Notes.

The "Southern" of Knoxville is the oldest and by far the largest general association in the south, and is also the largest associa-

tion in America.
It has 500 brauches in 18 states. It is, in effect, a league of 500 local associations. All these associations must fail befere the association can fail Therefore, failure is im

possible.
The 'Southern' has turned over from the expense fund to the loan fund \$172,000 in five years. No other association has even

approximated such a record.

The actual running expense per share is less than in any other association, and on cash handled much less than the majority of the large fluancial institutions of the

country.

The feature of an unapportioned reserve, providing against losses and insuring the perfect equality of all stockholders, will be appreciated, for the interests of the many cannot be sacrificed for the benefit of a few.

The by-laws forbid the sale, or the use as

collateral security, of any of the securities belonging to the association, and require all securities to be kept on deposit in the name of the association with the State Treasurer or approved trust companies.

In the supreme court t day there was argument in a case of more than general interest. Last August at Fayetteville Ed J Fuller, a nephew of judgeT C Fuller, killed a young men named Parker. In February Faller was, after an exciting trial, convicted of murder and sentenced to be hanged in M rch. He appealed to the supreme court. Today there was argument on the appeal. The counsel for the defence are all of marked prominence, and so are those who conduct the prosecution.

The Odd Fellows' widows' and orphans' relief association of Virginia, North Carolina and West Virginia, North Carolina and West Virginia held its annual meeting at Odd Fellows' hall at Richmond, Va, last even ing The association, which is confined entirely to Odd Fellows in good standing, is growing rapidly in pop-ularity in the order in the states named. A Shameful Act.

This morning a detective arrived here from Georgia, bringing with him Bill Lee, colored. He had arrested Lee while the latter was at work on a farm, took him from the place and brought him to the penitentiary, taking him to be an escaped convict. The penitentiary authorities did not know Lee nor want him. The detective then did a shameful thing. He left lee here, telling him that he must hustle for himself. The detections in the detection of the detect tive then left on a train this morning Lee wasseen at the capital today. He laid his pitiful case before Gov. Carr

Double Suicide in Johnston County.

A few days ago J B Wall, of Johnston county, went to the residence of J H Cook, his son in law, five miles from Selms, and committed suicide by shooting a pistol bullet through his head, using Cook's pistol. He showed no signs of insanity, but just before the suicide spoke in the usual manner to Urok's wife, his daughter. Cook vesterday bade his wife good bye, as if he were going away, but instead took the same pistol Wall had used and at the same hour took his life in precisely the same way. No reason can be assigned for either suicide, as both Wall and Cook were in comfortable circumstances.

Polk Miller this Evening.

Metropolitan hall ought to be filled this evening, the attraction being Polk Miller, the Virginia humorist. While he is well known in other cities he has never been here. He is one of Richmond's best known institutions. He is a live business man, a good writer and speaker, and a line story teller, and has the negro character down as fine as Ton Page and Joel Chanler Barris, and gives untold pleasure to his friends. There is perhaps no man in all the south who possesses as keen a conception of the negro character and who can delineate with as absolute veisimilitude the Virginia darkey of the "old is-sue" The entertainment is for the Raleigh Y M C A. Secure seats at J I Johnson's drug store.
