If France follows the example of Germany in excluding American dried apples, the supply of foreign magazines in this country may be considerably disturbed.
 Three hundred and ten negroes left Memphis yesterday for Libia. The negroes were gathered from Arkansas and Mississippi. The craze is spreading in the southern cotton counties.
 Mexican bankers are becoming apprehensive of the currency situation in the United States and several important houses refuse to purchase drafts on New York when not expressible payable in gold.

Now the scientists come forward with argon, the newly discovered element in the air, which is described as "singularly inert, proof against the attack of the most active substances, as well as all attempts to induce chemical union."
 A dispatch from Madrid, Spain, says that the governor general of Cuba, having made a demand for the recall of the U. S. consul general at Havana, the cabinet at a meeting held last evening decided to support his demand.
 The Castellane-Gould wedding and the adjournment of congress occurred at the same time. One of these events was worth \$2,000,000 to a citizen of France, and the other was worth a good deal more to the people of the United States.

It is a curious fact that in one of the recent battles, where an army of 13,000 Chinese was put to rout by a charge that was stubbornly resisted, only twenty men were killed on one side and 200 on the other. This implies a great waste of ammunition, to say the least.
 The city of Port of Spain, on the island, narrowly escaped total destruction by fire. The loss will amount to nearly \$4,000,000, the chief business section having been the center of the conflagration. Nearly 20,000 people would be homeless if it had not been for the assistance given by the United States north Atlantic squadron in extinguishing the flames.

The gold craze is over it seems and bimetallicism is to be the issue in the next national campaign. Silver must be restored say the originators of the new silver party. Only two North Carolina congressmen signed the call for the formation of the new party. The republicans will probably nominate a gold standard candidate for president. The list of the democrats who signed the silver proclamation to the members of their party contains many prominent names. Among them are those of Bland, Bryan of Nebraska, Fithian, of Illinois, Whiting, of Michigan, Money, of Mississippi, and Evan P. Howell, of the Atlanta Constitution. The greater part of the west and the south is represented on the roll. Sixteen states and two territories contribute signers. All of them are not members of congress, but all are in high standing in this party.

Notice.
 Notice is hereby given that application is made to the present session of the general assembly of North Carolina to incorporate the town of Forestville, Wake county.
