THE FAIR:
SECOND DAY—LARGEST ATTENDANCE EVER KNOWN.
The Stock Exhibit is the Best Ever Seen in the South.

The attendance at the second day of the great fair was the largest ever known in its history. Today was perfect and the people took advantage of the fine weather and turned out in throngs to the grounds. Today was road congress day in compliment to the upholders of the good roads movement who meet tonight at 7:30 o'clock in the house of representatives. A great deal of attention was given by the crowd to the excellent exhibit of road machinery as that department was especially called to the attention of the public on today's program.

Of the many fine displays seen at the grounds the exhibit of cattle, sheep, &c., probably attracts the mass of sight-seers more than other display. It is undoubtedly the grandest and best arranged exhibit of stock ever seen at the fair or in the south. The chief exhibitors in this line are Messrs. W. M. Benninger of Walnut Port, Penn., Craft of Pennsylvania and Dr. G. Howard Davison, Altamont stock farm, Millbrook, N. Y. Mr. Benninger's exhibit consists of a splendid herd of Holstein-Friesian cattle. Among them is a magnificent bull, weighing 2400 pounds. He is a grandson of Mechebilde, the cow that holds the record of number of pounds of butter produced in seven days—39 pounds 10 1/2 ounces. This animal has only lately been imported and was not on exhibition at the world's fair. He took the premium at a later fair over the world's fair champion bull. Another fine animal in Mr. Benninger's exhibit is Palladin, a beautiful cow, that has a record of producing 23 pounds, 11 ounces of butter in seven days. Dr. Davison probably has the best display of blooded cattle ever shown in the United States. His exhibit consists of sixteen head of the finest cattle and a splendid lot of the finest sheep ever seen here. This is a special feature of the stock exhibit and attracts universal attention. The natives have never seen such sheep as are on exhibition here. All are kept in the best of order and their clean heavy fleeces give them a splendid appearance. One venerable ram has the remarkable weight of 425 pounds while none weigh less than 225. Among the doctor's cattle is Lord Stanford, a Guernsey bull weighing 1,900 pounds that has never yet been defeated in the prize ring. This animal has taken prizes at all the great fairs held in this country, including the world's fair, and many fairs in England and Europe. The main feature also of Mr. Craft's exhibit is the sheep. They are of the noted Hampshire breed and have won first prizes wherever they have been placed on exhibition.

These three gentlemen are known all over the country as the largest owners of fine cattle in the states and Col. Carr can be congratulated on his successful efforts to get them to exhibit their stock at the fair.

The races are better than ever before. Numbers of speedy runners and trotters are on the grounds and will contest for the prizes. The race today that will attract the most attention is the meeting of Clipper and Alice Burlew, admittedly two of North Carolina's speediest trotters. The card today is as follows, 2.35 class, trotting; mile heats best three in five, purse \$300; running heat race, best two in three, three-quarters of a mile. This is open to all horses at catch weights. It is a stake race of \$25 with \$150 added. The 2.25 class trotting race was the greatest contest of the kind ever seen in the state. The purse was \$300. The day's racing closed with a half mile dash for two year-olds.

One of the most interesting exhibits at the grounds is the grain and poultry show in the extension to old floral hall. The largest poultry exhibit is made by the Riverside Kennel club, of Newberne. A feature of the clubs exhibit is a display of gaily plumed peacocks, as an observer said this morning the prettiest fowl ever seen in the state.

On all sides one can hear such expressions as, "the greatest fair ever held," "Jule" Carr has "blown" himself, "better than the old exposition" and similar remarks. They are right. It is the biggest, grandest and best fair ever held.

