This Strike You? In order to bring into Raleigh some surplus each I have made arrangements to secure loans for those who need money and can't get it in this way. Several thousand dollars lent in Raleigh already. Read:

Endowment Plan.

The peculiar advantage of the Endowment plan is in the convenience and certainty with which a debt may be paid off.

Anybody with sufficient credit or security may be able to incur an obligation to pay \$1,000. But the trouble is that when the debt falls due he still owes the \$1,000, and in most cases it is then as difficult to pay it as it was when the debt was created ...

The Endowment plan solves the question "How to pay the principal of your debt."

The Company makes loans for either seven or ten years.

Every borrower is obliged to carry an Endowment policy, which will mature on or before the day his loan becomes due.

The Endowment and the loan both being for seven years, the payment of the Endowment enables the borrower to pay off his loan the day it becomes due.

Should the borrower die before the end of the seven years, the life insurance payable under the Endowment policy goes to reduce or repay the loan. If death should occur at the end of three years, the life insurance would pay off more than half the debt-in this case the balance of the loan would remain on the property at 6 per cent, interest until the end of the seven years.

The life insurance under a sevenyear Endowment amounts to the face of the Endowment after six years, and under a ten-year Endowment after eight years.

The rain area connected with the storm seems to be rather limited, not yet extending beyond northern Florida. Highest wind velocity during past 24 hours is 60 miles northeast at Key West, and 44 at Titusville. The presence of a large high area, and cool wave over the northern states makes it difficult to say whether the sub-tropical cyclone will be able to move up the Atlantic coast or not. Storm signals are displayed on the Atlantic gulf coasts The cool wave in the northern states

What the Three Chairman Think of the Situation.

All the chairmen of the various political parties have been interviewed. Republican chairman A. E. Holton says he thinks fusion of his party and the populists is complete and will be carried out in all the counties, and is

arranged for in the first, seventh, eighth and ninth congressional districts. He expects it to be effected in the third and fourth districts, and thinks it will be arranged in all districts save the second and fifth. He says that all the qualification the republicans require in a candidate is opposition to the present election law; that it was

for this fusion was effected, and that the repeal of this law carries with it the overthrew of the present system of county government. Holton declares the republicans have for years

either destroy it or be destroyed by it.

The cool wave finds a kindly welcome: The county prohibition convention meets here tomorrow. The plasterers are doing rapid work

in the Pullen building. The attendance at the township's

public schools is increasing daily. The insane asylum directors meet to-morrow to elect two assistant physi-

cians. The railway commission met this morning to specially consider the question of freight charges.

The cloth for convict uniforms is all furnished the penitentiary authorities by Messrs, F. H. Fries, of Salem.

A considerable extension of the street railway system is confidently expected to be made next spring.

The National Iaseball club, colored, of this city, will play the Red Stocking club at Norfolk day after tomorrow.

The mayor had three disorderlies before him this morning for trial. One was fined \$3 and the other two \$5 each.

Last evening another test of the rapid street railway car was made. It ran from the West End Baptist church to St. Mary's in a minute.

The wind was quite high this morning, but has done no damage. So far there have been no storms this year. Last autumn there were three, all destructive.

One Rabeigh man at least is fond of onions. He bought one at Dughi's today which weighed two pounds and ate it all at one meal. It is declared that he actually wanted more.

The charity and help department of Epworth league of Central M. E. church will meet in the lecture room this evening at 7:45. Every member is asked to be present.

Thos. W. Keene, the noted actor, gave a fine performance at the academy of music last evening, appearing in "Hamlet." His voice was rather too low to be distinctly audible. His acting was of a high order. Miss Lawrence admirably filled the part of Ophelia. The character of "Laertes" was effectively presented. The scenery was badly managed and manager Mears ought to look after this detail.

Before The R. R. Commission.

