REV. DR. TUTTLE
Preached His Farewell Sermon Last Evening.
Rev. D. H. Tuttle preached a remarkable sermon last evening to a large audience on the subject of the holiness movement in connection with the second coming of Christ and His personal reign on earth. The boldness, together with the zeal and ability with which he handled these great subjects, was very commendable.
The substance of his remarks was to prove that the churches had lost their moorings in sectarianism, creeds, distinctive doctrines, &c., and instead of being one, as Christ prayed the Father they should be, they were all apart on non-essentials.
His tribute to the independent class of evangelists and holiness preachers was grand. He stated that all the great successful evangelists of today were believers and preachers of these two great, powerful doctrines of the word of God. He said the churches that had not been aided by this power, the increase in membership did not exceed the death rate. He showed that God had raised up a class of holy men today, with the Bible on their tongue's end, that were confounding the wise of the world.
As this was the last appearance of Dr. Tuttle before his congregation during this conference year he read his report of his year's labors. The amount contributed by his congregation was over \$3,000, an average of \$10.00 per member; number of additions during the year, 88, making 332 members in all. He stated he had preached 130 sermons, held 60 prayer meetings, sold 583 Bibles and distributed 3463 tracts.
Mr. Tuttle's work in Raleigh has been very successful and he has not only endeared himself to his congregation but the community in general. It is the generally expressed hope that he may be returned to this charge, which he has served so faithfully.

"The great question," as to where to buy good goods at good prices, is easily answered: Sherwood's.

PERSONAL POINTS.
ABOUT PROMINENT NORTH CAROLINA PEOPLE.
Here And Elsewhere in the State.
Judge Jas. C. McRae arrived today.
Mr. J. W. Jones, of Forestville, was here today.
Mr. George Graham, of the university, is in the city.
Mr. A. A. Thompson left for Goldsboro this afternoon.
Col F. A. Olds left this afternoon for Southport to be gone a week.
Harry Irlie, Esq., a promising legal light of Pittsboro, is here attending federal court.
Dr. George T. Winston, president of the university, arrived from Chapel Hill this afternoon.
Rev. John E. C. Smedes, formerly of this city, now of Pennsylvania, preached at Christ church yesterday.
Mr. B. F. Faison is now with W. P. & E. D. Clements, grocers, at 509 South Wilmington street, where he would be pleased to have his friends call.
Mr. J. H. Winder, formerly of the Seaboard Air Line, has just been made a lieutenant colonel upon the military staff of Gov. Atkinson, of Georgia. The Norfolk Pilot says editorially: "We are sure no more material figure or gallant aid will attend the Georgia commander-in-chief than he will find in our genial friend Winder."

THE COMMISSIONERS

Met Today. County Officers Elected and Work Commenced on the Sheriff's Bond.

The board of county commissioners met today in the court house. A great deal of interest was manifested in the meeting on account of the speculation as to whether the incoming county officers would be able to give their bonds required by law.
The first business of the board was the formal "swearing in" of the new board. The next business was the election of officers, a chairman, superintendent of county home, county attorney, janitor of the court house and a court crier. Messrs. W. C. Stronach, Allen, Armistead Jones, Booker and Jones were re-elected.
After some routine work, the board took a recess and shortly after 2 o'clock began the task of examining the bonds of the county officers-elect.
The bond of Mr. J. P. H. Adams, sheriff-elect, was first called for. Mr. Adams had his bond ready but there were several hitch-ups. One was that he had neglected to have his bondsmen get out a schedule of their property; another that Mr. Knight, treasurer-elect, was on the bond. If Mr. Knight qualifies as treasurer, which is probable, his name can not be considered, county attorney Armistead Jones says.
The whole afternoon was taken up with an examination of the securities of Mr. Adams' bond. Up to 4 o'clock nothing definite could be found out concerning their value as such. Mr. Adams will be allowed to obtain a schedule of the property of his bondsmen.
Mr. Knight's securities will be examined tomorrow.
The board will hardly finish examining the bonds until Wednesday. There is much speculation as to whether the elected officers can make their bonds. All have bondsmen for the amounts required but the question of speculation is whether or not the board will accept them.

