

**Service award**  
 On April 27, Oscar Walters received his 25-year service award from Burlington Industries Raeford Plant in Raeford. Oscar began his career with Burlington on April 28, 1958 at a Burlington plant in Fayetteville. In March of 1976 he came to the Raeford Plant and has performed various jobs in the Weave Room such as Cloth Doffer and Weaving Machine Operator. In recognition of Oscar's Service Anniversary he has received a 25 year diamond pin, Burlington logo pocket knife and 25 year service certificate.

**Burlington Honored For Safety**

For outstanding achievement in on-the-job safety, the Burlington Raeford Plant has earned a special award from the North Carolina Department of Labor, which Assistant State Labor Commissioner Charles Jeffress will present at a dinner in Lumberton on Thursday, May 12.

Jeffress will recognize the company with the department's million-hour safety award for extended operations without a lost-time or disabling injury.

Burlington Industries Inc., Burlington Menswear-Raeford Plant, earned a 10-million-hour award for compiling an even 10 million safe employee hours, Oct. 2, 1978-Dec. 13, 1982.

Nearly 150 guests are expected to attend the dinner, which is scheduled to begin at 7 p. m. at the Red Carpet Inn, I-95 at Carthage Road.

At the program, co-sponsored annually with the Lumberton/Robeson County Chamber of Commerce, Jeffress also will honor 83 other businesses, governmental units and service establishments with the department's annual safety award.

Recipients come from throughout Bladen, Columbus, Cumberland, Hoke and Robeson counties.

Other local firms and organizations that will be honored are: Hoke Concrete Works, fifth consecutive year, County of Hoke, sixth consecutive year and Burlington Industries Inc., Menswear Dyeing Plant, for ninth consecutive year.

Qualifiers for the department's 1982 award either maintained a perfect safety record during the calendar year or recorded an occupational injury incidence rate at least 50 percent below the statewide rate for their particular industry.

The Lumberton dinner is the 19th in a series of 29 labor department safety awards presentations scheduled across the state this spring. The safety incentive effort began in 1946 as a cooperative activity with the U. S. Department of Labor under the World War II Manpower Act.

Since 1961, the program has been administered solely by the Department of Labor.

**2nd Quarter Bright For Burlington Ind.**

Burlington Industries, Inc. reported last week level sales and higher net earnings for the second quarter of fiscal 1983 compared with the second quarter of fiscal 1982.

Net sales for the quarter ended April 2 were \$737,950,000 on which the company's consolidated net earnings were \$19,884,000 or 70 cents per share.

In the comparable period last year, Burlington reported net sales of \$738,130,000 on which the company's consolidated net earnings were \$14,067,000, or 50 cents per share.

Foreign exchange translation effects were negligible for the second quarter of 1983.

In the same quarter of 1982, there was a charge of 13 cents per share related to a devaluation of the Mexican peso which was in large part offset by a gain on an exchange of debt for cash and stock.
