PERSONAL POINTS.

ABOUT PROMINENT NORTH CAROLINA PEOPLE.

Here And Elsewhere in the State.

Dr. John Mitchell of Wake Forest is here.

Paul B. Means, Esq., of Concord, arrived this afternoon.

Miss Lena Pennington, of Tarboro, is visiting Mrs. A. L. Mace at the Park hotel.

Mrs. Crodell and daughter, Miss Clara, left this afternoon for Louisville, Ky.

Miss Daisy Waitt has gone to the normal and industrial school at Greensboro.

Miss Mary MacRae of Fayetteville is here, visiting Miss Margaret Hinsdale on Hillsboro street.

Mrs. George H. Brown, who had been here for some time, left this morning for her home at Washington, N. C.

Mr. O. W. Belvin is now with Mr. D. T. Johnson and will be glad to have his friends call on him when in need of anything in the grocery line.

A special to the Charlotte Observer says the story that old Mr. and Mrs. Silling tell, with the crinoline evidence held by detectives, has changed public opinion at Washington, which is now against Mrs. Glennan, formerly Miss Susie Rayner, of Raleigh. This story shows criminal intimacy with the young drummer, Silling, who abandoned his own wife.

THE WEATHER.

The Conditions and the Forecast

For North Carolina: Threatening weather, with rain.

Local forecast for Raleigh and vicinity: Tuesday, rain; northeast wind.

Local data for 24 hours ending 8 a. m. today: Maximum temperature 69; minimum temperature 47; rainfall .1.

The storm which was indicated in the Gulf of Mexico several days ago by reports from gulf coast stations is central a little southwest of Mobile. Northeast gales are blowing at New Orleans and Mobile this morning. Port Eads reported yesterday a maximum velocity of 60 miles per hour. Port Eads not received this morning. The force of the storm has evidently greatly decreased since it came on shore. Threatening weather with rain prevails in the south. Clear, cold weather, with high barometer prevails in the west. Temperature at North Platte at 8 a. m. 20 degrees.

Populists to Have a Meeting.

There is to be a political meeting at Method this evening. Mr. J. P. H. Adams, chairman, and Mr. Williams of Asbury will speak. It is said that several local members of the democratic party will journey to Method and join in the debate.

Cotton Takes a Tumble.

"It looks as if the bottom has dropped out," said a cotton merchant today when the Liverpool report came. The report showed a drop of 3 to 4 1/4ths of a penny. This means a fall of over 12 "points" in New York. The farmers are pulling their hair and meditating silently. Words, however profane, can't express their feelings.

An Attractive Performance.

Do not forget "Mrs. Jarley's wax works," to be presented at Metropolitan hall tomorrow evening. In addition to those who have been announced to take part is Miss Adelyn Andrews, of Greensboro, who is remembered here pleasantly for her singing in the Confederate concert last May. A very attractive programme have been arranged and all should attend the concert. Seats are now on sale at H. F. Smith & Co's cigar store. General admission 50 cents. Gallery and children 25 cents. No extra charge for reserved seats.

Deputy collectors near Roxboro captured an illicit distillery belonging to Mitchell Rogers, colored.

GOOD ROADS.

Raleigh Township Now Has 12 Miles of Macadamized Thoroughfares.

A correspondent made a trip over several of the macadamized roads with supervisor McMackin and an say that no improvement ever made in Raleigh township has been so great. The value of the good roads may be illustrated by the case of a man who during the recent bad weather brought in and delivered to Mr. McMackin 3,200 pounds of forage. Two horses easily pulling the load. The man who made the sale was asked what amount he could have hauled before the roads were built and said not over 1,000 pounds. The same man says that he now gains one load a day in hauling from his farm to the city, and that he gains the weight of three loads. City and country people are alike delighted with the improved roads.

