## Notes.

The "Southern" of Knoxville is the oldest and by far the largest general association in the south, and is also the largest association in America.

It has 500 branches in 18 states. It is, in effect, a league of 500 local associations. All these associations must fall before the association can fail; therefore, failure is impossible.

The "Southern" has turned over from the expense fund to the loan fund \$172,000 in five years. No other association has even approximated such a record.

The actual running expense per share is less than in any other association, and on cash handled much less than the majority of the large financial institutions of the country.

The feature of an unappropriated reserve, providing against losses and insuring the perfect equality of all stockholders, will be appreciated, for the interests of the many cannot be sacrificed for the benefit of a few.

The by-laws forbid the sale, or the use as collateral security, of any of the securities belonging to the association, and require all securities to be kept on deposit in the name of the association with the State Treasurer or approved trust companies.

## CITY IN BRIEF.

### Items Picked Up and Boiled Down.

This is a typical April day.

The mayor had no cases today.

Gov Carr returned this afternoon.

Mr Maynard left today on a trip south via Greensboro.

Nearly all the convicts now in the penitentiary are serving life sentences.

Two illicit distilleries were captured in Randolph county yesterday, as a report to collector Simmons shows.

The state board of pharmacy is yet in session. There are 14 applicants for license who are being examined.

This afternoon Dughi filled a large order for a cream party at Winston. The order was filled in the most beautiful style.

It was thought that the cotton oil mills might run a few days longer, but Mr Smethurst, the manager, says there will be no more seed crushed until next fall.

Mr Brewster has the contract to put up the steel front, towers and north and south side cornices of the Pullen building, on Fayetteville street, and Park, Royster & Co, the contractor for the wood work.

This evening the members of L'Alle gro club will give a german at the Park hotel in compliment to Miss Clara Godman, of Ohio, who is visiting at the rectory of the church of the Good Shepherd.

Upon inquiry at the state treasury it is learned that the sheriffs have made their tax settlements about as promptly as usual. There are quite a number who do not settle until May.

Bad boys with their knives actually hacked to pieces the seats in the capitol square. Capt Roberts, keeper of the capitol, has had the seats repaired and covered with galvanized iron.

The revival at the West End Baptist mission continues. There is great interest in the meeting, and a number of conversions. Last evening three persons made a profession of religion.

The corner stone of the state confederate monument at the west gate of the capitol square will be laid May 31. Mr W C Stronach will be the chief marshal and Rev J A Weston, of Hickory, the chaplain on that occasion.

The supreme court grants a new trial in the case of Mr Z W Haynes, who sued the Raleigh electric light company for damages for the death of his son in 1893. The case went against Mr Haynes in the superior court.

There are 39 cases on the trial calendar at the next term of Wake superior court. The case against the officers and directors of the defunct bank of New Hanover are not to come up until the October term. They are civil cases.

The executive committee of the insane asylum board met last evening and adjourned today. It was forced on account of the lack of room to decline to admit a number of females. The new building, now almost completed, will not be occupied this year.

Tomorrow evening at 8 o'clock a musicale will be given in the lecture room of Central Methodist church. A good time is expected, as some of the best talent in the city has been engaged. No charge for admission, but friends are asked not to forget their purses. The musicale is under the direction of the piano joint stock company.

Yesterday's New York World says that a young woman who gave the name of Anna Forum, age 16, was sent to Bellevue hospital from a police station in a straight-jacket. She appeared a few days ago at St. Elizabeth's home for shelter while she was seeking a situation. She said she had been living with relatives in New Jersey, but that they could no longer support her. She said she was a Roman Catholic, and that she came from Raleigh, N. C. She was placed in the home and at once attacked the other girls, tearing the clothing from several before the sisters of charity could stop her. Then she attacked a sister. A policeman was sent for. At his throat the girl sprang. At the station house she tried to commit suicide by throwing herself over a railing into a basement. She was put in a straight-jacket. She is pretty, with large, black eyes, and was fairly well dressed. The sisters think a love affair has caused her insanity.

## The Chamber of Commerce.

This body held a regular meeting last evening. President Ashley and secretary Ayer were at their posts. Mr W H Dodd, chairman of the insurance committee, made a report in which he says he learns through correspondence with a number of brokers in New York and Philadelphia that sound and safe fire insurance can be obtained in both those cities in companies not controlled by the southeastern tariff association. He named the following brokers: John R Waters, 54 Franklin street, New York; George A Stanton & Co, 45-49 Cedar street, New York; Laidlaw, Duffie & Cross, 59 William street, New York city; E A Pyle, 430 Walnut street, Philadelphia, Pa; Charles E Heath, 311 Walnut street, Philadelphia. These claim they are able to place any risk in this city at or near the old rates formerly charged, and the committee recommend that their addresses be placed on file with the chamber so any one desiring insurance outside the southeastern tariff association can correspond with any one or all of them. They are reliable and worthy of being entrusted with any insurance business.

The committee says that a mutual fire insurance company organized here would prove of great benefit to the city just now, and as an investment would pay well, and suggests that the chamber take such steps as will be necessary for a proper investigation of the subject, and if found advisable further steps be taken looking to the organization of such a company.