A Hint to Raleigh.

The Southport Leader says: "The U. S. cruiser Montgomery, which will be remembered with pleasure by the naval reserves of this state, was presented last week with ceremonies becoming occasion with a handsome silver service by the ladies silver service association of Montgomery, Ala., the city in whose honor the cruiser was named. The place of this celebration was Mobile harbor, the chief coast harbor of Alabama. What have the good people of the city of Raleigh done for the splendid U. S. vessel named in honor of the city, and where will they celebrate the occasion? The place for Raleigh day would be in Southport where capital city people could greet the mat-of-war named in their honor and suitably celebrate the occasion."

Miss Badham's Return.

Miss Carrie Badham has returned from abroad. She has rented a flat in New York, and will have her music pupils come to her, as do the other leading teachers of the city. Miss Badham's success has been phenomenal. After taking a trip abroad, she finds herself possessed of several thousand dollars which she has in a New York bank. Miss Badham is well known here and is a relative of Mr. C. D. Hearty and sister of Mrs. G. F. Benson, of Charlotte.

IT TAKES.
People Catch on to the Great Advantages we Offer.
November, 1893, we had fifteen members of the Raleigh Branch, with 139 shares. Today we have 127 members, with 944 shares in Raleigh. This does not include \$2,000 worth of paid up stock owned by two members of the Raleigh Branch (one them \$500, each) on which they receive \$30 each per year as dividends, \$15 every six months, which is 6 per cent interest and in case of withdrawal an additional 2 per cent, making 10 per cent, besides the stock, which cost them \$500 is going on to maturity, for \$1,000. It takes longer paid up stock (maturing eight years) to mature than regular monthly payment stock. Why? Because all fare alike. The cash dividends paid them are deducted from the profits earned, but not from stock at maturity, for which they receive their full \$1,000. This is the reason that it takes paid up stock one year longer to mature than monthly payment stock, which is estimated to mature in about seven years.
HIGH WATER MARK.
I only have 56 shares to sell between now and January 1, 1895. (30 of which are spoken for now) when we will have \$100,000 worth in force in Raleigh.
Come and join us. Get in the precession. Start the year 1895. If you take stock now you will not have to make any more payments until the last Saturday in December, or if more convenient for you, January 1, 1895. I have a few blank applications left—have never rejected an applicant yet. Your money is as good as any one's, and it is not too late for you to commence saving something. It matters not how much you are getting, if you are not saving something you are not making anything. It matters not how poor you are, two cents a day will carry one share, and in about seven years you will have \$100.
We sell shares from one up, to any number. Call and get some of our literature. It will interest you.
CHAS. C. McDONALD, Sec. and Treas. Raleigh Branch of the Southern of Knoxville, Tenn.

THE WEATHER.
The Conditions and the Forecast.
Forecast for North Carolina: Fair. Cooler in eastern portion tonight.
Local forecast for Raleigh and vicinity: Fair Tuesday.
Local data for 24 hours ending at 8 a. m. today. Maximum temperature 71; minimum temperature 27; rainfall 0.00.
The barometer is high nearly everywhere, and there is no definite storm center or rain area on the map. The barometer is highest over Missouri and lowest over northern Michigan and Maine.
The weather is generally fair this morning, though light rains occurred last night.
It is moderately cold in the west. The temperature is apparently about normal everywhere.

Changes at the Union Depot.
Saturday there were two changes in the force at the union depot. Mr. "Bob" Murphy, who held the gate for passengers was removed and Mr. Will Shaw, who has been in charge of the lower gate, took his place. Mr. Alonzo Pool takes the position made vacant by Mr. Shaw's removal. The man who has been in charge of the union news company's stand, Mr. Morgan, was also removed. His successor is Mr. Wright, of Atlanta. Both removals were made on account of complaints as to the conduct of the officials.

