 rebuked by the emperor, who slapped
 her face, whereupon she took poison.

The New York democratic state com-
 mittee has begun to do some figuring.
 It says that if Hill gets 40,000 ma-
 jority below the Harlem river he will
 be elected.

The board of directors of the Greens-
 boro female college yesterday elected
 Prof. Peacock president. This election
 was expected. Prof. Peacock is a
 very able man.

The latest news from Russia is
 that the czar is dying. The dispatch
 says his left lung is so seriously in-
 flamed that all hope is abandoned and
 the news of his death may be expected
 at any moment.

A Methodist church in New York
 city allows mothers to attend with
 their infants, and if a baby cries dur-
 ing service a committee of young
 ladies is provided to care for it in an
 adjoining room.

Yesterday at Bethlehem, Pa., Le-
 high university won a hotly contested
 game of football from the university
 of North Carolina; 24 to 6. Guion's
 phenomenal 80 yard run for the

 feature of the game.

Secretary Herbert of the navy has
 ordered the swift new cruiser Mont-
 gomery to report at Mobile November
 18th. The secretary will represent
 the government on the vessel at
 Mobile when the city of Montgomery
 presents a splendid silver service.

The statement is made at New York
 headquarters that the grand jury has
 just found indictments against police
 captain Stephenson and wardmen
 Glennon, Burns and Smith, upon evi-
 dence brought out before the Lexow
 committee. The specific charge is
 blackmail.

Some interesting facts as to the
 downward tendency of food prices are
 given by the "American Grocer"
 from its market reports since 1869. It
 appears that a certain quantity of
 fourteen articles of daily household
 consumption which cost \$62 in 1869
 can now be bought for \$30, and that
 the only article of general use that is
 higher now than it was then is coffee.
 This cheapening is attributable to in-
 creased production, improved methods
 of manufacture, and a gradual lower-
 ing of railroad freight rates.

The report is current in South
 Carolina that independent legisla-
 tive tickets will be announced on
 the day preceeding election in many
 counties, with a view to surprise the
 Tillmanites and capture the legisla-
 ture, thus insuring Tillman's defeat
 by Butler. The story it is alleged is
 being circulated by Tillmanites,
 and the anti's set it down as a scheme
 to arouse the Tillmanites to go to the
 polls and vote for Eans for governor.

Two Alabama boys aged 10 and 19
 years, were taken sick last Sunday
 and seemed to be affected with hydro-
 phobia. They would bite and gnaw
 at anything they could reach. They
 continued to grow worse and both
 died Monday within six hours of each
 other and were buried in one coffin.
 None of the family knew anything
 about their having been bitten by any
 animal. It is a very strange case.

The extent and power of machinery
 construction are perhaps nowhere
 more wonderfully exhibited than in
 the working equipment of the latest
 cruiser. There are sixty-one separate
 engines, not counting cylinders, which
 would run up to 120 for main,
 auxiliary and pumping purposes.
 The low-pressure piston is 92 inches
 in diameter, has an area of 49 square
 feet and an initial load of 100 tons.
 The condenser tubes, if placed end to
 end, would form a tube 33 miles long,
 and the cooling water passed through
 these tubes equals 36,000,000 gallons
 per day, or enough to supply a large
 city with water. The main boilers, if
 placed end to end, would form a
 tunnel 156 feet long and large enough
 for a train of cars to pass through.
 The heating surface is equal to one
 and one-eighth acres.

ROBBERS RUN DOWN.

Sharp Work by the Pacific Coast De-
 tectives.

THE DALLES, Oregon, Oct. 31.—After
 two weeks' endeavor on the part
 of detectives and local officers, the
 parties who robbed the Pacific ex-
 press company's office in this city of
 \$14,000 October 12 have at last been
 apprehended and placed under ar-
 rest, and all but \$200 of the money re-
 covered.

Frank Klein and Otis Savage,
 young men of respectable parents,
 living here, are in jail, having made a
 complete confession of the theft.
 Many clues were followed by detec-
 tives, but all proved fruitless until
 it was suggested that possibly Klein
 and Savage, who have been living in
 idleness about town, and who once be-
 longed to what is known as the Haw-
 thorne gang of desperadoes, might be
 implicated.

It was reported that the young men
 were separated from the gang on ac-
 count of a disagreement as to the
 plan for robbing a Union Pacific
 train.

Shortly after separating Hawthorne
 and pals robbed a store of a lot of
 guns, and left for their rendezvous.
 The only clue to the robbers was a
 bar of steel, sharpened at one end,
 which fastened into a hook, found be-
 side the empty treasure box on the
 floor of the express office on the morn-
 ing of the robbery.

A Dreadful Death.

KANSAS CITY, Mo., Oct. 31.—C. M.
 Phall, foreman of an elevator, met a
 frightful death here. He was taking
 in the slack of a wire cable which was
 wound around an iron drum and drew
 up an incline. His arm was caught
 between the cable and drum. The
 cable slowly coiled around his
 body. His hand was cut off and drop-
 ped to the floor. Then the cable cut
 through the body in several places
 and his legs fell to the floor. His
 horrified fellow-workmen watched
 him die. Phall's brother stood beside
 the drum, powerless to aid him. When
 the drum was stopped Phall's body
 had been cut to pieces, and mangled
 limbs and chunks of flesh lay in a
 pool of blood on the floor.

Huge Drop in Sugar Imports.

WASHINGTON, Oct. 31.—The impor-
 tations of sugar for September show a
 remarkable falling off in quantity
 from previous months. In July the
 quantity was 765,000,000 pounds; in
 August 148,000,000 pounds. During
 September, which shows the first
 fruits of the new tariff act, the impor-
 tations aggregated a little less than
 50,000,000 pounds, valued at \$1,490,-
 000, a decrease from August of 92,-
 000,000 pounds, and from July of 710,-
 000,000.

Miraculous Results.

From a letter written by Rev. J.
 Gunderman, of Diamond Lake, Mich., we
 are permitted to make this extract: "I
 have no hesitation in recommending
 Dr. King's New Discovery, as the re-
 sults were always marvelous in the
 case of my wife. While I was pastor
 of the Baptist church at River Junction
 she was brought down with pneumonia
 succeeding la grippe. Terrible
 paroxysms of coughing would last
 hours with little interruption and it
 seemed as if she could not survive
 them. A friend recommended Dr.
 King's New Discovery; it was quick in
 its work and highly satisfactory in
 results." Trial bottles free at John Y.
