

MERRY OAKS NEWS.

Points Picked up in Southwest Wake.

MERRY OAKS, July 3, 1894.

Correspondence: Mr. J. W. Maynard is making some improvements on his dwelling.

Mr. Charles E. Johnson, of Raleigh, made a short, but we think pleasant, visit to our village this week.

Mrs. R. J. Yates and Miss Florence Hargrove left today for Colon to spend a few days with Mrs. W. S. Yates.

Rev. J. C. Wilson, who lived four miles north of here, died last Sunday of heart trouble. He, with his brother, were on their way to Shady Grove church and he was taken near the house of Mr. J. D. Richardson and reaching there he went in, lay down and died at once. He was about 80 years old and been for more than fifty years an able and faithful minister of the missionary Baptist church.

Mr. J. B. Goodwin, of Hamlet, and Mr. R. C. Goodwin, of Durham, returned to their homes today, after a few days' visit to their father, Mr. O. M. Goodwin. Etc.

Pierced by a Red Hot Steel Rod.

NEWARK, N. J., July 2.—Lawrence Hart, 25 years old, was pierced through the body by a hot steel rod yesterday and died tonight. His duty was to catch, with a pair of tongs, a bar of red hot steel which his comrade passed through grooved rolls, and then pass it back again through the next smaller groove. This operation is repeated again and again until the bar is reduced to the required diameter. Yesterday afternoon the men were rolling oval steel rods of something more than an inch in diameter. Hart had just passed a bar through the rolls, when he discovered something wrong with the part of the machinery that serves to guide the hot rods into the grooves. He laid the tongs aside and bent to adjust the guide. Having done so, he straightened up in position and Fanneu started the rod between the rolls. At that same instant Hart, unaware that the rod was again going through, bent over to look at the guide. As he did so the shaft of hot metal shot from between the rolls and struck his body just below the ribs, near the right side, the force of the blow lifting him from his feet. Then, according to the statement of a fellow workman, it was driven clear through the body of the unfortunate man, until several feet of it protruded from his back. His comrades rushed to his assistance, and with some effort pulled the bar back through the wound. The injured man displayed wonderful fortitude, and never lost consciousness for an instant.

A Pointer for You.

Are you a subscriber? Do you take THE VISITOR? If not, now is a good time to do so. THE VISITOR has ALL the city news, has the LATEST city news, has the BEST city news of any paper published in Raleigh. If you get a copy read it and subscribe for it. If you are a subscriber show the paper to your neighbor. Drop us a postal or send your number and street to this office. The manager will do the rest. Try it one month. "THE VISITOR leads, never follows."

To the People of Raleigh.

Last week an appeal for help was made through the papers for the benefit of the many sick near our community. Only a few have so far contributed and the amount given is far short of the amount required to help those in distress. We are in a position to know the needs of those for whom aid is asked. If any people need help they surely do. Unless there is a more favorable response to this appeal we recommend that a committee be appointed at once to visit our citizens and request aid. Contributions can be handed in to Mr. Jno. T. Pullen at the savings bank.

OLD NORTH STATE.

Interesting News Notes From Here and There.

The King's Mountain tin company has been reorganized and has started to work in earnest. The Charlotte News says a shaft is now being sunk by a large force of hands.

The teachers' institute for Rowan county will be held for one week, beginning August 6th. Dr. Charles Melver, president of the state normal and industrial school, will conduct it.

Yesterday afternoon at Salisbury Mr. S. H. Wiley went home at the usual hour, ate a hearty dinner and then started up town, stopping for a few minutes at the house of a neighbor. While standing in the door talking to a lady Mr. Wiley began to tremble. The lady inquired if he was sick and asked if he did not want a chair to sit down. He replied "no," and immediately fell to the floor of the porch. The Herald says that assistance was called but when it arrived life was extinct.

America's Big Day.

Of Course We Mean the 4th of July.

The people here will not celebrate it in as fine a style as usual so far as fireworks are concerned. But two things will happen on that day. First, the street cars will begin to run again. Second, BERWANGER BROS. will give the public the advantage of the Biggest Bargains on record. So after all Raleigh will have reason to remember the Fourth.

The Mother's Friend!

This is the name of our celebrated Shirt Waist for the season of 1894—the best and most useful ever invented.
