

A CHALLENGE!

A GRAND SHOWING MADE BY THE SOUTHERN.

Here are Some Facts for Business Men to Read.

One member of the "Southern" Raleigh Branch—has paid \$750 in monthly instalments, and can tomorrow, if he wants to, withdraw \$906.25—a clear profit of \$156.25. Show me any other association who can beat this.

Another member who had paid \$312 and wanted his money, got it and \$67.65 more than he paid in. I sold this stock right here in Raleigh—didn't even have to withdraw it—and the party who bought it made \$75.00 in clear cash as to maturity. He promptly said, "give me ten more shares and started again; and he is one of the best business men and owns property up into the thousands. Sensible man—none like the Southern. ARE YOU MORTGAGED?"

Have you been paying interest for several years and still owe the same? Don't you want to pay off your mortgage and not miss the payments? I will let you have the money and give you seven years time and only charge you 6 per cent interest. Call on C. C. McDonald.

Did you know that it is a fact and can't be contradicted that when you borrow money from some B. & L. Associations you agree to pay monthly until stock matures and in this way will pay between two and three hundred dollars more than you will pay if you call on C. C. McDonald, who will give you a definite contract. You know exactly to a cent what you may expect to pay and you make so many payments and no more.

Another party wanted \$200 a few days ago. I placed his stock, which is drawing 10 per cent interest, as security and got him \$200 for ninety days, at only 8 per cent, which is a net profit of 2 per cent to him, even during loan. I challenge any association which can do as well as the Southern to deny these facts.

Now, did you ever own any stock in other Building and Loan Associations and try to dispose of it and get left, and take less than you paid in? If so, I simply mention these facts to show you, as a sensible man, that it is to your interest to be in the "Southern." I can show you some stock which has been running three years and on which \$123.50 has been paid in and on which the Building and Loan offers \$111.68. Isn't this liberal. Suppose this same stock was in the Southern of Knoxville, what would it be worth in cash today? \$142.02—\$18.52 more than was paid in. None to equal the Southern.

NO BETTER—NONE AS GOOD.

The best and safest investment that can possibly be made. I will leave it to your good sense. Call and see for yourself. I will show you over 100 of Raleigh's best citizens who have subscribed to Seventy-Five Thousand Dollars worth of the Southern's stock. I will show you an investment of one of Raleigh's best financiers and one of her wealthiest citizens, who has \$1,000 of paid-up stock. "Plunked down the cash" at one time, and considers it one of his best and safest investments. I will show you 50 shares of stock taken by another of Raleigh's best citizens, one who you will acknowledge knows how to invest and where to place it. He pays \$30 per month and in seven years will have \$5,000, and will only have paid \$2,540. "Are you in it?" If not, and "don't want to get left," call and take five, ten or twenty shares. Sold 90 shares to three men since July. "They will have it," and walk up and take it; don't even have to look them up. You never hear, or ever will, of any one giving up the Southern for any other association, but I can give you some "eye openers" of those who have come out of others and taken stock in the Southern.

The Southern does not loan on its stock, but if you want any money you can get EVERY CENT you have paid in and interest besides. Recollect you NEVER lose anything in the Southern. You can draw out in six months if you want to, and if you want to re-enter you are not charged one cent additional; after paying one admission, you go in free afterwards. You can withdraw at 10 per cent interest additional to your monthly payments after stock is twenty-four months old. Show me a better or safer investment and I will recommend it. Believing the Southern to be the best means of your saving something and paying you a handsome profit (75c. per week will carry five shares, and in seven years you have \$500) than any other investment, I cheerfully recommend it to the citizens of Raleigh as safe, sure and secure. Three million, five hundred thousand and six hundred dollars deposited as security for its stockholders. What more can you ask? Where can you find as much? Call on C. C. McDonald and get some of the Southern literature which fully explains, so that a child can understand. No wild cat attachments. No evasion of facts. Issues a statement every six months showing to a cent how much your shares have earned, how many shares sold, how much has been paid in on each share, how long in force, &c.

THE RACES TO-DAY.

Prince Albert, Wilful Winnie and Clipper Today's Winners.

The attendance at the races today, although not by any means what it should have been, was a great improvement over that yesterday. The races, in point of both time and finishes, were also an improvement. The first race—the 3-minute class—was won with ridiculous ease by Prince Albert in three straight heats. Lily Medium was second and Rob Roy third. Four three year olds were entered for the second race but only two started. Pat Cleburn was scratched and Baronet was withdrawn, by consent of the judges and the association, on account of an accident yesterday. Wilful Winnie won easily. There were five entries for the free-for-all but only three, Clipper, Maggie Watkins and Cok Robin started. The free-for-all took place at 4:30. Clipper undoubtedly won.

Summary: 3-minute class.
Prince Albert 1 1 1. Rob Roy, 4 4 2.
Lily Medium, 2 2 3. Nellie Payne, 3 3 4.
Time, 2:49, 2:50, 2:50.
3 year old race: Wilful Winnie 1 1 1.
Kittie Hawk 2 2 2.

A HORRIBLE DEATH.

A BANK PRESIDENT COMMITTS SUICIDE.

He Leaps From the Top of the Richmond City Hall.

