

County Store Hit By Thieves

Thieves removed a pistol along with more than \$250 in cash and merchandise from a Hoke County store Thursday after an early morning break in.

Sheriff's reports show that Lewis Ellerbee's Store at Rt. 1, Raeford was apparently broken into during the early morning hours Thursday.

The owner found the lock "just hanging in the door" when he came to work, the report says.

Someone allegedly ran off with the store's money box which contained a .22 caliber pistol and \$100 in cash.

The report also shows that \$150 in cigarettes and food were taken from the store during the break-in.

Although no suspects have been identified in the case, the report

says that an investigation is pending.

In an unrelated incident, Bonnie Davis of Lumber Bridge reported that someone had entered her home and removed over \$1,500 in personal property.

The report says that someone allegedly removed the storm window from Davis' home and broke the window pane out to gain entry.

A jewelry box containing over \$1,000 in jewelry and a \$60 polaroid camera were reported missing from her home.

The case is still under investigation, sheriff's reports show.

In city crime, Raeford Police Chief Leonard Wiggins said that \$100 was removed from a city resident's home while she was at a neighbor's home.

Savannah Collins of 511 West Central Avenue reported that four people came to her home last Tuesday looking for "yard work."

She apparently left three of the four in her yard while she walked across the street to a neighbor's house.

According to Wiggins, the fourth person followed Collins.

While she was gone someone allegedly took the money from her house, Wiggins added.

Although no arrests have been made, the case is still being investigated, Wiggins said.

In an unrelated incident, also on Tuesday, a Cato's store employee reported that someone had taken a coat from the store.

Although no one saw who took the coat, Wiggins said there were

only three people in the store just prior to the coat's disappearance.

Also last Tuesday, a Hoke resident reported to the police that someone had stolen her pocketbook and its contents from her car while she was parked at Hoke High School.

Kimberly Bullock of Rt. 3, Raeford reported to police that she left her pocketbook on the front seat while she went in the high school.

The doors were not locked, Wiggins said.

While Bullock was away from the vehicle someone apparently went inside the car and took the purse.

The purse and its contents were valued at \$34.

Retiring
James H. Adams (center) retired with Burlington Industries Dyeing Plant October 28. He began his career with Burlington Industries July 22, 1968 and has served in several capacities during his 15-year career. Adams is shown receiving his Retirement Bible from Administrative Manager, Fred Fanes and Department Manager, Hubert "Red" Davis.

(Continued from page 1A)

jutant General Hubert M. Leonard. Also John Balfour, chairman of the Hoke County Commissioners had something to say. We feel that the city should have been represented on the speakers' stand, because they put money into the purchase of land for the new building. The mayor was recognized, but didn't say anything.

The open house, after the speeches, gave everyone a chance to look over the new building. It is nice and built for the new concept of the National Guard. It is an asset to the county and city and helps the looks of that part of the city.

The parade on Friday afternoon, sponsored by the American Legion Post 20, was also a big success. It was well attended and all units in the parade performed as one would expect on this occasion.

The sky divers drew applause and added much to the day.

Lt. General Jack Mackmull, post commander of Fort Bragg, was high in the praise of the post putting on the parade. He stated it was much larger than some in the bigger cities.

This is the first for the post, but they now have a foundation to build for a bigger and better event next year.

Naomi Johnson, a teacher at Upchurch Junior High School, was by the office Monday and this time she didn't have a Letter to the Editor. She had a picture of her returning a pocketbook to the owner. It seems Naomi found a pocketbook on the 401 bypass near the school. When she looked inside it contained \$280. The owner, Betty Goins Hardin had placed the pocketbook on her car last Friday when she had a flat tire. She drove off and the pocketbook fell to the ground.

I know that Mrs. Hardin was glad to get her pocketbook back, but Naomi is one in a few that would have returned that much money.

A bouquet to you, Naomi!

Nancy Lowe, administrator at the new McCain Prison Hospital, spoke to the Raeford Kiwanis Club last Thursday night. She stated that the first prisoners would be coming in by the end of the month. The hospital will be in full operation by February 1, 1984. This is good to hear, because this will help the economy of the county.

John Plummer stated at the Kiwanis Club meeting after Mrs. Lowe's talk, that it brought back something that a teacher told him when he was in school here. According to Plummer, Mrs. D.B. McFadyen, the teacher, said that a boxcar released at the steam plant at McCain and with all switches open would roll, unassisted, to Jacksonville, Fla.

Now I have never heard this before, but according to a reliable source, Clyde Upchurch, Jr. said that he had heard the same story. Stranger things have been said.

The Raeford Kiwanis Club Annual Pancake Supper will be held on Thursday, December 15, at the Gibson Cafeteria beginning at 5 p.m. They will serve until 8 p.m.

This is one of the money projects of the club and last year the club donated over \$12,000 to worthwhile civic projects. So mark your calendar and help this club to help our community.
