HINTS TO BUSINESS MEN!

Good advertising consists in the se lection of a few strong, quick sell specialties, to stand as the representatives of your stock in price, pattern and quality. No tradesman need lack for a specialty. Let specialties sell staplss always and try to take rank among your competitors as one who is the quickest to recognize a good thing and the first to sell it.

Invite patrons to come and see you. The great advertisers of the country never cease reminding the people of their names, location and nature of business. Advertising is an investment and newspaper advertising columns are a boon to man. They help him out of his troubles and into the smiles of prosperity. The Pennsylvania railroad advertises exclusively in the newspapers. There is not a great business that has baen built in the past twenty years without the aid of newspapers.

This age is too bustling and competition is too great for the merchant to allow himself any longer the luxury of waiting supinely behind his conn ter for trade. He must show in advance of the purchase just what he has to sell and how he intends to sell it, and a persistent publication of his wares is the means by which such showing can be made.

Frank Siddall, the Philadelphia soap man, says: "I have confined my advertising entirely to newspapers. The man who does not read a news paper does not use soap."

The motion of Mr. Gorman that the tariff bill should be sent back to conference without instruction was adopted by a viva voce vote.

The house labor committee today ordered a favorable refort on the Springer bill, creating a national board of arbitration for settlement of all labor troubles, strikes, etc.

With the democratic masses and the president on their side, the democrats of the house ong'it to have spunk enough to still to their ground in their fight with the senate.

The casualty list of the Chicago riots was twenty-six killed, sixty-one injured. This is the result of a strike which, according to testimony just presented in court, nobody ordered and which had no directing leaders.

"Gen." Coxey is urging the tramps he finds sleeping on the benches in the parks of New York to go to Washington and fill the parks there in order to bring a pressure upon the government. This makes Coxey a boss tramp.

An English electrician who has been experimenting with watermelons reports that he obtained from a number of them a current powerful enough to ring a bell. Perhaps it was a doctor's bell two or three hours after the ex-

An ocean trip to Europe and back can be made now for \$18.64 if the passenger is willing to travel in the steerage. The worst thing about these low prices is that the anarchists about be driven from Europe will flock to this country, and it will be impossible to single then out unless new restrictions are put in in force.

The mails for months have been weighted down with worthless tariff speeches, Over 5,000,000 speeches have been franked by members this session. A Cleveland member has sent out 1,000,000 copies of his speech on the income tax, and a Michigan member has mailed 200,000 copies of his tariff speech.

The Atlantic & Danville, a railroad running from Danville to Portsmouth, is to be tied up today. The men who He and His Son Jesse Leave the Army to recently purchased it have ordered a reduction of ten per cent. in officers' salaries, and 25 per cent, in the wages THE VISITOR, by carriers in the city, of engineers and other employees. Chief Arthur, of the brotherhood of locomotive engineers, will be on the than to submit to the reduction.

> France, which Zola has lately advertised in such a graphic way, is soon to be visited by a party of 150 persons from Brooklyn. Among the number are several paralytics, and 700 written petitions are to be taken along for the cure of diseased persons who can not make the journey. It remains to be seen how many miracles will re salt from this American pilgrimage, which has been blessed by Satolli and otherwise put in the way of expecting remarkable things.

The statement that war has been declared between Japan and China is generally accepted as correct. The Japanese victory, wherein a number of Chinese transports were sunk, was gained on Wednesday. The Chinese loss of life was very great. There were eight or ten of the transports with 12,000 troops on broad. Most of the troops abroard them were coolies, with bows and arrows. The Korean king has been taken prisoner by the Japanese and marines have been landed from the Baltimore to protect the American legation at Scoul.

The railway commission has made return to the state treasurer and auditor of the assessed value of all railway, steamship and telegraph property in the state. The total amount is \$24,565,611.58. The systems of railways are assessed as follows: Atlantic Coast Line, \$6,679,152; Southern, \$5,221,361; Seaboard Air-Line, \$4,749,584; miscellaneous roads, \$7,388,392; Pullman car company, \$67,909; steamship companies, \$240,-000: telegraph companies, \$209,045. The increase of asssessment over last year is \$327,000. The North Carolina railway is assessed at \$1,802,869; the same as last year. This is on the capital stock and other property. The road-bed is as yet exempt from taxa-

Commissioner Fitzgerald of the Asociated railways of Virginia and the Carolinas was interviewed yesterday in reference to the report that freight rates in the south would be increased 200 per cent. after August 1, and explained that there would not be an inrease above the old rate. A CHURCH FIGHT.

This is How the Minnesota People Do.

NORTHFIELD, July 27 .- The proracted war between church factions culminated tonight in a terrible fight with clubs and guns. Robert Workman and William Barnhart were badly beaten and probably fatally wounded. Charles Graham and Reuben Page were badly hurt. This feud has been going on for three years. It was caused by a school house being used as as a church by the Methodists and Presbyterians of three districts the trustees being church members The keys of the building were given to the church people. An altar was erected and Bible verses were hung upon the walls. Wood and oil have been used for three years past at the expense of the school district. A successful effort was made last night to remove a majority of the school board at a school election. This would result in throwing out the altar and discontinuing the use of the schoolhouse as a church. The chairman refused to acknowledge the result, claiming that those who elected anti-church of ficers did not believe in God and they ought not, therefore, to count. The old church board refused to give up the keys, and the courts will be re

HYATTSVILLE, Md., July 27 .- Gen. Coxey has left his followers to look out for themselves as best they may. He told his half-starved adherents at scene today.
