The U. S. agricultural department  
 has decided that the peanut is not a  
 nut, but a pea.

According to the present indications  
 the Illinois democratic convention will  
 not contain enough opponents of free  
 silver to perform the service of pall-  
 bearers.

Canada is unwilling to annex New-  
 foundland and assume its debt of \$15,-  
 000,000, and the unfortunate colony  
 will probably have to fall back on the  
 charity of England.

The reservation of the Kickapoo  
 Indians, 223 square miles in area, in  
 the heart of Oklahoma, was thrown  
 open to public settlement today.  
 Kickapoo lands at 32 cents an acre  
 are a great bargain for the buyer—  
 the United States government. The  
 reservation is simply a magnificent  
 park of 300,000 acres.

It is indeed a grand gathering of ex-  
 confederate veterans at Houston,  
 Texas. Fully thirty thousand visitors  
 are at the reunion. Gen. John B.  
 Gordon's address was delivered yester-  
 day and was listened to by 7,000  
 people and cheered to the echo. An  
 ovation was given Miss Winnie Davis.

The Pope has issued an encyclical  
 letter which is an appeal for christian  
 unity and asks for universal prayers  
 that there may be one faith. He calls  
 on all good Catholics to join with him  
 during the nine days preceding the  
 sacred feast of the pentecost to pray to  
 God with one mind and with especial  
 fervor to send forth His Holy Spirit  
 on the face of the earth.

The first shipment of armor plate  
 ever made from this country to a  
 foreign government was made Tuesday  
 from Bethlehem, Pa., by the Bethle-  
 hem iron company. The shipment  
 was a portion of the contract of 1500  
 tons which the company is filling for the  
 Russian government. The plate is one  
 for a battleship and weighs 24 tons.  
 The company also made a shipment  
 for Japanese war ships.

A Pittsburg, Pa., paper has under-  
 taken to raise a fund to erect a memo-  
 rial to "Steve" Foster in one of the  
 parks of that city. If every person  
 who has sung and admired the simple  
 but uniquely beautiful songs of that  
 modest genius would contribute a  
 penny Foster would have a greater  
 memorial than any other musician  
 who ever lived. His songs are sung  
 daily all over the country.

An insurrection has broken out in  
 Creek nation in the Indian territory  
 against the tribal heads of the govern-  
 ment. Armed bands are marching on  
 Oskmulge, the capital. The trouble  
 is because of alleged misappropriation  
 by the Creek head of the government  
 of a part of the Creek fund which was  
 to have been paid out per capita to  
 the Indian citizens. Eparheche, an  
 Indian who led the insurrection of 1883,  
 is said to be at the head of the present  
 trouble. The people are arming them-  
 selves. The United States troops will  
 soon quiet this trouble.

It follows that by the reason of the  
 knocking out of the income tax the  
 revenue will be reduced, which means  
 that the deficit will be increased to  
 the extent of the sum that the income  
 tax was expected to yield. The origi-

nal estimate in that respect was \$30,-  
 000,000, which was decreased to \$15,-  
 000,000 by the first decision of the  
 court, and which is now entirely  
 knocked out. There will be no neces-  
 sity, however, for a special session of  
 congress to protect the government  
 against the effects of this proceeding.  
 The gold reserve is adequate for all  
 practical purposes, and the general  
 condition of the treasury is better  
 than it has been at any previous time  
 in the last two years. A large deficit  
 for the current year was inevitable in  
 any event; and this will simply make  
 it a little larger without introducing  
 any new source of danger.

A very interesting experiment in  
 transportation will soon be in pro-  
 gress of trial at Chicago. The lake  
 Michigan car ferry transportation  
 will take loaded cars on its boats and  
 carry them 250 miles, delivering them  
 at Chicago. It is calculated that cars  
 can be delivered in this way at a less  
 expense than is incurred in the main-  
 tenance of 250 miles of roadbed and  
 track and the ordinary wear and tear  
 of rolling stock and locomotives. The  
 result will be watched with inter-  
 est.

**JUDGMENT FOR A FIANCEE.**  
 She Has an Insurable Interest in  
 the Life of a Man to Whom  
 She is Engaged

Judge Priest at St. Louis Tuesday  
 gave Minnie Robinson a judgment for  
 \$5,379 against the United States mu-  
 tual accident association. This es-  
 tablished the proposition that a lady  
 who is engaged to marry a man  
 has an insurable interest in his life.  
 Dr. E. O. Moore, of Helena, Ark., had  
 a wife with whom he had not been  
 living for several years. He met Miss  
 Robinson, who was a teacher in the  
 public schools there, and engaged to  
 marry her when he got a divorce from  
 his wife. He then held a \$500 insur-  
 ance in the Mutual accident association,  
 payable to his two children, but  
 he had Miss Robinson substituted as  
 beneficiary. Some time afterward he  
 was killed in a quarrel with another  
 doctor, over an operation each had  
 been summoned to perform. Miss  
 Robinson sued the company, which re-  
 sisted payment chiefly on the ground  
 that she had no insurable interest in  
 Dr. Moore's life. In overruling the de-  
 nialer judge Priest held that her  
 substitution as beneficiary was strictly  
 in accordance with the terms of the  
 certificate, and that the company could  
 not escape the contract.

Mr. Thomas L. James, of New York,  
 who served with Mr. Robert T. Lincoln  
 in president Garfield's cabinet, de-  
 clares that Mr. Lincoln remarked in  
 London that he was not a candidate  
 for the presidency. Mr. James adds:  
 "I remember that as we started for  
 home he put his hand in the carriage,  
 shook hands all around, and then ex-  
 claimed: 'Good-by, God bless you all,  
 and damn a Mugwump!'" The New  
 York Sun thinks that this phrase, if  
 copyrighted, might be effective in  
 selecting its author to the presidency;  
 but it fears that "every other candi-  
 date who stands a ghost of a chance  
 for nomination or election will stand  
 on precisely the same platform."

Gov. Carr at the normal and industrial  
 school at Greensboro yesterday made  
 a short talk to the young women and  
 the large audience. In the afternoon  
 he visited the colored A. and M. col-  
 lege. The scholars sang and speeches  
 were made by Gov. Carr, Carroll D.  
 Wright, auditor Furman and Josephus  
 Daniels. A visit was also paid to the  
 Greensboro female college, where  
 president Peacock received them and  
 gave a pleasant entertainment.
