A CHALLENGE!

A GRAND SHOWING MADE BY THE SOUTHERN. Here are Some Facts for Business Men to Read. One member of the "Southern" Raleigh Branch has paid \$750 in monthly instalments...

Another member who had paid \$312 and wanted his money, got it and \$67.05 more than he paid in. I sold this stock right here in Raleigh didn't even have to withdraw it... Have you been paying interest for several years and still owe the same? Don't you want to pay off your mortgage and not miss the payments?

Another party wanted \$200 a few days ago. I placed his stock, which is drawing 10 per cent interest, as security and got him \$200 for ninety days, at only 8 per cent, which is a net profit of 2 per cent to him, even during loan.

Now, did you ever own any stock in other Building and Loan Associations and try to dispose of it and get left, and take less than you paid in? If so, I simply mention these facts to show you, as a sensible man, that it is to your interest to be in the "Southern."

THE BEST—NONE AS GOOD. The best and safest investment that can possibly be made. I will leave it to your good sense. Call and see for yourself. I will show you over 100 of Raleigh's best citizens who have subscribed to Seventy-Five Thousand Dollars worth of the Southern's stock.

Wake County Mormons. About two years ago there sprang up in Wake, particularly near Oberlin, a queer religious sect composed of colored people who called themselves the "Hollies." Their belief was very similar to that of the Mormons...

THE SOUTHERN, of Knoxville, Tenn. CHAS. C. McDONALD, Sec'y. and Treas. Raleigh Branch.

GOOD WORK BY THE NAVAL RESERVES.

Charlotte made a good record at Southport last Saturday in the gun practice of the naval reserves. The Messenger says that four men were despatched aboard the cruiser Montgomery to man her secondary battery at target practice. The hulk of a wrecked schooner lying on the marsh opposite Southport was used as a target, and forty-eight rounds were fired by the men, making two shots for each. The men handled the five-inch guns with telling effect and rattled the old wreck with shells.
