THE LOCAL COTTON RECEIPTS TODAY WERE QUITE HEAVY.

Particular attention is called to C. A. Sherwood & Co.'s advertisement.

It is said that roller skating will again be popular the coming winter.

This year the convicts in the penitentiary have made over 1,500,000 bricks.

Nash square was today sown in clover. Next year it will be an attractive place.

The trees are rapidly changing color and day by day the woods become more beautiful.

The sidewalk is being put down in front of the Pullen building. Vitrified brick are used.

The county convict force is now at work grading and macadamizing Newbern avenue near the soldiers' home.

Secretary Ayer says the number of entries at the state fair is very large and that the big building will be filled.

A large number of wagons have been built in the shops at the penitentiary and sent to the state farms on the Roanoke.

There are now more day scholars at St. Mary's school than at any previous time. The school buildings have been refurnished throughout.

The Ralph Fisher concert at Metropolitan hall last evening, though heard by a small audience, was the most delightful affair in that line this season.

This year there will be a new feature at the fair grounds. This is Wombwell's circus and menagerie, which is well known for the number and variety of its animals.

The chorus of pupils of the public schools today practiced singing the state song, "The Old North State," and will sing it "Educational day" at the state fair.

Next Wednesday the western North Carolina Baptist convention meets at Clyde. Rev. J. L. White, formerly pastor of the First Baptist church here, preaches the annual sermon.

Many show people who will have their tents on the "Midway" at the fair grounds arrived today, from the Richmond exposition and other places. Two special carloads of their baggage arrived.

The physicians agree in saying that there has been more malarial fever all over the state than they ever saw. In this section, as elsewhere, chills and fevers have been widely prevalent. Sharp frosts are needed to stop these. As yet the frosts are too slight to effect an improvement.

Some queer melons were brought here today by Mr. Jones who lives near Apex. There were 36 of the melons. Two of them weighed 60 pounds each, and the average weight is 40 pounds. He offered the lot, which filled a wagon, for \$15. They will be on exhibition at the fair. They grew on one vine, which sprang up in Mr. Jones' corn field.

Married at Richmond.

The Richmond Dispatch of yesterday published an account of the marriage there of Mr. Joseph Sidney Lancaster, a prominent young business man of Louisburg, N. C., and Miss Mamie A. Morris, daughter of Mr. John T. Morris, of Raleigh. The ceremony was performed at the residence of Mr. John S. Morris, brother of the bride, by Rev. Dr. George H. Ray. Mr. and Mrs. Lancaster have gone on an extended southern tour, after which they will return to Louisburg, their future home. Mr. William E. Uzzell, of Maplesville, N. C., was the best man. Among those present were Mr. John T. Morris and Mrs. G. W. Morris, of Raleigh.

Beat a Woman.

Alex Terrell, colored, attempted to do the Corbett slugging act in east Raleigh this morning and thinking a woman would be an easy victim proceeded to pound Francis Hinton, also colored, and beat her very badly. A policeman was sent for, but Terrell had made his escape. It is also said he cut the woman with a knife, but the wound was a very small one.

THE FIRST WHEELS

Were Made at the Car Wheel Works this Afternoon.

Just after 2 o'clock this afternoon the casting of car wheels at the Lobdell plant here began. A new enterprise was inaugurated under most auspicious circumstances. Much interest was shown in the beginning of the work. Mrs. W. E. Ashley, wife of the superintendent, started the first fire. The great ladle, holding 5500 lbs. was filled with molten iron, and from this smaller ladles were filled. With these the moulds were filled. There were not a failure in the whole process. Among the interested spectators were Gen. Hoke and Messrs. Julius Lewis, Charles E. Johnson, A. A. Thompson, W. J. Hicks, N. W. West, J. S. Wynne and J. J. Thomas. Gen. Hoke said to a Visitor reporter that he had never seen any new enterprise start off better. He added that there was no car wheel company able to do such perfect work as this which has not twice the amount of capitalization. The works here are a success from the start.

Mr. Robert G. Tolmie, assisted by three expert workmen from Wilmington, Delaware, supervised the work.

THE WEATHER.

The Conditions and the Forecast.

Forecast for North Carolina: Sunday fair.

Local forecast for Raleigh and vicinity: Sunday fair.

Local data for 24 hours ending 8 a. m. today: Maximum temperature 73; minimum temperature 50; rainfall 0.00.

The distribution of pressure remains nearly the same as yesterday. The barometer is high over the middle Atlantic states. The storm in the northwest seems to be increasing somewhat in intensity, and is now central over South Dakota. Very little rain has fallen anywhere. Fog is reported from New York, Philadelphia, Chicago and Mobile. The temperature has risen slightly at all but a few stations. It is probably colder in the extreme northwest, from which section reports are missing.