The length of road macadamized is almost 12 miles, divided as follows: Rock quarry road seven-eighths of a mile; Fayetteville road 2 1/8 miles; insane asylum road 2 1/8 miles; Louisburg road two miles; Poole's bridge road 2 1/4 miles; Milburnie road 2 1/8 miles. In addition to this a mile on the Hillsboro road, from St. Mary's to the top of the hill at the fair grounds, has been graveled.

Today there are 76 convicts on the roads, last week's term of court having added 32 to the number. The whole force is at work on the Milburnie road, on the hill this side of Crabtree, where half a mile of telford road is being laid. This is of large fragments of stone, set on edge, the sharp points lowermost, and all crevices chinked with stone. It is laid to a depth of a foot, and will be given a top finish of finely dressed stone.

The next to be worked on is the Hillsboro road. It has been picked up, regraded and rolled to put it in shape for the fair, between the city and the fair ground. Just as soon as the fair ends the entire force of convicts will be put at work on it and three months will be devoted to its macadamization from the city boundary to the township line, just this side of the Tucker farm. It is now an extremely bad road beyond the fair grounds for a mile, but Mr. McMackin will change all that. Stone for it will be taken from a quarry on Rocky branch, at the edge of the Janalaska vineyard and this will be hauled to the Hillsboro road on a team way to be built across the farm of the A. & M. college.

After this road is completed the convicts will do grading on the rock quarry road between Walnut creek and the Thomasberg vineyard. The hills there are to be cut down some eight feet and the earth removed will be utilized in making a slope from the creek on that side. A new bridge now spans the creek there and the road this side of it is one of the finest out of the city.

It is the most popular with bicyclists, for they can "coast" all the way down the gradual slope from the rock quarry to the creek. While the convicts are doing the grading on this road the crusher, which is operated by the steam road roller, will be occupied in preparing stone at the quarry. Inquiry was made of Mr. McMackin whether the people in adjoining townships want macadamized roads and are willing to pay taxes to get them. He said the people of St. Matthew's and House's creek townships desired the good roads and are willing to pay for them. In most parts of the county people desire the roads but object to paying for them and want the county to make the outlay. But the "gospel of good roads" is being preached daily and the heaven is spreading.

Will Pay a Dividend.

The receivers of the defunct bank of New Hanover are to pay a dividend. The receiver of the parent bank, at Wilmington, has collected \$164,000, and the receiver of the Wadesboro branch \$95,500. The claims found against the Wilmington bank aggregate \$78,500, and against the Wadesboro bank \$110,000, and for the two at least \$120,000 more will be collected. The receivers say a dividend of 10 per cent. can now be paid.

The executive committee of the state fair will meet in the mayor's office tomorrow at 12 o'clock sharp.

DOTS AND DASHES

MADE ABOUT TODAY'S HAPPENINGS.

Items Gathered in and Around the City.

A new desk is needed at the station house.

The new fast street car will be put in use tomorrow.

The Goldsboro Argus has begun its 20th semi-annual volume.

The poles for the new telephone line are being rapidly delivered.

W. N. Cronly of Wilmington is appointed a notary public by governor Carr.

During the fair street cars will arrive at and depart from the grounds every six minutes.

The chamber of commerce will meet tomorrow night in the mayor's office at 8 o'clock sharp.

Raleigh council No. 551 Royal Arcanum meets to night at 7:30 o'clock. Members are requested to meet promptly at that hour.

The time allowed for persons to settle taxes is over half gone and the sheriff's office officials are kept busy receiving taxes.

Seven persons were baptised last evening by Rev. A. D. Hunter at the Fayetteville street Baptist church. The meeting is still going on.

The annual Monday morning drunks were before mayor Badger this morning. They were all let off with brief confinement in the station house.

Today Mrs. Neathery received a draft for \$3,000 from the Royal Arcanum in settlement of the loss on the life of the late Maj. John B. Neathery.

The board of aldermen last Friday evening ordered fire escapes to be put up on the Park hotel. Today workmen are engaged in putting up the escapes.

Saturday afternoon James Davis, a crazy colored boy, was sent to jail by mayor Badger for vagrancy. He will probably be sent to the colored insane asylum at Goldsboro.

