### Endowment Plan.

The peculiar advantage of the Endowment plan is in the convenience and certainty with which a debt may be paid off.

Anybody with sufficient credit or security may be able to incur an obligation to pay \$1,000. But the trouble is that when the debt falls due he still owes the \$1,000, and in most cases it is then as difficult to pay it as it was when the debt

being for seven years, the payment of the Endowment enables the borrower to pay off his loan the day it becomes due.

Should the borrower die before the end of the seven years, the life insurance payable under the Endowment policy goes to reduce or repay the loan. If death should occur at the end of three years, the life insurance would pay off more than half the debt-in this case the balance of the loan would remain on the property at 6 per cent, interest until the end of the seven years.

The life insurance under a sevenyear Endowment amounts to the face of the Endowment after six years, and under a ten-year Endowment after eight years.

To secure the loans and interest the Company requires a first mortgage on real estate worth double the amount of the loan.

State vs D. E. Hicks, forgery; gu judgment was suspended on payment of costs. Hicks is the young man who was arraigned a few days ago before mayor Badger for changing cot ton tickets. It appears that his father had given him a good "rubbing down" and judge Bynum, taking the young fellow's age into consideration, suspended judgment.

State vs. David Brown, colored, assault with intent to rape. Brown, who is a small, ignorant looking negro, is charged with attempted assault on a white woman, 84 years old, near Rolesville. At 4:30 the case was still being argued.

Good Breaks Continue--Another Warehouse to Open.

Several days ago the VISITOR published an article calling attention to the fact that the leaf tobacco business here, an industry that many people in Raleigh did not even know was in existence, was on a firm footing and only needed a little encouragement to make it one of Raleigh's most successful industries.

This morning a reporter called at the Farmers' warehouse and had a little "tobacco talk" with Mr. Fleming, He reported that although the rainy spell had interfered a good deal with business, the two breaks this week amounted to 25,000 pounds. Prices continue uniformly good and the average price for the past week is \$15 per 100; an excellent showing. The highest price this week was \$60. Many wagons have come in from Wake, Frank-

lin, Chatham and Johnston counties. In a few days another warehouse will open and commence its sales. This is known as Jones' warehouse. From the way in which the farmers

are bringing in their tobacco and the fact of many them coming from other counties good breaks may be expected and a prosperous seasen safely predicted. The leaf tobacco business here has not been sufficiently encouraged and pushed and the VISITOR will do all in its power to remedy this evil.