THEATRICAL NOTES.
The Amusements this Evening at the Theatres, &c.
At the academy of music this evening, the stirring play, the "Vendetta."
At Metropolitan hall the "Ranch King" will be presented.
The presentation of the "Lady of Lyons" at the academy of music last evening by Mr. James Young's company was one of the best pieces of work of its class ever seen here. It was marked throughout by careful and vigorous acting. Mr. Young won fresh honors and all these were fully divided by Miss Rida Johnson, who is charming. She and Mr. Young are worthy of the applause which was so generously accorded them. The support was uniformly good. The audience, like that of Monday evening, was small. Why this was so no one seems to know, for the performance deserved a full house.
At Metropolitan hall there was a light audience, yet Mr. Fred Marsh's company presented "Muggs' Land" in vigorous style and kept the audience in a constant laugh.

At the fair grounds, at the Wombwell show, there is a baby, six months old, which weighs 77 pounds. Its mother is a German woman who weighs only thirty pounds more than the infant.
At the academy of music last evening five young men, not residents of this city, it is a pleasure to say, made themselves ridiculous and disgusting to the audience and the performers alike. Mr. James Young ordered the curtain dropped stepped to the door of the box and rebuked the ill-mannered youths, who were thereafter quiet, and who then kept out of sight of the audience.

THE WEATHER.
The Conditions and the Forecast.
Local forecast for Raleigh and vicinity: Thursday fair.
Local data for 24 hours ending 8 a. m. today: Maximum temperature 70; minimum temperature 51; rainfall 0.00.
The weather is clear everywhere except New England and southern Florida. There is apparently a storm off the Florida coast, judging from the high winds and low barometer at Jupiter and Titusville, but this is too far out at sea to affect the weather seriously on land. Over the northern and central parts of the country and also over the central southern states the pressure is high and fine weather prevails. An area of low pressure appears in the northwest, with lowest barometer over Bismarck. No rain is reported from it yet. The temperature remains generally about normal. No decided changes have occurred since yesterday.

State Fair Notes.
The Governor's Guard will go to the fair tomorrow.
Howell & Mosely have a dining hall near the north end of the grand stand at the fair.
There is quite a rush at the restaurant of Sampson Anderson at the end of the grand stand. His barbecue and Brunswick stew are always popular.
The 500 public school children who, thanks to the kindness of secretary Hal. Ayer, were taken to the fair grounds yesterday and admitted free of charge are loud in their praises of Mr. Ayer.

Died.
Mrs. George McCullers, at 12 o'clock on Monday night at the residence of her father, Mr. John L. Johnson, in this county. Mrs. McCullers was a pious and devoted member of the Christian church, and greatly beloved by her friends. The Visitor tenders the family its deepest sympathy.
The burial will be at 2 o'clock p. m., at the old McCullers family grave yard. Friends and relatives are invited to attend.

N. C. Railway Directors.
The directors of the North Carolina railway met yesterday at the executive office, president W. F. Korngay presiding. Dr. V. E. Turner was elected a director on the part of the state, to succeed the late Rev. Dr. F. L. Reid. James S. Manning, Esq., of Durham, was elected attorney, vice William R. Allen, who was recently appointed judge.

At the A. and M. College.
The cadet battalion, three companies, under command of Lt. Henderson, marched to the fair grounds yesterday. Many of them had on the new uniform, which is very attractive. There are now 111 old and 112 new students. Sixty-six counties are represented. Davis, Henderson, Hertford, Hyde and Washington were never before represented. Alabama, Georgia, New York, South Carolina and Virginia are also represented.

THE PROGRAMME.

There will be a reunion of old Confederate soldiers during the day, by order of Col. E. D. Hall, of Wilmington.

Wombwell's Fine Menagerie.
A reporter spent an hour yesterday afternoon at this very fine show at the fair grounds. Press agent Maitland, Mr. F. C. Bostock, the proprietor, and Mr. Harry Hamilton, the lecturer, were all very clever indeed. Animals are in cages so arranged as to form the sides of the big tent. The features of the performances, which take place every four minutes, are Lorenzo, the lion tamer, who performs with the large group of lions, ending with a stirring scene, "the lion hunt." Gebhart Huberto trains the group of young lions. Edgardo, the serpent charmer; Rudolpho, who performs with the bear, wolf and hyena; Matthew Johnson and his clown elephant "Jolly;" the baby lions and the baby tigers are also great features.
