There was a large attendance at the services at the Leesville Baptist church yesterday to witness the ordination of Mr. Wm. Chappell and Mr. Jackson. A good many persons from Raleigh and Durham attended.

Many improvements are to be made at Shaw university. The building now used at the president's house is to be torn down and replaced by a large and handsome one. The pharmacy building is to be increased in size.

J. J. Barker, a white man of Swift Creek township, was lodged in jail today. His wife preferred charges against him, swearing that he had threatened to beat her. A year ago she sent him to jail on the same charge. Unless he can give a \$100 bond he will have to lie in jail until September.

The savings bank occupied its new quarters today. There were many visitors and cashier Pullen and teller James Litchford received many congratulations. The vault is quite roomy and contains a fine safe. The walls are attractively painted and the ceiling papered. The furniture, in imitation of oak, presents an attractive appearance. The floor in front of the counters is covered with linoleum. There is a room for the use of the directors. All the arrangements are excellent. The work was all done here. The location of the bank is good.

## The Crop Report.

The weekly weather crop report says the weather has been favorable the past seven days for farm work, but that the too cool nights have checked growth. Until three days ago the temperature has been below the normal. Rain is needed everywhere. The amount of sunshine has been above the average. The weather forecast for the week ending May 7th is as follows: The weather next week will be very much warmer, and generally fair, though showers, probably in the shape of thunder storms, may be expected about the middle or latter part of the week.

## Weather.

For North Carolina: Fair. Warmer in northern and western portions. Local forecast: Tuesday fair, much warmer. Local data for 24 hours ending 8 a.m. today: Maximum temperature, 77; Minimum temperature, 46; rainfall, trace.

Synopsis: There has been a remarkable rise in pressure over the Atlantic states, especially in the north. This causes northeast winds and cool weather in the south Atlantic states. The pressure decreases to the west. The center of low pressure is over Nebraska. Heavy rains have occurred at a few places in the south yesterday. The temperature is high in the central part of the country.

## May Day Fete

Tomorrow evening at the academy of music thirty eight of Raleigh's charming girls will appear in a grand May day fete and maypole drill. This is one of the brightest cantatas ever presented by amateurs in this city and consists of three scenes of rare beauty. Miss Archer of Peace institute is the "May Queen" and Miss Lottie Williams the "Fairy Queen." The curtain rises on the first scene, a woodland, and the fairies with their queen in the midst asleep are frightened by the sudden coming of the "Queen of May" and her attendants and for awhile surrender their territory. In the second act the "Queen of May" assumes the fairies of her friendship and restores the "Queen of Fairies" to her throne. The fete has been arranged on quite an elaborate scale in every detail and as it is for the benefit of the King's Daughters it is hoped the attendance will be large. Reserved seats are on sale at W. H. King & Co's drug store.

## At Central M. E. Church

Yesterday was reunion day. Services were very interesting. Three persons were received by certificate. Miss Williams read the report of the woman's missionary society which has only 34 members and has received \$4.45 for mission. Miss Branson made the report of the ladies aid society which with 25 members raised \$9.75 a month. Little Bessie White read the report of the "Bright Jewel band," which has 53 members, and raised a snug sum to help the church. They sang "Tolling for Jesus." Miss Beulah Walker read the report of the junior department of the Epworth league, which has 29 members. Mr. W. N. Snelling, Sunday school superintendent, reported 259 scholars enrolled, with an average attendance of about 130. This year 91 new scholars have joined. Mr. T. C. Williams, treasurer of the board of stewards, reported \$875.25 raised for all purposes. The faithful pastor, Rev. D. B. Tuttle, has received into the church this year nearly fifty members, over twenty on faith and baptism. Among the future plans of the church is the building of a parsonage, which is likely to be done by October 1.

Ten persons were yesterday afternoon baptized at Pullen's lake, west of Pullen park. They had been converted at the recent revival at the West End Baptist mission. Rev. A. D. Hunter officiated. A large number of persons witnessed the ceremony.

## The Confederate Monument.

To the vice presidents of the Confederate monumental association of North Carolina:

Our work for the past year has been crowned with unprecedented success, so much so that we have accumulated a sufficient sum to deem it expedient to lay the cornerstone of our monument by the 23d day of May. We request that all persons in the state holding money for the association will send in the same before that date that a report may be made, and we can best determine how to proceed with our work. Our last legislature, composed of men, whose noble instincts will engrave their names in their hearts of all North Carolinians as typical representatives of southern manhood, appropriated \$10,000, which is still bearing good interest. From the mountains to the seashore the ladies have worked with a zeal which can only be thoroughly tested when enlisted in behalf of the southern cause. Many of the men to whom this monument will be erected laid down not only their lives, but names, not a link remaining to connect them with the present and we trust this monument will be as the sacred Labarum which guided the Romans to show to the world the pride we felt in southern soldiers.

The grand council of the Royal Arcanum meets at 10 a.m. Wednesday. At 9 o.m. the banquet at the Yarboro will begin.