It is said that another sub-tropical storm is on the way. It is to be hoped it will stay in its proper section of the country. Raleigh wants no more Florida disturbances.

The alarm of fire was given for box 321, Saturday evening. Some of the firemen made a mistake and went to box 32. The fire was at the Mills wagon factory. No damage was done.

The deputy revenue collectors, for some unknown reason, have almost entirely let up on the illicit distillers. There has been only one seizure reported in over three weeks. Perhaps the deputies have cleaned up the state.

The Raleigh hosiery and yarn mills now have 75 employees. There are 6192 spindles. New carding machinery of the value of \$3,000 has been put in and is now in operation. The daily product is about 4,000 pounds of yarns.

Mrs. Wimberly, the wife of "Jack" Wimberly, who is in jail charged with the murder of his daughter, came to see her husband today and had a long talk with him. It is understood that T. R. Purnell, Esq., will be of counsel for Wimberly.

Watch for the Circus.

"Walter L. Main's circus" will be here on the 17th. The Alliance, Ohio, News says of this circus: "It was the best that has visited Alliance for many years. The performances were attended by thousands of people, and all voted it to be the cleanest and brightest circus that has ever visited this city."

Another Storm on the Way.

The weather bureau today gives the following notice dated 11 a. m. "The severe storm now central on the Florida coast will extend over the South Atlantic coast, causing heavy rains and high winds by Wednesday night."

The car track on W. Martin street has been laid to the union depot and the work of replacing the torn up paving is now in progress. The other end of the line has reached South Salisbury street in rear of the Pullen building.

FOOT BALL SEASON

Will be Opened at Chapel Hill Next Friday. The University and the A. & M. College to Meet.

The foot-ball season in North Carolina will be opened next Friday at Chapel Hill by a game between the university and the agricultural and mechanical college. The same teams will play there on Saturday.

The university eleven is crippled this year by the loss of all except one of the veteran players who brought last year's team up to the high standard it attained, and therefore must do some wonderful work to turn out as good a team this season. The A. & M. college, on the other hand, is fortunate in having nearly all its old players at college. They therefore feel confident and express the belief that they will win at least one of the games. The university always turns out a good team, however, and the college boys may be more than satisfied if they are able to score.

It is learned that the university eleven has a number of good games scheduled, some with northern colleges. It is said that most of the games in the state will be played at Greensboro, but one, or at least possibly more, will be played here.

The A. & M. team has also arranged for games with Trinity college.

The Monday Evening Club.

The Monday evening club will meet to night at the residence of Capt. J. J. Thomas. The drama and poetry constitute the subject for essays, etc. A program for the winter will be submitted and voted on.

The wood work of the court house greatly needs repainting.

We Turn Them Out Just Right.

POLITICAL TRADE.

Republicans believe in protection and duty. The Democrats believe in free trade and William Wilson. Populists believe in North Carolina and plenty of offices. Mugwumps believe in not much of anything but themselves, and we believe in them all. We believe in protection from cold, a suit of clothes and an overcoat from D. T. Swindell's, no duty on. We believe in plenty of money so you can spend it where you please. We believe in plenty of offices, so all can have one. We believe also in North Carolina for the reason that many of the inhabitants are patronizing D. T. Swindell's store. Maybe we are selfish in these matters, but a man who don't look out for and mind his own business is apt to get lost in the shuffle. We are selling protections at \$6 apiece, in the shape of a fall overcoat that is worth \$10, really. Another protection we are selling is in carpets. We protect you in the safe keeping of about one third of the price, as we think it our duty to do so. Another protection we are dispensing is in dress goods, for our duty is to give you dress goods with the duty off so you can get a nice dress and a nice, stylish hat for about the same amount of money that the dress alone would cost you when high tariff ran the concern. So, if you are free to trade where you please, remember these facts and act in accordance to your good judgment. If you run an account and belong to some one, then you need to read the emancipation proclamation and see where you stand.

Very respectfully, D. T. SWINDELL.
