CHARGE, CHILD MURDER.

COLORED GIRL, NAMED AUS-TIN, ARRESTED.

Dogs . Made a Meal on a Mar lered Infant-Body Not Fourt.

This morning a VISITOR reporter had a talk with a citizen of Holly Springs in regard to the strange story of a dog with a dead baby's feet in this paper yester by afternoon. The facts as stated in the Visiron were correct, he said, but he farmished the reporter with some further details,

It seems that a colored girl, named Austin who lived at the place of a Mr. Mimms near Holly Springs, was in a delicate condition. Tuesday morning Mr. Mimm's do, was seen running across the yard with something in his mouth. As stated yesterday, the something was a foot of an infant negro, which had been rudely cut from the leg. The people were horrified and when another dog was seen carrying a piece of flesh he was scared and forced to drop his prev. This proved to be the hand of the infaut Both the hand and foot were perfectly sound and it looked as though the child had been but a few hours dead.

Suspicion at once fell upon the girl. Austin She of course denied her guilt and a thorough search fe led to discover the dead body. The murderer must have killed and then and up her child. The Visiton's informant said that he heard yester lay afternoon that the girl bei ben arrested. charged with murder. He said it was also rumored that she had made a confession.

Six Per Cent Interest.

It is of general interest to the publie to know that the now interest law making six per cent the rate goes into effect day after tomorrow. It was ratified March 13, but as by an oversight it has no enacting clause, it does not go into effect until thirty days after ratification.

Rev. Mr. Moran Discusses "The Intermediate State."

The church of the Good Shepherd was filled last evening by a large congregation, to hear the Rev. S. Wilson Moran, of Warrenton, who preached the last of the series of sermons which have been in progress there on the Wednesday evenings during Lent. Mr. Moran's subject, "The Intermediate State," which he presented in a very forcible manner, thoroughly interes ted his hearers. Mr. Moran has recently gone to Warrenton from the Diocese of Milwaukes, and this is the first opportunity people here have had of hearing him.

The New Electric Company.

Two new Ball engines, each of 120 horse power, are ready to be put in place at the power house. The wires will for the present be in the business part of the city and the work will be extended. It will be six weeks before steam is turned on in the new engines. It is srid that the lights for husehold use are to cost at the rate of 22 cents for 16 2 3 hours. For a Grand Concert May 10th-Committee's Meeting.

Last evening there gathered in the mayor's office a number of gentleman of the committee appointed the ladies of the monumental association as a committee of ways and means to raise funds for the purpose of making the unveiling of the confederate monument the grand and glorious occasion it should be. The committee was selected from the chamber of commerce and named by the ladies, at the suggestion of chief marshal Carroll. That the suggestion is a good one is well proved by the push and go which were in evidence at this, the committee's first meeting.

Mr. J. B. Kenney was elected chairman, and Mr. Jos. E. Pogue seeretary. Then followed a general discussion of plans, "for revenue only," for that is what the committee is working for as a secondary object. The primary one is to make the unveiling ceremony an ever memorable affair. The chief plan that was proposed and the one that was adopted, is to have a grand concert given here for the benefit of the celebration fund. The date fixed is Friday. May 10th, and the concert will be held at the academy of music.

The committee is to push the project and proposes not only to raise a considerable amount of money from the proceeds, but to give the people of Raleigh an opportunity to hear such music as is rarely heard here. Singers of note and reputation are to be invited and procured for the occasion from three states, North Carolina, South Carolina and Virginia.

Other business transacted was the election of an executive committee, which is composed of Messrs J. B. Kenney, Jos E. Pogue, N. B. Broughton, T. T. Hay, J. R. Ferrall, R. B. Raney, J. C. Marcom and E. B. Barbee. A committee composed of Mr. John B. Kenney, Mrs. Armistead Jones, Mrs. Garland Jones, Mrs. J. w. Hins dale and Mrs. R. B. Raney was appointed to make the necessary arrangements for the concert.

A BIT OF HISTORY.

It Was Not Gen. Kilpatrick at Whom Lt. Walsh Shot.

Tuesday night at the banquet at the Yarboro Mr. R. H. Bradley had a talk with Maj. Hayes, U. S. A, and found that it was the latter, and not Gen. Kilpatrick, at whom Lt. Walsh, of Texas, shot, on Fayetteville street, just after the surrender at Raleigh. Mr. Bradley, who was a gallant soldier in the "Bethel" regiment, was here on light duty, having been wounded, and was near the south gate of the capitol when Walsh and another man rode out of a store. Walsh drew his pistol, and though Mr. Bradley begged him not to fire, and said For God's sake don't shoot, the city has been surrendered," said he would have one more shot. He fired three times at the federal advance guard. This was led by Major Hayes, Kilpatrick was a mile in the rear. Walsh was chased and captured. When he was taken before Kilpatrick. Hayes told the latter Walsh was intoxicated and not responsible. but nevertheless Kilpatrick had him hanged at once. When the shots were fired Lt. Walsh was nearly in front of where Jordan's restaurant now is and the federal advance guard was about in front of the Yarboro, Mr. Bradley ways. He kindly gives the Visitor this interesting bit of history.

Meeting of the Trustees-N.C. Car Co. the Contractor:

At a meeting of the trustees of the Baptist women's college, held here Tuesday evening, the matter of ennew book firm here, composed of four dowment was discussed, and while sufficient endowment has not yet been raised the trustees came to the conclusion that the prospects of the college were bright enough to permit them to start work. The matter of buildings was also talked over. The main building is to be a handsome one, the cost of which will certainly amount to \$30,000. It will be a three story one and fitted out with all the modern improvements.

A committee was appointed to give out the contrart according to the bids which were made for the work. Yesterday afternoon.

A committee was then appointed to gi e out the contract according to the bids which were made for the work of her son-in-law, Mr. P. Linehan. Yesterday afternoon the committee decided to award the contract for putting up the buildings to the North Carolina car company.

Rev. O. L. Stringfield, traveling financial agent of the college, is now here. For months he has been traveling over the state, from Murphy to Manteo, working zealously for the college. He has been very, very successful. He soon leaves for another

The work on the buildings is to ommence at once, the Visitor understands, and it is not at all improbable that the college doors will be thrown pen next September.

Miss Culbertson's Recital.

The entertainment to be given by Miss Culbertson next Tuesday evening promises to be a rare treat, as the following quotation from the New York Recorder will show: "Miss Culbertson has written some lovely poems, and has turned her attention to publie recitations of her work with success. One of the quaintest and most pathetic is about a negro baby born Raleigh electric company, so as to at the time of the emancipation precarry not only the trolley wires but clamation, and whose mother called it the wires of the new lighting com- "Emancipation Proclamation Independence Day." This became boiled down to "Pennance," and under that title Miss Culbertson recited the ta e before the Sorosis society on Monday last amid much applause.'
