The fact that London is again buying American securities is one of the bull factors in the business situation.

If China now goes to work to introduce American appliances and methods of civilization, as is reported to be her intention, she will fare much better in her next war with Japan.

The recent achievements of Japan have led her to turn her attention to securing a treaty with Nicaragua, which would secure marked privileges in the Nicaragua canal.

The temperature in New York was lower early yesterday morning than it has been during the month of May since 1891. Friday last was the hottest day there in any month of May since 1895.

The I. O. O. F. was established 76 years ago and at the time only numbered five members. Now it numbers 900,000 men and over 200,000 women. It has paid out to widows and orphans something like \$65,000,000.

The Memphis sound-money convention will make a grave mistake if it goes into a discussion of the banking system, or any other side issue. It should confine itself strictly to the silver question, which is the one of paramount importance at present.

One of the most remarkable cases in the annals of medical history occurred in Brooklyn Saturday, in the birth of quadruplets—the boys and one girl—of whom two boys are living. The mother, a small, frail woman, died from shock.

After a lively discussion the titling system, or enforcement of the giving one-tenth of each member's income at the southern Baptist convention at Washington, D. C. Rev. D. B. Ray, of St. Louis, criticised the system as "keeping books with God."

No less than 4,000 immigrants arrived at New York last Saturday, 2,000 arrived yesterday and 15,000 were expected to arrive during the remaining days of this week. These have arrivals are almost unprecedented during the last several days.

The report of another outbreak of cholera at Mecca is confirmed from official sources. Cholera prevails at Mecca and in the villages frequented by the caravans of pilgrims in El Hadji, "the land of pilgrimage." In this region are the sacred cities of Mecca and Medina.

The Southern Baptist convention adjourned at Washington yesterday. Its next convention will be held at Chattanooga, Rev. C. A. Stokely of Washington, will preach the annual sermon, with Rev. C. Durham, of Raleigh, as alternate.

The people of Unicoi county, in the eastern part of Tennessee, last night hanged and burned Gov. Turney in effigy at the county seat. The people of Unicoi feel particularly indignant because the partisan investigating committee threw out ten of the twelve districts in that county, three-fourths of the vote of the county being for Evans.

A children's ward is to be opened in the mission hospital at Suchow, China, and this is to be called the "Mary Black" ward, in honor of the late Mrs. W. S. Black, who organized the Bright Jewels society of North Carolina children who are starting the fund.

The U. S. supreme court has decided that all officers and men in the army and navy, as well as those in the militia while in the service of the United States, are at all times subject to military law, and that court-martial sentences cannot be set aside or reviewed by civil tribunals on writs of habeas corpus.

Senator Henry M. Teller sounded the keynote for the next republican national campaign in Colorado in his speech at the Bland silver meeting at Denver. He announced that he had cast his last vote for any presidential candidate who was opposed to free silver or lukewarm in its interests he did it with the knowledge that the republican party of Colorado stood as one man at his back. He then said: "It is free coinage or disruption for the national republican party in 1896. Which will you choose?"

The departure of chief Arthur of the brotherhood of locomotive engineers for Europe has been the signal for an attack on him, emanating mainly from New York labor unions. This attack has taken the form of charges quietly made that he regularly "sells out" organized labor whenever there is a great strike on. This he accomplishes, it is alleged, through the medium of his organization, which Arthur's tendency usually contrives to bring out on top. It is asserted that he has a tendency to let the cat out of the bag whenever any movements are on foot in the labor world.

Skin Cancer Cured.
Testimony from the Mayor of Seaside, Ore.
Seaside, Ore., January 14, 1893.
Ernestus, LEWIS, Savannah, Ga.: Dear Sirs—I have tried your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief. It purifies the blood and removes all impurities from the seat of the disease and prevents any spreading of the sores. I have taken five or six bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly,
ERNESTUS LEWIS,
 Attorney at Law.