Mr. J. M. Winstead, of Greensboro, committed suicide this morning by leaping from the new city hall at Richmond. He was a prominent, wealthy and influential citizen, and was about 65 years of age. He was a native of Person county, but had lived in Greensboro for the last twenty years. At one time he was internal revenue collector of the western district. After the term of Gov. Scales had expired he and Mr. Winstead organized a banking company under the name of the Piedmont national bank, Governor Scales becoming its first president and Mr. Winstead being cashier. Upon the death of Governor Scales Mr. Winstead became president. The bank is in a good condition and business troubles had nothing to do with the suicide. Mr. Winstead leaves no family but has a brother, C. S. Winstead, who is also in the banking business at Roxboro. He was the stepfather of Mrs. Branch Merrimon. The city hall is a very lofty building and fronts on Broad street, its rear facing the capitol square. The lofty clock tower is on Broad street, and is nearly 200 feet high. The News and Observer issued an extra this afternoon about the horrible affair, which says Mr. Winstead jumped from a point 180 feet above the ground. In falling he struck an iron railing which extends around the building and was dismembered. Both legs were torn off and were left hanging only by shreds. He had on his person money and bonds amounting to about \$9,000. No papers were found giving the cause of the suicide. When he approached the janitor of the building he appeared to be laboring under great mental excitement. In falling he came near striking a negro boy who was passing along Broad street and who looked up to see the time of day and saw the body in the air. Mr. Winstead arrived at Richmond last evening and was stopping at Ford's hotel. The tragedy occurred about 8:15 o'clock. Mr. Winstead first pulled off his shoes and coat and threw them down.

On to Victory.

The Raleigh baseball club left this morning for Henderson to tackle the team there. The following men compose the Raleigh team: Bring (captain), Crawford (manager), Taylor, Mills, Primrose, Briggs, Malone, Little, Pope and Mabry. The boys say they will win if good, honest ball-playing and hard preparatory work will do the trick. The game will be called at 4 p. m. and a win by a large score is predicted. Several games have practically been arranged, and as soon as Athletic park is in condition the dates will be announced. The games so far in sight are with the university law school two games, Wake Forest, two games, and a return game with Henderson. When they are played Raleigh people should encourage their team by a large attendance.

Political Points.

On the 330th ballot, the democrats of the sixth district at Lumberton today nominated James A. Lockhart of Wadesboro for Congress. As was predicted, the contest was a long one. There were five candidates for the nomination. All last night the balloting went on. At 7 o'clock this morning the convention took a recess, to get breakfast. At that hour the contest was narrowed, being between Lockhart and John D. Bellamy of Wilmington.

The statement is made that Rutherford, the county of chairman J. B. Eaves, republican state chairman, who is at the head of the anti-fusion movement, declares in favor of fusion.

It met at Metropolitan Hall this Morning—Another Meeting this Evening.

This morning the meeting in the interest of good public roads began, at Metropolitan hall. Dr. R. H. Lewis was called to preside temporarily, and was later made permanent chairman. Messrs. W. C. McMakin and Hal. W. Ayer were elected secretaries. The following committee on resolutions was organized: Joseph A. Holmes, of Orange; W. L. Kennedy, of Lenoir; W. H. Hatch, of Chatham, and R. G. Dunn, of Wake. Dr. Lewis made a very pleasant speech of welcome to the visiting delegates and took occasion, in his usual forceful and direct way, to speak of the absolute need of good roads. Mr. W. H. Hatch, of Chatham, replied, in an interesting speech. Mr. S. J. Tally spoke, expressing his sympathy with the movement in the interest of good roads. Mr. Kennedy spoke on "stockades" for use by convicts and the importance of having portable houses, &c. One of the best talks of the day was by Prof. Holmes, this being on the best methods of road construction. Mr. W. G. Upland spoke of the advantage of good roads from a practical standpoint, and was followed by Capt. B. P. Williamson, who talked most earnestly on this subject in which he takes a deep interest. Mr. W. G. Allen discussed the amount of tax required in each township to meet the expenses of making good roads. Mr. W. C. Stronach spoke on roads and road taxes, on the value of good roads and the sentiment of the country regarding them. Mr. Patterson, of Durham, described the methods of road construction in that county, and Mr. Scott, of Franklin, told about that county's bad roads. Rev. G. W. Newell discussed permanent improvements. Mr. J. A. Kelley, of Vance, said he was present to obtain information in order that that county might begin the good work of road improvement. Mr. Charles M. Parks, of Orange, compared its bad roads with the improved ones in Raleigh township. Mr. Horne and Mr. Renn, of Granville, spoke of the permanent improvement of Oxford's streets, and Mr. Hockaday, of the same county, was an earnest advocate of good roads. Dr. A. W. Knox told of the improvements in Raleigh township and of the great relief the improved roads afforded. Mr. W. J. Hicks of this city and Mr. R. M. Farman, of Buncombe, spoke on the advantage of good roads to the country people and the advantages of the issue of bonds as a means raising funds. Prof. Holmes spoke in favor of bond issues, as did also state labor commissioner B. R. Laey. At 1:30 o'clock the meeting took a recess until 8:30 this evening, when it will meet in the senate chamber in the capitol.

Nailed to a Tree.

FLAT ON THE FLOOR.—You want a carpet of some kind this fall. You may want more than one; but listen to me once in your life. Don't buy the carpets until our new ones come. The tariff bill has passed and carpets are reduced wonderfully. We have been waiting for the passage of this bill so we have not bought any carpets. Most merchants went straight on and bought carpets and had them shipped right out regardless of the tariff and they will try to argue you into believing the tariff don't affect carpets right away. This is not true. In 10 days from day of passage it goes into effect and you can save one quarter of the price of your carpet if you let good sense prevail. We will have a stock of carpets such as you rarely see. Our buyer is to go to New York this week for carpets. Yours truly,
D. T. Swindell.
