Lucky Friday.

Times change and luck will run your way next Friday when Swindell will have a special sale of dress gingham at (3 3-4) three and three quarter cents a yard one day only at Swindell's.

A Fourth Less Than Cost.

All men's clothing will be sold in suits for one-fourth less than the actual cost of same. And we have a beautiful assortment of men's summer suits and a very large stock to select from. We will not have a clothing department when we move to Norfolk and shall not carry any clothing from here if our low prices will sell it. For instance a suit that sold \$15 cost \$10 and we now sell at \$7.50. So you see this is just half the retail price and one-fourth less than cost at D. T. Swindell's.

THE SUPERIOR COURT.

THE CASE OF STANFORD VS ELLINGTON UP.

Governor Carr and Secretary of State Coke are Present.

In the superior court today the jury in the case of A. J. Dement vs J. J. Johnson found in favor of the latter, so Dement has to pay him \$500.

The case of the deaf-mute school at Morganton against the deaf, dumb and blind institution here came up. The question is as to which institution is entitled to a bequest of \$6,000 which in 1854 was made by John Kelley of Orange county for the education of poor deaf-mutes. The Morganton school claims it is entitled to all of this. The institution here, which has a deaf-mute department for colored pupils, claims that the latter is entitled to part at least of the bequest. The Morganton school denies this claim by saying that in 1854, when the bequest was made, negroes were not citizens in law and the bequest was therefore made entirely to the white race.

This afternoon the case of E. D. Stanford of Yadkin county against J. C. Ellington, involving title to the office of state librarian, came up. Stanford, who was one of the clerks of the last house, is present, as is also Satterfield, principal clerk of the house. Gov. Carr, secretary of state, Coke and librarian Ellington are also present. Of counsel there are for Stanford Messrs. J. C. MacRae, W. H. Day, T. R. Parnell and Spier Whitaker, these being the same as the counsel for the fusion board of penitentiary directors, as this case involves the same points as the penitentiary case. Messrs. Shepherd and Busbee and E. W. POU are Ellington's counsel.

The first point which came up was as to the production of the journals of the house and senate on the day the election of Stanford took place. The counsel for Stanford contended that the secretary of state's presence could be compelled by this court. Judge Starbuck held that it could not.

Then Stanford made affidavit that it was necessary to have the secretary of state produce in court the official journals of the house and senate for the day in question. This point was mainly argued, Messrs. Armistead Jones and J. B. Batchelor appearing for Coke. The latter also addressed the court. His side carried the day. Judge Starbuck said that the public records of this kind cannot be carried around the state, and yet he hated to see the case delayed. He said that Stanford ought to have had a certified copy of the journals. The judge told Capt. Coke he decided for him and then suggested that as a courtesy the latter have the records brought to the court. To this Capt. Coke at once assented. He said he would do all he could to expedite the matter.

Mr. C. M. Busbee, on behalf of Ellington, denied Stanford's demand for the office of librarian. He said his side had a copy of the senate journal, and offered to allow the other side to use this.

HOLLAND GIVES BOND.

HE WAS RELEASED FROM CUSTODY TODAY.

District Attorney Glenn Says he Intends to Find Out Where He Was Hidden.

The Charlotte Observer of today says that it is possible for a man to find comfort and pleasure in jail, such experience is bank ex-cashier J. E. Holland's.

He breakfasted, and in fact took all his meals with sheriff Smith's family, and the sheriff kindly gave him the use and liberty of his parlor yesterday in which to see his friends.

For the first time since last Tuesday night his wife saw him last night. She went to the jail after dark in company with Mr. Shaw, her brother, and remained for an hour or so. She was greatly relieved at his surrender. Like him, she preferred his being in the penitentiary, where she could hear and communicate with him, to his being free and in exile.

When discussing the amount of bond which Holland must give, U. S. district attorney Glenn remarked that he thought a \$20,000 bond and ten years in the penitentiary would satisfy the government. "Do you suppose he will be sent for so long a term?" asked the Observer. "I don't know," said Mr. Glenn, "that is with judge Dick. Five years, you know is the very least he can get."

"Not," said Mr. Glenn, "if every man, woman and child in the town went down on their knees to the judge. He might appeal to comptroller Eckles; he is the only one who could shorten the term of years.

Rev. Dr. Preston, the pastor of Holland's church, the First Presbyterian, saw him alone. What passed between them no one knows, but Holland appeared much more bright and cheerful after a talk with his pastor. Dr. Preston approves of his action in surrendering himself. Yesterday was the first time he had seen Holland since the beginning of the end.

District attorney Glenn said, speaking of the bank's affairs and of Holland's big steal, said: "I am not satisfied with this business yet; I am going to probe it to the very bottom, and I am going to get comptroller Eckles to issue an order giving me power to have bank examiner Miller go through the bank. I never expect to stop until I know all. I can't understand what Holland has done with so much money, not to have lived more extravagantly than he has."

One of Mr. Glenn's first questions, referring, of course to Holland, was "where has he been hidden?" "No one knows," said the Observer. Well, I will know," said Mr. Glenn, "or else he will have to swear a lie." "Would any one harboring him be liable to indictment?" asked the Observer. "I think they would," said Mr. Glenn. "Even before a warrant was taken out?" "Yes; he was a criminal just the same, before as after the warrant," said Mr. Glenn.

A Card from the Water Works Co.

RALEIGH WATER WORKS CO., RALEIGH, N. C., April 30, 1895.

A local notice of the deadly sulphuric acid in the city water in this morning's paper probably requires some notice at my hands because the patrons of the company may become dissatisfied, and to them and others I desire to call attention to the fact that the analysis made in Dr. Battle's office by a chemist is not official, and that the sulphuric acid found its way into the water in August, 1892, and a thorough examination of the water, both chemical and biological, was made in January, 1893, and the result of it, published in the News and Observer by Dr. James McKee, president of the board of health, disclosed the fact that the water was unusually pure and good for all purposes. It is now more than three years since the acid entered the water, and common sense should teach us that the constant dilution of the acidulated water would free it by this time. Dr. McKee asked me for specimens of water last Saturday for examination, and after examination he will report officially on its condition.

Very respectfully,
A. M. McPHEETERS,
Superintendent.