Mr J O Birdsong, secretary of Junius Daniel camp, confederate veterans, addressed the chamber on the subject of co-operation with the Confederate monument association in regard to the laying of the cornerstone May 31. Mr Alf A Thompson also wrote the chamber a letter making the same suggestion. President Ashley appointed as the committee the following gentlemen: Alf A Thompson, R S Tucker, L R Wyatt, W S Primrose and W H Hughes. A resolution offered by Mr O G Latta, was adopted, that the president and secretary of the chamber be requested to collect all practical information they can showing the advantages of Raleigh as a manufacturing town, setting forth as clearly as possible the kind of fuel used and the cost of same, cost of desirable sites, cost of building, character and price of labor, climatic advantages, etc, the railroad authorities relative to the best methods of getting the information thus collected before the parties who are considering the question of southern locations.

The board met again today and decided to make an active canvass of the state for the purpose of increasing the endowment, which is now less than \$300,000. Mr Rockefeller, of Chicago, will give \$5,000 if the college will raise \$30,000. It is proposed to establish a new professorship at the college.

The Raleigh phosphate works have shut down for repairs of the acid chambers. The sales of fertilizer are gratifyingly large.

## PERSONAL MENTION

### Of People Who Came and Went Today.

Mr Laban Freeman, a well known citizen whose home was near Rolesville, died yesterday and was buried today.

Mr Frank P Harris, formerly of Rolesville, this county, died in Richmond, Va, a few days ago, of paralysis, aged 43. He had lived in Richmond some years.

State senator John L King, Greensboro, is at Washington. It is said his brother, Mr Pendleton King, of Guilford county will soon be appointed to a consulate.

The senate yesterday confirmed the nomination of Walter E Henry, of North Carolina, to be the consul general of the United States at Caracas, West Indies.

A social event today is the marriage of Miss Sallie Little, of Little's Mills, Richmond county, and Mr Alex W McAnister, of Greensboro, which occurs at the residence at Greensboro of the bride's mother, Mrs B F Little.

The following sheriffs were at the auditor's office today: J K Cline, of Lincoln; L W Parker, of Chowan; W C Jones, of Gates; F W Hargett, of Onslow. They brought six convicts here. One of the convicts is an ex-register of deeds of Gates county, and is sentenced for forgery.

Arrivals at the Park hotel: W T Meadows, Oxford; M O Selden, Baltimore; W T Tucker, N C; Daniel Wray, Asheville; J R Davis, Waynesville; G W Odell, Battle City, Montana; Mrs E P Dealing, Southern Pines; F Y Ramsey, Rocky Mount; R W Carter, Manchester, Va; C H Snow, Jr, Baltimore; F R Clarke, Cleveland, O; Jas E Condon, N Y; W S Stallings, Danville, Va; J H Mason, Wilmington.

Arrivals at the Yarboro: F W Hargett, Jacksonville; C V Johnson, Smithfield; J E Bathell, New York; W O Petty, Maury; J C Larkin, Goldsboro; A R Poushee, Roxboro; A A Martin, Norfolk; Edmond Jones, Lenoir; N Y Guiley, Franklinton; H W Brodnax, Asheville; James Graves, Durham; Chas O Moore, Asheville; S L Griffin Jr, Philadelphia; J R Koutner, Greensboro; D O Parks, Hillsboro; J B Perry, Yonkersville; J W Foutz, New York; L B Box Jr, Kinston.

Today's Richmond Dispatch says: "Senator Vance is yet unable to leave his residence, but he is getting along as favorably as could be expected. He is not suffering any pain, and is cheerful. His main difficulty is in not being able to walk. It is believed he will improve more rapidly after the weather becomes settled. The senate finance committee met yesterday but took no action on the nomination of Mr Simmons, collector of internal revenue. A motion was made to further postpone action, and it is said the motion was made by a senator known to be favorable to Mr Simmons."

## Motion for Mandamus.

Mention has been made of the fact that before the mayor on Monday afternoon there was a "church fuse" case. In the colored Christian church the conference placed a new pastor. The old one refused to surrender the church. So the matter came before the mayor. Messrs Harrie and Argo were the counsel for one faction. They asked the mayor to allow a jury in the case. The mayor told them there was no authority for a jury in his court. Today the attorneys above named went before the supreme court and made a motion for a mandamus to compel mayor Badger to allow a jury. The supreme court denies the motion.

## The New U. S Rifle.

The first lot of the new type of small caliber magazine rifles burning smokeless powder will, in a few days, be issued from the Springfield armory and placed in the hands of United States regular soldiers. The first fortunate recipients of the new arm will be several companies of the second United States infantry, stationed at Fort Omaha, Neb. All of the important military powers of Europe have, for some time, had these improved weapons in the possession of their troops. America, unfortunately, brings up the rear of the procession. But that is because a satisfactory form of rifle was not officially adopted until several months ago. Its manufacture has since been pushed with energy. The rifle itself is a Danish invention. It was selected after a thorough test of a dozen European and American arms submitted in competition. It embodies a radical departure from Springfield rifle now in use by the army and militia of the United States.
