## UNIVERSITY DAY.

October 12th is Vivaly Connected With the University.

Tomorrow is "university day." University students look forward eagerly for its coming for it is the first holiday that breaks the monotony of college life. It is vitally connected with the life and history of the university. On Oct 12 the corner stone of the first university building was laid; on Oct. 12 the president of the university was born and on Oct. 12 America was discovered. In view of these momentous facts the day is religiously observed every year. In the morning the student body is addressed by speakers in the chapel and in the evening a reception is tendered the students by Dr. Winston. The day will be observed tomorrow as usual, with the football game thrown in as an extra attraction.

Every university day sees the university in a more prosperous condition and, with its energetic president at its head, a few more years will see it practically the university of the south, with an enrollment of more than 600 students.

## THE WEATHER.

The Conditions and the Forecast.

Local forecast for Raleigh and vicinity: Friday, fair.

Local data for 24 hours ending 8 a. m. today: Maximum temperature 73; minimum temperature 52; rainfall 0.00.

The storm is rapidly disappearing off the northeast coast. The weather is clear nearly everywhere this morning. An area of high barometer covers all the central portion of the country, the highest barometer being observed at Memphis. The temperature has risen slightly throughout the west. Frost occurred last night at Kansas city (killing) and Davenport. The outlook is good for several days of fine weather.

Tomorrow Evening's Special Feature.

The indications are that the ladies will have a full house as a great many seats have been sold. The "floggers" are to be represented by the best talent in the city and something amusing may be expected. Mrs. Smith and Mrs. Merrimon will sing, and every one who has heard them is anxious to hear them again. Seats on sale at H. F. Smith's & Co. at 50 cents; gallery 25 cents. No extra charge for reserved seats.

### A Baby Jailed.

Corinne Tate, a colored woman, was jailed yesterday for non-payment of costs. After she was "run in" she told deputy sheriff Brooks that she had a baby in the southeastern part of the city. ### Athletic Notes.

Yesterday at New Haven the Williams college football eleven made a record by scoring 4 points against Yale. ### Nellie McHenry.

Raleigh's theatre-goers will have the choice of a varied selection of plays next week. At the Academy of Music "A Night at the Circus" will hold sway. The fact that this play has had the endorsement of a run at the New York Park theatre may be safely taken as a guarantee that in selecting "A Night at the Circus" for the amusement of his patrons manager Meares has made no mistake. The play is a farce-comedy, but it is a decided advance on the ordinary run of that class of plays. Nellie McHenry, a favorite with the theatre-going public, and once the bright particular star of Salisbury's Troubadours, is in the cast, too, and just as full of her old time vivacity and rollicking humor as ever. In a role that gives her every opportunity for the display of her remarkable versatility. The box sheet is at King's drug store.

The Board of Education's Apportionment.

A list of the counties has been prepared, with the number of children between the school ages of 6 and 21, and the apportionment to each of the funds lately ordered distributed by the state board of education. The exact amount of this fund is \$43,266 93. It gives each child 7 cents. Wake, with 21,000 children, gets \$1,530 00; Mecklenburg, with 14,110, gets \$987. 70. New Hanover, with 7,853, gets \$549 71. There are in all 618,099 children of school age.

It may be that Capt. Jones, U. S. A., who is on detail here, will not return to his regiment, as both governor Carr and adjutant general Cameron specially request the war department to continue the detail.

How would the aspect of the eastern world be changed if a negro should drop a platter of Turkey, Answer, Greece would fall, Turkey would be overthrown, China would be broken in fragments and Africa humiliated.—Boston Transcript.

The annual missionary convention of the Protestant Episcopal church will be held at Hartford next week.

Plenty oysters at Dugh's.

## A. & M. FOOTBALLISTS

Left Today for Chapel Hill to Tackle the Tar Heets.

The A. & M. college football team left this afternoon for Chapel Hill where they play the university rushers tomorrow. It was at first intended to play two games but at the last moment it was decided to play only one. The team and substitutes are as follows:

Vick l. e.; Pearson l. t.; Dye (manager) l. g.; Mosely c.; Hunter r. g.; Wright r. t.; Jenkins r. e.; Whitaker (capt.) q. b.; Perkins r. h.; Kendall l. h.; Hughes f. b.; substitutes, Beard, Ramsey, Alexander and Clark.

Manager Dye says that the team this year is far superior to that of last season. All the old players are back except four and their places are well filled by Messrs. Hutton, Kendall, Perkins and Wright. The college boys are not bragging but say that when they are beaten the varsity boys will know they have had a game.

Neuse River and Crabtree on a Boom.

The Neuse was very high yesterday. It began falling last night. Another rise is expected tomorrow, as in this stream there is always what is known as the second rise. The flood tore out a section of the dam at the Falls of Neuse paper mills. The dam had stood thirty years. It will be repaired in a few days. Mr. Charles Hinton attempted to come to the city yesterday from his home beyond Millboro, but found that while he could easily cross the Neuse yet he could not get to the Manly bridge on Crabtree. The latter stream was about as high as ever known and a horse would have had to swim to reach the bridge. High as is the bridge, the water was running over its floor. Crabtree, a very short stream, rises and falls rapidly, and today was within banks. Dr. Goodwin says he never saw Walnut creek higher than it was early yesterday morning.
