

**COXEY'S MARCH.**

After Leaving Washington his Army Will Come This Way to Join Frye.

PITTSBURG, Pa., April 3.—Coxey and a large number of his followers have decided to take a trip through the Southern States as soon as his mission in Washington is fulfilled. This decision was arrived at a day or so ago, and the trip will be made with a view of converting as many southern people as possible to the ideas advocated by Coxey. As at present figured out by Coxey it will require the best part of two months for his army to go to Washington and see the Coxey measures acted upon by Congress. Then the army, or as much of it as remains intact, will take a trip through Virginia, North and South Carolina, being joined in the latter state by Frye and his band of Texas Coxeyites. The scheme is to win the southern farmers over to the Coxey Brown-Smith ideas. When this is completed the task of the reformers will be fulfilled and the army will disband.

**Cleveland's Great Minstrel Show.**

"A new broom sweeps clean" is a saying as old as it is true, and is as true as it was when it was first made. Mr Cleveland has introduced the new broom into his minstrel management, and has organized an entirely new company for this season, from the Casino, Paris, and leading New York theatres; an infusion of new blood and new ideas that will please the public. Last season Mr Cleveland continued an uninterrupted season of twenty months, and during that time played in every state and territory. This time over the same circuit will be seen the bright, new organization in novelties and startling specialties, with great gorgeousness of costume.

**The School Tax Question.**

The supreme court decides the case of the board of education of Duplin county against the state, in favor of the defendant. The Duplin people want to test the legality of the law which requires the public school taxes to be disbursed by the counties and not by the State treasurer pro rata. The case can never come squarely before the court until the State treasurer becomes a party to it.

**Great Fire in Shanghai.**

SHANGHAI, April 4.—A great conflagration is raging here. Already one thousand buildings, large and small, have been destroyed. The fire is still burning.

**A Widow's Mite.**

The congregation came, walking in the mud and rain from five to sixteen miles. One mother, a widow with seven children, came without shoes and poorly clad and gave fifteen cents, as she had. When she hobbled up to the table she gave the congregation an earnest look and said:

"Children, we is all poor; I is got seven children; I's got fifteen cents; God knows 'tis all I got. I's walked here barefooted to bring it for our sley in the nord. Da give us dis church and our chillum edicasion. God bless them and send them more money. God give me dis fifteen cents (holding it up so we all could see it); God give us dis house; God give us our sley, and God is gwine to give it money so help us if we help some, too. Come, chillum, come." At this she led the collection by giving her fifteen cents, and sank down, weeping as if her heart would speak.—American Missionary.

The Washington police arrest those who profane the Sabbath by playing baseball, but Bob Ingersoll's Sunday night lectures there are never interfered with.

Louisville, Ky., will now begin to put on metropolitan airs. Four members of its city council have been indicted for perjury and bribery.

Don't fail to see the curtain rise at the academy tomorrow evening at the performance of Cleveland's minstrels.

The elevated railroad of Brooklyn has begun to employ young women for ticket sellers, and the roads in New York are considering the same proposition. Again these cities are following the example set by Chicago, where the girls hold possession of all the ticket offices on the elevated roads, and their courtesy to passengers has demonstrated that the men can never again get possession of such places.

Gov Tillman is apparently one of those men who cannot be bluffed; he "calls" every time, no matter how much it costs.

**Late South Carolina News.**

FLORENCE, S. C., April 4.—The afterglow has come and Florence citizens will be made to feel the iron arm of Ben Tillman. Of course no one is surprised at anything that Gov Tillman will now do. The military officers at this place in charge of the troops have received instructions to arrest all the citizens who went to the armory and took out the guns belonging to the Florence Rifles. The men who took the guns went before Gen Farley yesterday and made a full statement as to why they took them, and it was thought that that would be the end of the matter, but Gov Tillman says differently.

Its Washington correspondent says in today's Charlotte Observer: "On good authority I learn that Senator Vance has requested chairman Voorhees, of the finance committee, to proceed without him in the Simmons matter, as he is for the present unable to attend a committee meeting. Senator Vance is raised on the question. This action of the Senator may untie the deadlock very soon, as it is believed the committee would have reported before now but for his desire to have the case held up until his return."

President Cleveland again ignores the "ex" rule in order that he might expunge the "ex" which preceded public printer Benedict's name. This seems to have been a case of "X" all around Mr B's friends think it excellent; his opponents extraordinary—but, why exaggerate to any greater extent?

There will be a manifest neglect of duty if the parties who testified in the Pollard Breckinridge case are not sent to prison for perjury.

**Stick to Berwangers'.**

You don't care, do you? As long as you get satisfaction it can't make any difference whether you have your clothes made to measure or buy them readymade. Pride is the bone of contention between us and tailors. They cry down readymade clothes, because we can serve you just as well for less—considerably. There is chaff in wheat, is in tailoring, is in readymade clothes; but it don't condemn the wheat; don't let it condemn all ready-to-wear garments. Buy from a stock that is carefully winnowed—from a complete stock.

We can't help smiling when we see in other stores fabrics and patterns that we passed by as unworthy to put before our patrons. Honestly, we can do better for you in our \$10, \$12.50 or \$15 grades than they can for at least \$5 more. Give you more stylish suits—suits that are made better—better trimm'd—better fitting. They have to alter and alter; fix this and then that, and you are tired of the clothes before you get them. Have you put a suit on? See yourself 'n it as others will see you. If you don't like it we have hundreds of others; all different, equally as fashionable.

If you go into our finer grades—\$16.50, \$18, \$20, \$22, \$25 or \$30—the best tailors have to "draw in their horns." Ours are as good as theirs. The more you pay us, the more you save, for they "tuck on" the price elegancies. You won't find another clothing store with such a stock, nor where prices are reasonable as ours.

Don't buy anything haphazard. We can tell you more about clothes than other folks because we have them made to our order to suit our people here. Every sale is a promise of satisfaction. A promise we stand ready to redeem in cold cash.

You Know Us, Know We Keep Our Promises.

An inspection of our stock will convince you that it is incomparable and that our prices are so low that competition does not enter into our calculation.
