How to write a good classified ad . . .

1. Start your ad with the merchandise you are selling - starting with the merchandise makes it easier for the reader to locate your item for sale.
2. Always include the price of the item you are selling - 52% of classified readers do not respond to ads that do not include a price.
3. Keep abbreviations to a minimum - make it easy for readers to understand.
4. Place yourself in the reader's position - ask what you would like to know about the merchandise for sale - include information such as brand names, colors and other specific descriptions.

ADVERTISING COSTS

Minimum charge - 3 lines, \$5.25 first week, \$1.50 each additional week. There is no charge for ads that an item has been "found".