James Young as Richelieu.

The highest point that can be reached on the mimic stage is when the artist loses his own identity and becomes merged in that of the character he portrays. The majority of great actors masquerade as the character—dressed, it is true, in the costume of Hamlet, Richard III, or Richelieu, but still the individual with his own personal characteristics and eccentricities. Few have ever reached the pinnacle of art; that is absolutely sinking oneself and absorbing the character portrayed. It may be said that only by the experience of years can one hope to reach the summit of the true artist's aspiration; not to say fame; fame is a popular fallacy at times. And yet the inherent genius is oftentimes manifested in the youthful historian. And if there be a natural reserve force, and the limit of the present is not merely the natural advantages of youth, the theatre-loving public may hope to see a loving successor to the great American actors in Mr. James Young, who appears at the academy of music next Monday as Richelieu.

Fair Week at Metropolitan Hall.

Next week Fred Marsh's company, supporting Fred and Madeline Gleason, plays at Metropolitan hall, opening Monday evening in "Passion's Slave." The Springfield, Ohio, Times says: "The company is a very strong one, each member an artist in his own peculiar line and Mr. Gleason an actor of rare merit and ability, as is also the charming young actress Madeline Gleason. The repertoire is entirely new and those attending will be freed from the annoyance of so-called chestnuts. The specialties introduced are refined and catchy. This attraction is unquestionably the best that has appeared here this season." The company will appear at Metropolitan hall one week, giving change of play each evening. Popular prices, 25, 50 and 75 cents. Seats are on sale at MacRae's drug store.

University Wins.

In the game of foot-ball this afternoon the A. & M. college was defeated by the University by a score of 16 to 0. The attendance was small. The playing of the University team was a decided disappointment. The best work was done by Stephens, Denson and Guion for the University and Whitaker for the A. & M. college. Two twenty minute halves were played.

Just One Month Old and Can Walk.

If we can walk at one month old, why not run at two? The fourth invoice of new goods just received at the North-side drug store. They'll have 'em.

DON'T FORGET TO REMEMBER

We must have room in our store to put the big Durham stock two months from now. And to get this room we are closing out our crockery department; also lamps and glassware. We are asking no profit. Are you not willing to pay as much for crockery as we paid? Then you had better act now because this stuff is moving out and at no slow rate. Respectfully,
D. T. Swindell.

THIS YEAR'S TAXES.

The Figures to be Shown by the Auditor's Report.

The valuation of property in the state for 1894 as returned to state auditor Furman is as follows:

Real estate \$156,743,965, personal property \$81,617,543; railway property \$24,565,011; total \$262,927,519.

This shows an increase of \$1,210,000 over last year.

The school taxes as returned for this year are: On white polls \$243,092; on colored polls \$92,139, on bank stock \$4,487; on railway property \$40,019; on general property owned by whites \$378,349; by colored \$13,071; from other sources \$131; total \$772,089, against \$784,490 last year. This gives an increase of \$38,000, which is a fine showing.

The county taxes as reported for this year are: On county property \$772,893; special taxes \$268,079; total \$1,058,941. Last year the total was \$946,881.

TWO SPECIAL SERMONS.

Tomorrow at 11 a. m. at Central M. E. church, the pastor will preach on "The punishment of the wicked; what the Bible says about it." At 7:30 p. m. on "The great evil of church fairs, festivals, &c." It will be shown that such methods are altogether unscriptural; that their tendency is worldly; that the work of our King's Daughters is too noble a character to spend on such haphazard methods for support; that faith exercised as by George Muller, Spurgeon, Moody and others will bring all that is needed if not all that is wanted.

MOTHERS' DAY AT THE TABERNACLE.

The Baptist tabernacle Sunday school has set tomorrow morning as "Mothers' day." The school opens at 9:15 o'clock, and a cordial invitation is made to mothers to be present and especially to the mothers of the school. It is desired to have present as far as possible every mother who sends a child to the school. Following the exercises of the school the pastor, Rev. A. M. Simms, will preach a sermon to mothers.

Dance at the University.

The annual October german of the university german club was given last evening at Chapel Hill and was a very enjoyable occasion. Twenty-two couples participated. Dancing commenced at 10 p. m. and ceased at 3:30 a. m. Afterwards a supper was given by the club in the "University Inn." The following Raleigh young ladies attended: Misses Lily Hoke, Nannie Jones, Mary Pescud, Sophia Busbee, Louise Busbee, Kate Haywood and Carrie Holt.