Col. A. B. Andrews, second vice prestdent; J. M. Culp, traffic manager, and J. H. Drake, general freight agent, of the Southern railway company, appeared before the railway commission today to answer several complaints in the matter of freight charges on packages of less than 100 lbs, the rule being that they shall be charged for as if weighing 100 lbs. The case has not, as yet, been decided.

He says the negro vote is not well in hand; that the democrats are trying to buy it, and declares he will imme diately enforce the penalty for attempting to buy votes.

Democratic chairman J. H. Pousays fusion cannot be made successful; that already influential republicans are openly denouncing fusion and predicting defeat, and that many populists realize that it is an effort on the part of their leaders to barter their party principles and votes for personal advantage, the whole aim being to send Marion Butler, the populist leader, to the senate. Pou says the negroes will vote loyally for republicans nominated by straight republican conventions, but that fusion will not poll anything like the full negro vote, as the better class of negroes are hostile

to fusion. Populist chairman Marion Butler says the reform-republican element is standing squarely up to its fusion agreement; that part of the republicans do not want the reforms the populists are fighting for, but he thinks enough reform democrats will take their places and agree with the populists on a non-partisan judiciary.

He declares a majority of all voters, very heavy now, and are increasing irrespective of party, want a change in the election law, be the consequences what they may, and he insists that a non-partisan judiciary and repeal of the election law are the only issues in the campaign. He declares the gains of the populists are very great all over the state. The negroes not purchasable will vote the fusion ticket, he asserts, the others voting for democrats. He says positively that the populists will keep faith with the republicans.

New Lawyers Admitted.

Yesterday a motion was made in the superior court that Harry Ihrie, Esq., of Pittsboro and W. B. Snow, A. B. Andrews, Jr., and Perrin Busbee, Esqs., of this city, who were recently licensed by the supreme court to practice law in this state sworn in by the judge and given seats within the bar, Judge Bynum thereupon administered the necessary oaths and all the quartette became full-fledged attorneys.

A Murder Trial Postponed.

Wyatt Perry, who is charged with the murder of Thomas E. Bailey, in New Light township, was arraigned for trial yesterday afternoon. The case was postponed, however, on account of the sickness of the wife of the murdered man, one of the most important witnesses in the case. The case will be tried at the January term.

Court convened this morning at 10 o'clock, judge Bynam presiding. It was intended to commence the trial of Wyatt Perry today but owing to the illness of Mrs. Bailey, an important witness, the case was postponed until the January term of court. The following cases of minor importance were disposed of up to 4 30 p. m: State vs. William Hamilton, larceny and receiving ; judgment reserved. State vs. James Hawkins and Ben. Curtis, affray, both guilty : judgment reserved.

State vs Jodie Johnson, concealed weapons, pleads guilty; judgment suspended on payment of costs.

State vs Lewis Hinton, L and R. pleadedguilty;3 years on county roads. State vs R. D. Weathers, peace war rant; remanded to a justice.

At to-day's session A. P. Massey Esq., was given the necessary oaths and admitted to practice at the bar.

Rev. Dr. Reid's Funeral The funeral of Rev. Dr. Frank L. Reid was held this afternoon at the West Market street M. E. church at Greensboro, Rev. W. C. The funeral was very largely attended. elergymen and Methodist laymen from many other places being present,

Will be Tried Tuesday.

The time has been set for the trial of George Mills, who stands charged with the double crime of criminally assaulting and murdering his niece, lana Wimberly, near Apex. The trial will commence next Tuesday and promises to be one of the most sensational on record. Besides Mills' case there are three other capital cases that will be tried at this term of court. Wake has during the past nine months been shaken by crime. One man has been hanged and a few more hangings are not improbable.

A New Parsonage.

The vacant lot next to the Central Methodist church is now being prepared for building. The congregation will erect on it a handsome parsonage. Work will commence on the building in a few days.

Eashion inclines towards rough shaggy effects, and the stock, accordingly, abounds in these goods; but for those of quieter instes, who prefer the smoother weaves, we have prepared a corresponding assortment.