Babies in Jail.
Candis Page and Annie Lewis, both colored were put in jail recently on capias for defamation of character. They were bound over to court for the September term but both were unable to put in an appearance. Each has a little baby about six months old and they sit in the outside corridor of the jail by the stove and croon to their offspring continually. A strange sound to be heard in such surroundings.

If you want solid measure oysters at 25 and 35c. a quart to go D. Bell & Co.'s stall in the market house.

LADIES, GET A CLOAK!
If you wait until nearly Christmas for a Cloak you must then take something you don't want. No merchant keeps up his assortment of Cloaks until Christmas, because after Christmas there is no sale for them; but right now our stock of Coats and Capes is in good condition and you can get suited and at a very low price, because we are trying to sell the last garment by the time holidays are here which is now nearly at hand. Ladies, get a Cloak now, at Swindell's.

MILLINERY.
To say we have done a big trade in millinery this season would be only a faint expression, as we have doubled on any previous season. Our hats are just what the people want, and the prices are right, at Swindell's.

THE BROOKLYN BRIDGE.
In our window we have a suspension bridge, 14 feet long and 7 feet high. It is made of pure white Castle Soap, square bars. The structure contains seven thousand cakes of soap. Under the bridge is the rolling water, with the big ships sailing and teams and carriages and pedestrians crossing over. This is a sight well worth a day's journey to see. This soap is a wonderful in price as the bridge is. Two of these cakes of soap for 5c. or ten for 25c. This exhibit is in the big show window at D. T. Swindell's store. The special artist, the decorator, came all the way from Cincinnati to make the bridge.

HOW DOES THIS STRIKE YOU? A member of the Raleigh Branch of the Southern Building and Loan Association had five shares of stock, on which he had \$171.00. He refused to cash it for the same. Why? Because he is a sensible man, and knew that in about two more years he would get \$700, and don't you forget it.
YOU ARE BOUND TO BE SECURE with this: A member of the Raleigh Branch of the Southern had some stock on which he had paid \$21. He needed some money. I told him the cash withdrawal value was \$21.20, and gave him a check for it. I sold this same stock back to him for \$100.00, he refused to cash it for the same. Why? Because he is a sensible man, and knew that in about two more years he would get \$700, and don't you forget it.
IS THERE DIFFERENCE?
Another man who had some of the same stock, on which he had paid \$32.50, wanted to withdraw and could not do so. He needed a little money. I had in and \$24 took it in. Look at this: being in a Building and Loan Association eleven months and selling stock which cost you \$37.50 for \$24.00, is the difference. The other party had some stock in the Raleigh Branch of the Southern, on which he had paid \$20.00, and was offered by a party who had not paid \$20 in cash. He would not take it. Will any man, with the last reference of having good common sense, fall for the difference in the value of the same stock? Here it is: Paid in the Raleigh Branch of the Southern in dues \$18. Refused \$20 for it. Paid in another association in dues \$32.50, and took \$24 for it.
A CAUTION.
It will pay any number of the Raleigh Branch in cash on demand every cent that he has paid in when the sixth payment has been made, and will not charge him one cent to reinstate if he wants to start again. Recollect you also get into addition to this 4 per cent of the time we have used your money. Also you have made twenty-four payments (every cent of it back and 10 per cent additional. Only \$3,000,000 and over is deposited as security to guarantee all our statements. If you call this but fair and square dealing? I say without fear of contradiction that no other association can or does do as well. We have members in eighteen states, 500 local branches, with 70,000 members. This is no bloated company. All of the money earned goes to our members. No company, but an association of members, all evenly interested. The same profit is credited to those who enter now as to those who have been in six years. Every share is credited every month in proportion to the amount earned by all shares. We give you every six months a printed statement showing exactly how much your stock has earned. I have an offer from two parties who will buy any stock that you may have that is three or four years old, who will pay you all that you have paid in and 10 per cent more. This is no inducement for you to sell, for all of our members know that they can get every cent and 10 per cent when their stock is only two years old from the Association. So any one would be foolish to sell his stock that is three or four years old, for in a short while your stock would mature, and you would get a check from the association for the full amount (\$101 for each share) for your stock.
