in Charlotte on December 3, 1982, the North Carolina Association of School Administrators adopted a resolution of appreciation to the teachers of North Carolina and pledged continued support of and assistance to teachers on behalf of the Association. The resolution also directed that copies be sent to the Chairman of the Board of Education and the Superintendent of each local education agency.

Marilyn Semones, Hoke County Director of Instruction, serves on this resolution committee.

The Hoke County Board of Education endorsed the resolution March 1, 1983. The board believes that nothing can be more important during the Year of the Public Schools than harmony, cooperation and understanding among all persons concerned with education.
