Mr E T Marks, who has a marble yard on West Martin street, is a most artistic carver. Some of his excellent work in this line, on monuments, is to be seen there. There are also some good examples of it in Oakwood cemetery.

The county authorities have as yet no news of the three white convicts who escaped from the work house Wednesday night. Burwell Peary, one of the three, is known as the "outlaw of New Light," he being from that township.

The gutter on W Jones street, between N Dawson and N Harrington, is and has been in a bad condition for several weeks. The attention of the street commissioner has been called to this two or three times, but still to no purpose. It is a matter that should be looked after by the health officer and that too without delay.

The list of insurance companies doing business in this state has been issued by the secretary of state. There are 45 life and accident and 66 fire and miscellaneous. ## CONFEDERATE MONUMENT.

### The Corner Stone to be Laid on the 20th of May.

An important meeting of the North Carolina Confederate monumental association was held last evening, at which the president Mrs Armistead Jones, presided. Architect M Muldoon and State geologist Holmes were present. Granite from the Mt Airy quarries was adopted as the stone to be used. The height of the monument was increased from 62 to 72 feet, and the contractor was allowed \$2,000 more, making the amount \$25,000. He is to furnish four cluster lamps of three lamps each. May 20th was chosen as the date for laying the corner stone, and a committee of arrangements for the ceremonies was appointed. That day was chosen because it is the anniversary of North Carolina's secession. Architect Muldoon says that the order for bronze figures of two Confederate soldiers to stand at the base of the monument and for two bronze medallions to be placed on the die has been placed in Munich, Germany, at the national bronze foundry, a very famous one. The work of preparing the foundation of the monument will begin in April. The work of quarrying the stone will begin at once. The Mt Airy quarries furnish a very fine quality of stone. Much more stone will be required for the monument, since the increase in the height. Contractor Muldoon says that only the Mt Airy quarry could furnish the stone. The monument is to stand at the west gate of the capitol. The ceremonies at the laying of the corner stone will no doubt be imposing. It is expected that the grand lodge of Masons will lay the stone. The monument will be a very stately one as May 20th falls on Sunday the 21st will be the day of the ceremony.

### New Advertisements.

The delicious ice cream served at the "silver tea" at Mr Julius Lewis' yesterday was made by Dughi.

### Dughi's Cream at Charlotte.

Today's Charlotte Observer contains the following: "The Observer played host last night and had a number of young friends to lunch. The lunch, excepting the cream, was furnished by the Buford hotel. The cream was furnished by Mr A Dughi, the famous confectioner and caterer of Raleigh. It was packed in Raleigh and shipped here, arriving yesterday afternoon. The cream was in many beautiful designs, flowers, strawberries, pear, apples, roses, ducks, chickens, besides a quantity of Neapolitan cream. Not a particle of it melted on the way, so thoroughly does Dughi understand packing it. The designs were beautiful in execution and delightful in flavor. The estate is to be congratulated on having an artist like Dughi. It will not now be necessary to send as far as Richmond, Washington and Atlanta for loaves when Delmonico designs can be furnished by a confectioner of such skill as this skillful Raleigh artist. It was a "midnight lunch," the hours 11 to 12, and a merry company it was which gathered around the festal board in the city editor's room. Mr Chas Adams was toastmaster and in the the good wishes for the Observer forgot not to suggest a health also to the Friday night club. The company consisted of Miss Mary Grier and Dr. Keerans; Miss Bleeker Springs and Mr J D Fox; Miss Mary Harty and Mr Frank Jones; Miss A tele Hutchison and Mr W J Harty; Miss Ila McDonald and Mr C O Hook; Miss Mary Steele and Mr S B Waters; Miss Mary Moore Young and Mr Chas Adams, Mr D A Pompkins."

Mr W D Brown, representing a large Chicago firm which builds and equips telephone lines, is making a canvass of Raleigh in order to secure enough subscribers to insure a new telephone exchange and the much to be desired cheap system. He proposes to put in telephones in business houses at \$20 annually and in residences at \$15 annually. If 300 subscribers are secured these rates are assured. Mr Brown is encouraged at the outlook here. He has sent to his firm a diagram of the city and information regarding the height of poles, &c.

Will McCullers, colored, of Panther Branch township, has been in jail a fortnight, on a charge of stealing meat, the evidence against him having been given by his wife. McCullers under a habeas corpus proceeding was before associate justice Walter Clark, who discharged him from custody. It was found that Lizzie McCullers, Bill's wife, had committed perjury. A warrant was issued for her today and she will be arrested and brought here tomorrow.

There were no cases in the mayor's court today.
