RALEIGH, N. C., FEBRUARY 23, 1895

Of the legislative session nineteen days yet remain.

The number of persons now drawing pensions on account of the Mexican war exceeds the total number of American soldiers who participated in that struggle.

The treasury's gold increases at the rate of \$2,000,000 or \$3,000,000 a day. The reverse will probably be \$80,000,000 or \$85,000,000 when all the purchased gold comes to hand.

If Germany will take hold of the silver problem and adjust it satisfactorily, she can be freely forgiven for all the harm she has done us in keeping our products out of her markets.

A formidable fighting machine is to be added to the navy in a few weeks. It is the first of the modern monitors, the Amphitrite, now receiving her finishing touches at the Norfolk navy yard.

The privilege of postmasters at free delivery offices in making temporary appointments to vacancies in the force, irrespective of the civil service board, when that board certifies less than three names of eligibles, is revoked in a new rule of the post office department.

The recent severity of the weather may be judged from the fact that several Arctic birds never before seen in England have been captured in the Cambridgeshire fens. Along the South Atlantic coast of this country the fish are reported to be benumbed with cold and, floating in the coast rivers in large schools are caught by the boatload.

The California orange crop now ready to be picked is estimated at 2,800,000 boxes, and it is said that some of the growers will realize \$400 an acre for their fruit. Three years ago California lost its orange crop through a severe frost. There is encouragement in these facts for Florida.

The missionary societies of the various religious denominations in this country naturally take a deep interest in all wars waged in countries not yet Christianized. According to their latest reports the societies maintain 4000 stations and 6000 schools in different parts of the world, and expend on them annually about \$5,500,000.

Chinese Generals are really nothing but contractors. Like the mandarins of the civil service, they purchase their appointments as a kind of investment for surplus capital. The general gets a certain sum from the government, for which he has to furnish a certain number of troops and the camp. His "savings" are limited only by his conscience; he can doctor the lists of men and cheat the men as he pleases.

The order for a sympathy strike on the part of the workmen employed in building operations in New York is hard to understand in view of the recent disappointing result of a similar movement in Brooklyn. Only a few days ago, the leaders of the Brooklyn strike gave formal notice of its failure, with an estimate of its cost—about \$3,000,000—and an appeal to public charity in behalf of the impoverished strikers.

Love's Young Dream.

Father—Now, see here! If you do marry that young pauper, how on earth are you going to live?

Sweet girl—Oh, we have figured that all out. You remember that old hen my aunt gave me?

Yes.

Well, I have been reading a poultry circular, and I find that a good hen will raise 20 chicks in a season. Well the next season that will be 21 hens; and as each will raise 20 more chicks, that will be 420 the next year the number will be 8,400, the following year 158,600, and the next 3,360,000! Just think!! At only 50 cents apiece we will then have \$1,680,000. Then, you dear old papa, we'll lend you some money to pay off the mortgage on this house

A Singular Case of Litigation.

An extraordinary case is being enacted in justice Robbin's court at Little Rock: Louis Parker, a farmer, employed on the Cates plantation, has sworn out a replevin for his wife and children and household goods, held by James Webber, agent of the plantation. He claims he started to leave the plantation and was followed by Webber, who caught them at Bourche Dam and took them by force for alleged indebtedness.

Pluckily Sustained the Torture.

William Welch, an old bachelor, who has for years resided alone in an old house in the southern part of St. Joseph, Mo., and who is reported to be a miser, was called out of bed early yesterday morning by five masked men, who seized him, and at the point of pistols attempted to make him divulge the hiding place of his money. He refused and they set fire to his hair and beard, burning them off, and roasted his feet in the fire, he still refused to tell, and the gang escaped.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else; they bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such a result, of which these are samples, that prove the wonderful efficacy of this medicine in cough and colds. Free trial bottles at John Y. MacRae's drugstore. Regular size 50c and \$1.

Senator Ransom, as was expected, gets the fine appointment of minister to Mexico. It is a much coveted place, with \$17,500 salary.

Marvelous Results

From a letter written by Rev. J. Gauderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were always marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at John Y. MacRae's drug store. Regular size 50c and \$1.00.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by J. Hal Bobbitt, druggist.

AWARDER, G. July 21, 1891. MRS. LIPPMAN BROS., Savannah, Ga.: Dear Sirs—I bought a bottle of your P. P. P. at the store of Mr. J. Hal Bobbitt, Raleigh, N. C., and it has done me more good than three months' treatment at the Hot Springs. Send three bottles to J. H. Johnston, Aberdeen, Brown County, N. C. Respectfully yours, J. H. JOHNSTON.

To all whom it may concern: I hereby testify to the wonderful properties of P. P. P. for eruptions of the skin. I suffered for several years with an unsightly and disagreeable eruption on my face. I tried every known remedy but in vain, until P. P. P. was used, and then I was entirely cured. J. H. JOHNSTON, Aberdeen, Brown County, N. C.

Skin Cancer Cured. Testimony from the Mayor of Sequin, Tex. SEQUIN, TEX., January 14, 1893. MRS. LIPPMAN BROS., Savannah, Ga.: Gentlemen—I have tried your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief; it purifies the blood and removes all impurities from the seat of the disease and prevents any spreading of the sores. I have taken five or six bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly, GAPT. W. M. RYAN, Attorney at Law.
