RALEIGH, DEC. 7, 1894

Mr. Sage says the elevated railroad
system will give New Yorkers ideal
transit "with a double deck and elec-
tricity."

For over 60 years Rev. William
Mays, of Perryville, Ky., has been
preaching the gospel, and has never
accepted a dollar for his services.

The parables have preached pro-
found Christianity successfully for
centuries, and ads that are little
stories obtain the widest reading.

Another big whaleback steamer for
ocean traffic is soon to be built at
Everett, Wash., where the largest
vessel of the kind was launched a few
weeks ago.

When people are heard to remark
that so-and-so's advertisements are
seen everywhere it is pretty good evi-
dence that so-and-so are wealthy and
growing more so.

A good advertisement is the best
solitior. It appeals to the people
who may want what it tells about, but
does not intrude upon people who care
nothing about the thing.

John Gary Evans, Tillman's gover-
nor of South Carolina, advocates an
abolition of the system of leasing out
convicts. To that extent he is in line
with modern civilization.

A landslip damaged part of Giare,
in the Italian Tyrol, yesterday, and
killed many cattle. No person was
injured. Many extensive vineyards
in the neighborhood of the village
were buried.

Harry North, son of Col. North, the
"Nitrato King," and Miss Jessie,
daughter of Sir David Evans, ex-Lord
of London, were married yesterday in
St. George's church, Hanover square,
London.

In the Belgian chamber of deputies
yesterday a vote was taken upon the
socialist proposal that amnesty be
granted to all persons now serving
terms of imprisonment for taking part
in the riots that occurred during the
universal suffrage agitation, and the
motion was defeated by a vote of 79
to 42.

It has been proposed in Kansas to re-
submit the prohibition question to a
vote of the people, and the matter will
come before the legislature shortly. The
preachers in the state are organizing
to fight the proposition, and are trying
to get senators and assemblymen
to pledge themselves to vote against a
resubmission.

Major Hambrough, father of Lieut.
Hambrough, for whose murderer
Alfred John Mason was tried in Edin-
burgh last year, the trial resulting in
the discharge of the prisoner on the
verdict of "not proven," some time
since instituted a suit against the
Mutual life insurance company to re-
cover 20,000 insurance on his son's
life. The jury in the case yesterday
returned a verdict for the defendants.

In addition to his former gift of
\$8,000, king Humbert has made a do-
nation of \$20,000, to be devoted to the
relief of the sufferers by the earth-
quakes in Italy.

A writer in the Paris Figaro tells of
a ten-ton yacht having been devised,
designed, built, launched and ready
for sea within two months. This
yacht, which is of the fin keel type, is
just leaving the stocks at Bordeaux.
She is very light and is built of oak
and Canadian beech. "If one may
judge," says the writer, "from her
appearance, she has a brilliant future
in store."

Nowhere are old soldiers so dis-
tinguished as in China. In 1890 the
emperor Kiang-Su issued a proclamation,
which read in part as follows:

"To thank Heaven that it has allowed
us to reach the age of 20 years, we
herewith raise all the active soldiers
of the eight banners of Manchuria and
Mongolia to the rank of the nobility.
To those who have passed fourscore,
we give in addition a piece of silk, ten
measures of rice and ten pounds of
meat. Those who have passed their
90th birthday are to receive double
measure in each case." When the
crack regiments of the Chinese army
contain men almost a century old, it
is not so difficult to understand the
successes of the brave Japanese.—

A Fight With an Out-Law.

MEMPHIS, Tenn., Dec. 5.—Near
Payne's mills, Ala., yesterday morning
chief of police Mills and a posse
of officers, cornered Jim Morrison, the
noted outlaw, who recently dynamited
his way out of the Pratt mines prison
and murdered deputy sheriff Dexter.
Morrison was heavily armed and a bat-
tle followed. The officers made it so
hot for him that he fled, but soon fell,
pierced by a rifle ball. He succeeded in
getting into a dense woods, how-
ever, which the officers cared not to
penetrate, and is believed to be in the
hands of friends, but mortally wounded.

"It is a pleasure to sell Chamber-
lain's Cough Remedy," says Stickney
Dentler, druggist, Republic, Ohio.
Because a customer, after once us-
ing it, is almost certain to call for it
when again in need of such a med-
icine. We sell more of it than of any
other cough medicine we handle, and
it always gives satisfaction." For
coughs, cold and croup, it is without
an equal. For sale by J. Hal Bobbitt, druggist.

He Would Wall up America.

WEST CHESTER, Pa., Dec. 5.—In ad-
ressing Brandywine council, Jr. O.
U. A. M., at its anniversary here last
evening, Augustus Bacharach, a
prominent member of the order made
this speech:

"Politicians go around during cam-
paign times saying that hard times
are caused by the blundering of the
other party.

Let me tell you that the cause of
the general distress is in part due to
the action of ladies who go into stores
and ask for imported silk when they
can get American silk just as good.

This is true also of men who buy im-
ported cigars. I believe if we would
build a wall around this country we
would be better off."

When she became Miss, she clung to Castoria.

A Queer Pension Bill.

WASHINGTON, Dec. 5.—The first
bill passed at this session of the sen-
ate was a notable one. It pensions
Mary Martin, whose husband left
home twenty years ago, and who may
be still living, but the bill contains
the unique provision that the pension
is to cease "if the old soldier ever
returns."

ABERDEEN, O., July 21, 1891.
MESSRS. LIPPMAN BROS., Savannah,
Ga.: Dear Friends—I bought a bottle of
your P. P. P. Hot Springs. It has
done me more good than three
months' treatment at the Hot Springs.
Send three bottles C. O. D.

Respectfully yours, JAS. M. NEWTON,
Aberdeen, Brown County, O.

CAPT. J. D. JOHNSON.

To all whom it may concern: I hereby
testify to the wonderful properties
of P. P. P. for eruptions of the skin. I
suffered for several years with an un-
known disease, and my face was
very ugly. I tried every known reme-
dy but none could cure me. I used
P. P. P. and was soon relieved. It
purifies the blood, builds up the
weak and debilitated, gives
strength to the nerves, expels
diseases giving the patient vitality and
happiness where sickness, gloomy
feelings and lassitude first prevailed.

For primary, secondary and tertiary
syphilis, for blood poisoning, mercur-
ial poison, malaria, dyspepsia, and
all blood and skin diseases, like
rheumatism, neuralgia, sciatica, etc.,
P. P. P. is the best remedy. It
cures all diseases of the skin, especially
those of the skin, usually known
as skin cancer, of thirty years' stand-
ing, and found great relief it
was applied to the sore. It removes
the tumor, and the skin becomes
soft and smooth. I have taken
one bottle of your P. P. P., and can
cheerfully say, it has done me more
good than any other medicine I have
ever taken. I have no more
confidence in any other medicine.
I can speak in the highest terms of
your medicine from my own personal
knowledge. I was affected with heart
disease, and suffered from it for
20 years. Was treated by the very best
physicians, tried every known remedy
on my disease, but nothing would
take it away. I have taken one
bottle of your P. P. P., and can
cheerfully say, it has done me more
good than any other medicine I have
ever taken. I have no more
confidence in any other medicine.
