Great Clearance Sale.

With the departure of June and the beginning of July the spring of '94 will be history—its most important event, the great clearing sale at Swindell's department store. We won't speak of the weather but of the highest grades of dry goods, in many instances less than cost.

"Make hay while the sun shines" is a maxim to be applied with peculiar force to the dry goods business.

But "haymaking" time has passed and for the next sixty days 20 per cent, 25 per cent, 50 per cent, and often more, will drop from the prices in all our 15 departments; but patrons will buy cheaply, our stock will be reduced.

The object desired will be secured at Swindell's Department Store.

Who Said That

If the other half of Raleigh would follow the example of the well clothed it would be better dressed. Swindell's Department Store.

Successful storekeeping does NOT mean gigantic profits—it means doing business, continually, constantly selling reasonable goods and even at a loss, before holding them over for many months. We are successful storekeepers and will sell thousands of dollars worth of reasonable stuffs at even less than cost while you most want them. This is the argument for the great July clearing sale at D. T. SWINDELL'S.

REX HOSPITAL.

Some Notes Gathered there to Day.

A VISITOR reporter visited Rex hospital this morning and through the kindness of Miss McLeester had an opportunity of looking over all the whole buildings. All the departments from the kitchen to the wards, are kept in perfect order and the comfort of the patients is looked after in the best possible manner. Besides the matron, Miss McLeester, there are two white nurses, Miss Eva Palmer and Miss Bessie Mordecai, and one colored nurse. Since the hospital opened, about six weeks ago, there have been 53 patients received, of whom 20 have either recovered or are convalescing and 3 have died. The 3 deaths were of persons for whom all hope had been given up before they were taken to the hospital. There have been several cases of typhoid fever treated, all of which are now convalescent. At present there are 6 patients in the white ward and 2 in the colored. Of these only one is critically ill, Mr. Thomas Cox, whose arm was, as reported in yesterday's VISITOR, crushed at Sanford on the 31. It will be necessary to amputate his arm but the unfortunate young man has never recovered from the shock and since he has been at the hospital has been in too dangerous a condition to undergo an operation. While the reporter was at the hospital a consultation was being held by five physicians in this case. The hospital is doing a great work and its record since its opening has been a remarkably good one. It is complete in all its departments and is an institution Raleigh should be proud of.

Raleigh Democratic Primaries.

Mr. L. S. Ellison, chairman of the democratic executive committee of Raleigh township, gives notice that the primaries will be held tomorrow evening at 8:30 o'clock, to elect delegates to the county convention July 14. The primaries will be held at the following places:

- First ward, court house. Second ward, Williamson & Rankin's warehouse, corner East Davie and South Blount streets. Third ward, mayor's office. Fourth ward, office of register of deeds. Fifth ward, Metropolitan hall. Outside east, room over mayor's office. Outside west, office of superior court clerk.

To the Citizens of Raleigh

The Raleigh merchants generally here agreed to close their places of business Saturday at 10:30 o'clock sharp. We trust all our citizens will conform to this movement by making early settlements with servants and by making all their purchases Saturdays before the hour of 10 o'clock p. m. This is in the interest of our business men and of the clerks and employees who serve the public all the week and who should have the privilege of a good rest Saturday night. The list of merchants closing at 10:30 p. m. or before on Saturdays will be published. Respectfully, THE PASTORS OF THE CITY.

The Cultivated Blackberry.

Under good cultivation the blackberry develops qualities far superior to the uncultivated. It becomes large, fuller of meat and juice, and is remarkably free from the eggs of obnoxious insects. It has but few seeds compared to the others and for canning and making wine there is no comparison. There is a considerable amount planted around Raleigh but it is learned the glut in the market has brought the price so low that it is unprofitable to raise them further. One grower allowed his to stay in the field rather than market them at present prices, which are below cost.

DIED OF LOCKJAW.

Mr. Andrew Syme Expired Last Evening.

The sad news of the critical illness of Mr. Andrew Syme excited much sympathy. The lockjaw which caused his death began Tuesday night. He was kept under the influence of chloral, &c., and hence the intense agony of lockjaw was mercifully spared him. Death resulted soon after 9 o'clock last evening. Mr. Syme was greatly esteemed here, as a quiet and honorable citizen. He was 53 years of age and was born at Petersburg, Va. He came here in 1856. He was clerk in the office of the secretary of state several years and was a clerk in the Citizens' national bank. Since resigning that position he was engaged in the insurance business and was for a long time public administrator in Wake. His first wife was a daughter of governor Bragg. His daughter, Blanche, is married to Mr. Chas. M. Gilliam, of Petersburg. His second wife was Miss Annie Bryan, daughter of Hon. John H. Bryan, of Raleigh, who with three sons survives him. The funeral took place from Christ church at 6 o'clock this evening.

The railroad fare is the lowest ever authorized from this territory to any Canadian point. The rates to Toronto and return will be from Raleigh \$23.45. They were brought here this afternoon by the deputies and given a hearing before U. S. commissioner Vitruvius Royster.

Important Meetings.

Correspondence: It is important that there should be a full attendance at the democratic primaries to be held Saturday evening at 8:30 o'clock. Several important questions affecting the interest of all candidates it is understood will be considered. A resolution will also be introduced, I am informed, to have the odious unit rule enforced in the primaries and in the county convention. This rule is known as the gag-law. It is dangerous politics. Let us have harmony. FAIR PLAY.
