It will be three weeks before the new dormitory at the A. and M. college is finished. Meanwhile the students are rather cramped for room. The annex to the forge shops and wood-working department is nearly

NEW REGULATION PERSONAL POINTS.

In Reference to City Charity Prescriptions.

The board of aldermen has amended the city ordinance in regard to charity prescriptions by adding the following:

"And in no case shall a physican mark a prescription 'harity' unless the patient for whom said prescription is written is absolutely destitute of sufficient means to pay for the said prescription, and is out of work and without any visible means of paying for it, and the mayor, chief of police and city clerk shall have power to refuse to sign prescriptions of any physician who sends in prescriptions for persons who, do not come within the meaning of this ordinance."

The board adopted a resolution, offered by alderman Frank Stronach, providing that whereas Raleigh has The seventh district republicans appropriated to the Rex hospital \$2 .yesterday nominated A. C. Shuford 000 per annum, payable monthly, to aid in its maintenance, and whereas the charity prescriptions now filled by the city for patients in the hospital are about one-third of the whole charity prescriptions of the city; from and after the 10th of this month the city will not supply medicine for patients in the hospital.

STREETIMPROVEMENT

The Street Commissioner Says

Work is Soon to Begin. It now seems that Raleigh will eventually have what the city has for a long time sorely needed-good streets. Mr. Frank Stronach, chairman of the street committee, was seen today and said that about October .1 the work of macadamization would begin on Fayetteville street from the point where the pavement stops to the Centennial school. Later West Hargett street will be paved with belgian block as far as South Salisbury street. The force is now at work opening North street, beginning at the intersection of North and North West streets and extending to Saunders street. In time every street in the city will be either macadamized or paved and Raleigh will have made one more step towards what, her enterprising citizens aspire to make her, the most prosperous city in the state. The work of improvement has been thus far so slow as to be a ach to the authorities

FOOTBALL PAYS.

Mr. Zeb. Andrews So Finds Anyhow.

Mr. Zeb. Andrews can congratulate himself upon his fine physique, for, besides being a very good thing to have it has in his case brought him quite a neat sum of money. Mr. Andrews, who weighs 230 pounds and is strong in proportion, some time ago visited Durham. His build attracted the attention of the Trinity college football "cranks" and since that time they have been corresponding with Mr. Andrews in regard to his playing next season on the Trinity team. An offer was made him of tuition at the college, board and, last but not least, \$700 in cold cash, Mr.W. A. Green, a trusty ball'player, came from Durham today to perfect arrangements with Mr. Adndrews.

A FINE OPENING.

WANTS TO BE KING.

The Bishop of an Historic Colony Declares His Rights.

The people of Andorra are in a state of great excitement. The bishop of Urgel has issued a pastoral letter claiming that he is sole ruler of Andorra, and that he will no longer admit the suzerainty of France. Andorra is a neutral country, with the name of a republic, situated on the south slope of the Pyrenees. Its area is about 150 square miles. Andorra's government consists of 24 consuls elected by the population, which numbers about 12,000. Up to the present it has been subject to the suzerainty of France and of the bishop of Urgel, the independence of the little state dating back to the time of Charlemagne, in 790. The inhabitants are mostly shepherds, who speak the Catalan language.

COTTON CROP NEWS.

All Agree that There is a Falling Off.

A reporter has talked with several persons here in regard to the cotton crop outlook. One large dealer says the crop is not nearly so large as it was thought 30 days ago it would be. He says he never knew a great crop raised with so much weed as there is this year. He declares his belief that prices will not be any lower than they now are, as the opinion has been that the crop was to be the biggest on record, and hence it has been discounted, while it will not come up to expectations. Another buyer says that there is very little old cotton now left in this section. He says that in Wake county, for instance, on the stiff clay lands, cotton is Inot so much damaged. It is alleged that in Johnston county the damage is 15 percent, the general damage on light sandy lands being 15 to 20 per cent., if reports be true. Mr. Daniel Stewart, a well known grower in Harnett county, says the damage there is 15 per cent., owing to the excessive rains the first half of August. The commissioner of agriculture says the crop will be no bigger than the last one, and adds that the reports of damage by excessive moisture range from 25 to 50 per cent.

State Horticultural Society. The 14th annual meeting of the state horticultural society will be held here October 25th in the office of the N. C. agricultural experiment station. Papers will be read and addresses made by prominent fruit and truck men; election of officers for the ensusing year and other important business will be transacted. The meetings of the society are open to all. Owing to the failure of the early fruit crop this year the annual fruit fair of the society had to be omitted. The state agricultural society has therefore undertaken to offer specially generous premiums in its horticultural department, including two premiums of \$25 and \$15 for the two best exhibits made under the auspices of the district vicepresidents of the horticultural society. The district vice-presidents are Allen Warren, Greenville; O. W. Blacknall. Kittrell: T. B. Parker, Goldsboro; B. P. Williamson, Raleigh; J. S. Carr, players, will be seen in this city Durham; R. B. Caldwell, Charlotte; at the academy of music this N. W. Craft, Shore; C. J. Cowles,
