Here's wishing our friends the very best at Christmastime and in the days to come.

 Don't forget the Pancake Supper at the Gibson Cafeteria on Thursday night, December 15 starting at 5:00 o'clock. The event is sponsored annually by the Raeford Kiwanis Club and proceeds are used by the club for civic projects.

Not only do you get all the pancakes and sausage you can eat, but the fellowship is worth the price of a ticket.

Raz Autry told me last week that my rumor was correct and that the Christmas Parade sponsored by the Raeford Merchants' Association would be held on Saturday, December 17 starting at 2:00 p.m.

If it rains this weekend then we must get wet to greet Santa Claus to Hoke County. It would be too late to postpone it to a later date.

So make your plans now to have you and your children in Raeford for this event.

The picture that ran recently in *The News-Journal* of the old building with the bars at the windows has caused much comment in town. The picture was taken at Timberland and most folks say it was the old post office.

Mrs. George Freeman, Sr. called me Monday and said that her son, George Jr., had called from Washington, N.C. and said that it was the old post office at Timberland. He recalls delivering ice to the building in his early life and said that Paul McDonald and his wife were in charge of the post office.

I would like to have some other opinions on this building before writing more about it.

Anyway thanks to Mrs. Freeman and George for their information.

Mrs. Crawford Wright, nee Ida Tapp, brought a picture of a school class into the office recently and gave it to Warren Johnston, editor. He gave it to me, with the comment, that Mrs. Wright said I could name the people in the picture. The picture was taken about 1914 and since my birth was in 1918 my memory can't quite make the grade on this one.

The picture is of a group of Montrose School pupils in a one teacher school.

Mrs. Wright said that it was before Mrs. P.P. McCain, nee Sadie McBrayer, was married. It was her first teaching job after finishing college.

Now some of the students that Mrs. Wright could identify are Marie McFadyen, Alex Patterson, Lee Maulsby, Carl Riley, Luther Tapp, Bethune Maulsby, Wall Covington and herself.

I have this picture at the office and would like to get the people identified and then run the picture in the paper. Maybe Alex Patterson could do so if he comes by Raeford anytime soon.

It is a pity name, are not written on the back of pictures along with other information.

Will write more on this later.

The Super Bowl will be played in January, but I don't believe any more interest could be in it than was in the Dallas - Washington game played Sunday.

I heard one man say Sunday night that he hated to go to work Monday because he had been bragging about Dallas and their team so much at work last week.

Maybe they will play again this year!
