Happy Halloween!

Remember these simple safety rules:

1. **Don't Trick-or-Treat alone!** Always go in groups, and younger children should always be accompanied by an adult.
2. **Beware of confining costumes!** Avoid masks that obstruct vision and costumes that restrict movement.
3. **Do not enter!** Only accept treats outside the front door - never go inside a strangers house or car for any reason.

4. **Be visible!** Carry a flashlight and apply reflective strips to your costume, so drivers can see you at night.
5. **No eating!** Discard any unwrapped or suspicious-looking candy. Have parents inspect all food before eating.

Raeford Eye Clinic

404 S. Main Street - 875-5114
Proudly Serving Raeford Since 1979

We want you to enjoy your Halloween, so please remember some of the following tips for safety...

1. Approach **ONLY** houses that are lit. Be respectful of houses that are not lit and refrain from ringing the doorbell on knocking.
2. Carry a Flashlight and Walk - Don't run.
3. Stay in familiar neighborhoods and obey traffic signals.
4. Have your children wear a watch they can read in the dark. Set a time limit for your children to "trick or treat". Smaller children should be accompanied by an adult.
5. Don't cut across yards or driveways. Many accidents occur when motorists are backing vehicles out of driveways, unaware of the presence of small children.
6. Parents - patrol your street occasionally to discourage speeding motorists, acts of malicious mischief and crimes against children.
