HINTS TO BUSINESS MEN!

Good advertising consists in the
selection of a few strong, quick sell
specialties, to stand as the representatives
of your stock in price, pattern and
quality. No tradesman need lack for
a specialty. Let specialties sell staples
always and try to take rank among
your competitors as one who is the
quickest to recognize a good thing and
the first to sell it.

Invite patrons to come and see you.
The great advertisers of the country
never cease reminding the people of
their names, location and nature of
business. Advertising is an invest-
ment and newspaper advertising col-
umns are a boon to man. They help
him out of his troubles and into the
smiles of prosperity. The Pennsylvania
railroad advertises exclusively in
the newspapers. There is not a great
business that has been built in the
past twenty years without the aid of
newspapers.

This age is too bustling and com-
petition is too great for the merchant
to allow himself any longer the luxury
of waiting supinely behind his coun-
ter for trade. He must show in ad-
vance of the purchase just what he
has to sell and how he intends to sell
it, and a persistent publication of his
wares is the means by which such
showing can be made.

Frank Siddall, the Philadelphia
soap man, says: "I have confined my
advertising entirely to newspapers.
The man who does not read a news-
paper does not use soap."

Seventeen states have made a begin-
ning in legislation for good roads.

The late drought cost the farm-
ers of the country about \$550,000,000
in the corn crop alone.

During the past few days there have
been fearful storms on the Atlantic
ocean, and some of the finest steamers
had a narrow escape.

The rebuilding of Jerusalem is still
going on. The Americans are running
street cars there, and there are 135
liquor saloons with bars.

The new American rifle kills at a
distance of two miles, and in case of a
riot the best place for a right-minded
citizen will be a cyclone cave.

Ordinarily the corn crop of the south
is only a seventh of the whole crop in
this country, but this year it is a
fourth. As the cotton yield is very
great, this section has no cause to
complain of the present season.

Baltimore's foremost citizen, Enoch
Pratt, is in vigorous health at 86, and
is the active head of several large cor-
porations. He wanted to give Balti-
more a library, and so just spent \$1-
300,000 without troubling his heirs
with the business.

Advises from Buenos Ayres tell of
an extraordinary murder trial in which
the murderer, a professor of chemis-
try, killed his guests by inoculating
them with the bacilli of cholera, and
when assured that his conviction was
certain completed the tragedy by tak-
ing a mysterious poison.

The Ohio democratic convention,
which convened today, may develop
more than one sensation. If rumors
be true resolutions will be introduced
censuring senator Brice for his atti-
tude on the tariff and it is claimed
that the passage of such a resolution
would be followed by senator Brice's
resignation.

Congressman Breckinridge says
these words of farewell: "I expect to
live out my days right here in Ken-
tucky, and will continue to go in and
out amid these people until I am laid
away in the Lexington cemetery, where
sleep all that is mortal of my ances-
tors. As I said to these people on the
stump, if they do not chose to send
me back to congress I will find some
other cause cause to labor for." Breckinridge
is in splendid health but he presents a sad sight.

The destructiveness of modern
weapons in actual combat will prob-
ably be found to be greatly overrated.
The Germans had fine siege guns in
the last war with France, and fired
110,000 shells in Paris and 200,000
into Strasburg, yet both cities were
reduced by starvation.

The largest vessel ever built in
America will be launched near Phila-
delphia next month. It is a merchant
vessel, is to make at least 20 knots an
hour, is more than one-tenth of a mile
long and has a tonnage of 11,000 tons.
It has been constructed of American
steel.

A GREAT BATTLE.

The Japanese and Chinese Armies Meet
And the Japanese are Victorious.

A dispatch from Seoul, Korea, Sun-
day says a great battle has been
fought at Ping Yang between the
Chinese and Japanese troops, in which
the former were utterly routed. Thurs-
day a Japanese column made a re-
connaissance in force, drawing the fire
of the Chinese forts and thus ascer-
taining their positions. The column
then fell back in good order. Friday
night all the Japanese were in position
for a combined attack. The Chinese
had utilized the old defenses and had
thrown up new works, making the po-
sition exceptionally strong.

The battle was opened Saturday at
day-break by a Japanese cannonade of
the Chinese works, which was contin-
ued without cessation until the after-
noon, the Chinese responding. The
work with the heavy guns showed
good practice. A body of infantry
was thrown forward by the Japanese
and maintained a rifle fire until dusk.
The Japanese troops had gained some
advanced positions. The firing contin-
ued during the night. In the mean-
time two Japanese flanking columns
formed a cordon around the Chinese.
At 3 o'clock in the morning an attack
was made by the Japanese with admi-
rable precision. The Chinese lines
were weak in the rear and the attack
was a perfect success.

The Chinese were completely taken
by surprise and were thrown into a
panic. Those who escaped death,
finding themselves surrounded at every
point, broke and fled. Some of vic-
roy Li Hung Chang's European drilled
troops stood their ground and were
cut down to a man. Half an hour
after the attack the positions were in
possession of the Japanese.

Twenty thousand Chinese soldiers
were engaged in the battle. The Jap-
anese captured immense stores of pro-
visions, munitions of war and hun-
dreds of colors. The Chinese loss is
estimated at 16,000 killed, wounded
and prisoners. Among those captured
were several commanding officers, in-
cluding general Tso-Pang, commander
in chief of the Manchurian army, who
was severely wounded. The Japanese
loss is only thirty killed and 270
wounded, including officers.

Unless China shall succeed in get-
ting another army into the peninsula,
Korea will undoubtedly remain in the
possession of the Japanese.

Official confirmation has been re-
ceived at the Japanese legation of the
engagement, resulting in a decisive
victory for the Japanese.

The Chinese are fearfully excited
over the news of the defeat and great
slaughter of their army.

Specimen Cases.

S. H. Clifford, New Cassel, Wis. was
troubled with neuralgia and rheuma-
tism; his stomach was disordered, his
liver was affected to an alarming de-
gree, appetite fell away, and he was
terribly reduced in flesh and strength.
Three bottles of Electric Bitters cured
him.

Edward Shepherd, Harrisburg, Ill.
had a running sore on his leg of eight
years' standing. Used three bottles of
Electric Bitters and seven boxes of
Bucklen's Arnica Salve, and his leg is
sound and well. John Speaker, Ca-
tawba, O. had five large fever sores
on his leg, doctors said he was incur-
able. One bottle Electric Bitters
and one box Bucklen's Arnica Salve
cured him entirely. Sold by John Y.
MacRae.

Interest still centres on the seventh
Kentucky district. It is alleged that
Breckinridge will contest the election
of Owens in Saturday's primaries. The
chairman of the committee is a Breck-
inridge man. It is asserted by cor-
respondents on the ground that if this
committee should throw Owens out his
whole support will scratch Breckin-
ridge.

A Quarter Century Test.

For a quarter of a century Dr King's New
Discovery has been tested, and the millions
who have received benefit from its use testify
to its wonderful curative powers in all
diseases of throat, chest and lungs. A remedy
that has stood the test so long and that
has given so universal satisfaction is no ex-
periment. Each bottle is positively guaranteed
to give relief, or the money will be refunded.
It is admitted to be most reliable for coughs
and colds. Trial bottles free at John Y.
MacRae's drug store. Large size 50c and \$1.
