HINTS TO BUSINESS MEN!

Good advertising consists in the selection of a few strong, quick sell specialties, to stand as the representatives of your stock in price, pattern and quality. No tradesman need lack for a specialty. Let specialties sell staplss always and try to take rank among your competitors as one who is the quickest to recognize a good thing and the first to sell it.

Invite patrons to come and see you. The great advertisers of the country never cease reminding the people of their names, location and nature of business. Advertising is an investment and newspaper advertising columns are a boon to man. They help him out of his troubles and into the smiles of prosperity. The Pennsylvania railroad advertises exclusively in the newspapers. There is not a great business that has been built in the past twenty years without the aid of newspapers.

This age is too bustling and competition is too great for the merchant to allow himself any longer the luxury of waiting supinely behind his counter for trade. He must show in advance of the purchase just what he has to sell and how he intends to sell it, and a persistent publication of his wares is the means by which such showing can be made

Frank Siddall, the Philadelphia soap man, says: "I have confined my advertising entirely to newspapers. The man who does not read a newspaper does not use soap."

Interesting News Notes From Here and There.

The Newbern knitting mill has added to the variety of its products, and in addition to the grades of hosiery it has been placing on the market, it is now getting out a beauti half-hose from fine long staple cotton in several colors; and corresponding makes in lisle thread.

Quarter-master Harrell, of the state troops, and Capt. T. W. Jones, of the U. S. A., have been at the encampment grounds, at Morehead City, to lay off the rifle range, making it nearer to the camp grounds.

Commission men are warning North Carolina truckers not to send in their potatoes too young. They say wait until they are matured and good prices are in store, while potatoes too young can only be sold at prices greatly below quotations.

Hungarians and Negroes Fight.

MOUNT PLEASANT, Pa., June 4 .- This

town had a lively experience Saturday. A gang of Slav strikers attacked some of the imported Virginia negroes who were passing along a street in the centre of the private resident portion of the town. The negroos emptied their revolvers at the Slavs, but, being poor marksmen, did no more serious damage than break a number of windows. When their ammunition failed the negroes fled and escaped. The Slavs were infuriated at the loss of their prey, and another colored man happened along at the time they rushed at him. He ran into the grounds of a private dwelling, but was overtaken and beaten terribly. The blood-covered victim managed in some way to break away and ran to the house of Mrs. Frank Washabaugh. who opened the door of her dwelling. and he fell within. The plucky woman forced back the mob at the muzzle of a shotgun and held the fort until deputies were run np from Moore Wood. Six prisoners were taken by the deputies and lodged in Greensburg

Trees Thousands of Years Old.

From Notes and Queries. The Soma cypress of Lombardy is, I believe, the oldest tree of which there is any authentic record. It is known to have been in existence in 42 B. C. There are, however, many trees of which a vastly greater antiquity is be drowned, as they are quite too lazy claimed. The Senegal baobabs-some of them are said to be 5000 years old. The bo tree of Anuradhaqura. in Ceylon, is perhaps the oldest specimen of another very long-lived species; it is held sacred upon the ground that it sprang from a branch of the jel ilentical tree under which Buddha reclined for seven years while undergoing his apothessis. The oake is known to be a long liver, and there are specimens still standing in Palestine of which the tradition goes that they grew out of Cain's staff. The hawthorn, again, sometimes lives to be very old: there is said to be one inside Cawdor Castle of an "immemorial age." The cedars of Lebanon may also be mentioned, and there are, according to Dean Stanley, still eight of the olives of Gethsemane standing, "whose gnarled trunks and scanty foliage will always be regarded as the most affecting of the sacred memorials in or about Jerusalem." Tore Down a Cleveland Flag. ALTMONT, Ill., June 4 .- N. M. Sapp today filed a complaint against H. H. Brown and S. L. Ranney, two prominent business men of this city, for tearing down a flag on decoration day that had the names of Cleveland and Stevenson on it. The men tore the names off and stamped upon them. They are prominent G. A. R. men, and will have to answer in court for their action.

The net profits of the Suez canai last year were \$8,000,000, and yet there are people in this country who pretend to believe that the construction of the Nicaragua canal is a scheme to involve the national finances and to bankrupt Amercan capitalists.

Two of the greatest trusts in the world will probably soon arrange to divide the earth between themselves, so far as their own commodity is concerned. The Standard oil company of the United States and the Russian oil monopoly directed by the Rothchilds are likely to divide the world's market, so that they will cease to be competitors.

A Sheep in Wolf's Clothing.

A suspicious-looking stranger, while witnessing an operatic performance in Bordeaux, France, was quietly approached by two detectives and requested to accompany them to the police station. He was supposed to be an anarchist. He had on a wig and false whiskers. He proved to be an funocent clergyman, who is fond of opera, and had thus disguised himself to escape recognition by his pious friends.

Surgical Diet.

What is known as surgical diet is worth trying once in a while for the comfort of the stomach and complexion. It includes milk and bread and butter, broiled beef, old mutton, eggs, and prunes. Milk, butter and eggs are regarded as the best animal foods, because less force is expended in their digeston, an important item in medical and surgical work.

Specimen Cases.

8 H Clifford, New Cassel, Wis, was troubled with neuralgia and rheumatism; his stomach was disordered, his liver was affected to an slarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles o Electric Bitters cured him.
