Going after the ball
The Hoke High defensive squad showed some bright spots last week during scrimmage games played in preparation for Tuesday's practice contest

against Pine Forest. Here two red-shirted tacklers down the ball carrier while two more back them up.

Bucks Show Promise Against Pine Forest

Despite threats of thunderstorms and occasional showers of rain, the Hoke High Bucks Varsity football team showed "promise" Tuesday night in a scrimmage game with last year's mid-south conference champs.

The game was played before a crowd of about 75 spectators.

According to Bucks head football coach Tom Jones, the scrimmage against Pine Forest was both a good and bad show.

"Generally, I thought we played good, but I was dissatisfied with some areas of our play," Jones said.

"Our boys showed real aggressiveness out there, and I was very pleased with that, but we made way too many penalties," Jones said.

According to Jones, the "stupid penalties" his team made during the scrimmage could hurt a club during the season.

"The kind of penalties we were making could kill us during a real game," Jones said.

The coach also seemed a little "dissatisfied" about his team's tackling ability.

"I think they were using their hands to tackle and you can't do that," Jones said.

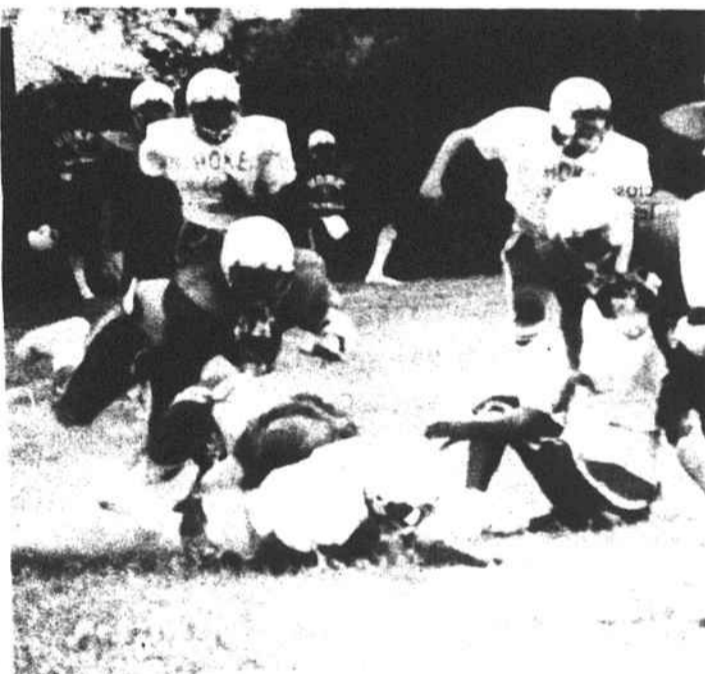

Although Jones appeared critical about his team's efforts he readily admitted that overall he was pleased with his team.

"It is really difficult to get a good feel for what your team can really do during a scrimmage game," Jones said.

"We have to work so many people that you can't get a good look at your team," Jones added.

Jones hopes that practice will work out the mistakes that he saw during Tuesday's scrimmage so that the Bucks will be ready for their first home game against South View.

That game will be played at the Hoke High football field Friday September 2 at 8 p.m.

Dropped for loss
Defensive team members nail this ball carrier for a loss during a scrimmage game Friday. The Hoke High offense was held for several series of downs and not allowed to score.

Dove Hunters Should Buy Licenses Now

Dove hunting season opens on Saturday, September 3 at 12-noon. Hunters can save a lot of trouble by picking up a license now -- instead of waiting until the morning when the season opens, a spokesman for the state wildlife department said.

"Many sportsmen wait until the last minute before buying their hunting license, and this occasionally causes some problems," said Debbie Paul, assistant to the director of the N.C. Wildlife Resources Commission.

"An agent may be temporarily out of licenses because of a last-minute rush, or may have a line of license customers backed up. Therefore, we urge sportsmen to buy their licenses early -- or to consider buying one of our lifetime hunting and fishing licenses," he said.

Several categories of lifetime licenses are available, and applications may be obtained from license agents or Wildlife Commission employees.

McLean Completes Basic Training

Pvt. John H. McLean, son of Flora J. McLean of Rural Route 2, Red Springs, has completed basic training at Fort McClellan, Alabama.

THE TOYOTAS ARE IN AT TOYOTA OF FAYETTEVILLE
Formerly Carr Toyota

New Toyotas are arriving daily by the truck load at Toyota of Fayetteville. Over 250 new Toyotas to choose from, folks, and we've got to sell them.

Seriously, we plan to sell a lot of Toyotas. And in order to do that from now on, the next 90 days are crucial. During that period our rate of allocation will be established. The more we sell, the more we'll have to sell.

So right now, today, not only do we have the largest inventory of new Toyota cars and trucks in the Carolinas - we've got to sell them!

It's a buyers market if ever there was one. Come see us, we'll prove it to you!
