us to the tournament. They were not needed so we had to lug them around with us for the 5½ hours we were there.

The play on Friday was composed of groups of a professional and four amateurs. They (the amateurs) were either sponsored by some company or had paid to play with the pros. We saw Ashwell Harward come in on the 18th hole and he was playing right along with the other duffers. I don't believe I could have hit the ball in front of so many people. We talked with Harward and he said the pros were real nice to play with and they would help you by giving tips when you asked for them.

The crowd Friday was small, but from all reports the tournament was a success and should be on the schedule again next year. We hope so!

Saturday afternoon and then again Monday morning I had the good fortune to play golf with an old high school pal at Arabia. Robert Ward Whitley was in town visiting his sister, Mary Hazel.

Robert now lives in Philadelphia and has been there since 1941. He

is married and has four children. He said that he was retired, but that his wife was still working.

We talked about the old days at Raeford High School and very often Robert would say that he had forgotten that incident. His comment to me was that my memory was very good.

Since he hasn't been around to talk with Robert Gatlin, Devoe Austin and many more he doesn't know how important it is to remember old places and incidents.

It is always nice to see old friends and recall old times, but it is doubly good to be able to ride with someone for a few hours and not be interrupted when talking old times.

So golf kinda made my weekend.

This is the last time a notice will be run about the deadline for the graduation section of *The News-Journal*. The issue will be published on June 9.

This has been very special to the seniors and we would like for everyone to have an opportunity to appear in this section.

The deadline for ads in the issue will be Wednesday, June 1. If you

haven't already obtained an ad, then call today, 875-2121. Ann Webb will be glad to help you with your ad.

According to an article in a daily newspaper, we may be paying more for stamps in the near future. It seems that the post office department is making money for the first time in a while, and to keep this up they must put in to raise postage.

If inflation and interest rates come down and also the costs of all items we buy, will we still give everyone a 10% raise each year?

Some folks have never worked in a job without getting a raise every year. How times change!

Honors given

Mrs. Helen Dupree (left) was honored at a tea on May 18 at Hoke High Library. Mrs. Dupree is retiring after teaching science and biology at Hoke County High School for 30 years. Mrs. Dupree was presented a plaque by Dr. Linwood Simpson (right), principal of Hoke County High School and gifts from the faculty and staff. Also honored were Jim Bowles, math teacher and former principal at McLauchlin Elementary School and Joe Jenkins, teacher of the Extended Day program. Special guests were Judge Joe Dupree, Joe Dupree, Jr., Caroline Dupree Davis and Jean Dupree Ingram. Also Dr. Robert Nelson, Superintendent of Hoke County Schools. Refreshments were prepared by the Home Economics classes and served by members of the Science Club.

English retires

Hilyard English recently retired from the Raeford Plant of Burlington Industries after 28 years continuous service. Mr. English worked in the Spinning Department for the duration of his career at the local facility. He served in the capacity of Doffer until 1974, when he became a Roll Buffer. English was presented a Retirement Plaque and Bible upon retirement. "Hil" as his friends and co-workers refer to him plans to take it easy and do a lot of fishing during retirement.
