BOARD OF ALDERMEN.

SOME EXCELLENT REPORTS MADE LAST EVENING.

The Market Rents Reduced as Stated in the Visitor.

The meeting of the aldermen last evening was interesting and the business was of public value. Chairman Drewry of the street committee made an excellent report. It recommended the paving of the streets around the capitol square; the state and city to divide the cost. Property owners will then pay their proportion to the city. The cost to the latter will be \$2,500, and \$15,000 of work will be done. The report was on motion of aldermen Hoover adopted.

The police are to be furnished with new belmets, whistles and badges. During May 62 whites and 44 negroes were arrested, 27 on various charges of drunkenness.;

The market committee reported that it had reduced the rent of stalls for butchers ten per cent and huckster stalls twenty per cent, thus causing the annual increase to be a little more than \$100 more than that received for all the market rents before the recent improvements.

An ordinance were then adopted as follows: No wagons after Jan. 15 allow ed to retail produce about the market, without license, and the license shall be \$10 for two horse wagons and \$5.00 for one-horse vagons, or produce brought in any other manner.

A telephone is to be put up at Pullen park, so as to give prompt police ser vice. The fire committee made a report that it had arranged to allow the insane asylum to connect with the city fire alarm telegraph and to put up two alarm boxes.

The justified bonds of W. B. Hutchings for \$50,000 as treasurer; J. G. Brown for \$25,000 as commissioner of sinking fund, C. D. Heart for \$10,000 as chief of police and W. Z. Blake for \$5,000 as street commissioner were accepted.

The licenses of all the old liquor saloons were renewed save that of Atlas G. Denton.

The widening of Fayetteville street, below the Centennial school, and the extension of Morgan street west were referred to the street commstee.

Policeman lal Witherspoon's resig Tuesday next, at our special sale of nation was accepted, and Martin Thompson elected to fill the vacancy

An ordinance was adopted making the fine \$5 for jumping on street cars except for the purpose of riding and paying the fare.

The street car company, was instructed to remove the unused track from Hargett street and put the street in good condition.

AN OPINION

On the Ousting of the Two Aldermen by the Board.

Some days ago some of the local republicans bere employed Joseph B Batchelor, Esq , and Spier Whitaker, Esq., to give an opinion in the matter of the ousting of aldermen Parerik Stewart and C. E. King These attorneys say in their opinion the action of the board in turning out king and Stewart was illegal. They go on to say that the return which a candidate must make of expenses must be special and not merely for general campaign purposes, and that the latter return is an evasion of the law, which they say was enacted to secure fair elections and prevent the improper and illegitimate use of money by candidates. They set forth further that it failure to make returns properly causes forfeiture of office then the democratic aldermen have also forfeited theirs. They do not say in their opinion what is the proper remedy or manner of ousting, but Mr. Whitaker said today it was by quo warranto proceedings brought by the attorney

THEY FAVOR SILVER.

The Bimetalists Had a Meeting last Evening.

At the citizens' mass meeting here ast night to choose delegates to the bimetallic conference at Memphis, M. T Leach presided and Hal. W. Ayer was secretary. Fifty persons were present. E. C. Smith, Esq., ex-chairman of the democratic state executive committee, offered resolutions demanding free and unlimited coinage, appealing to men of all shades of political opinion to join in the demand, declaring silver coinage to be the overshadowing question and calling on all to unite on a friend of silver coinage for president. Mr. Smith said the resolutions were those of the democratic state committee, with all polities stricken out, becausee there was no polities in this question.

Secretary of state Coke said the resolutions ought to give 16 to 1 as the ratio, and declared he was in full sympathy with them.

Mr Hal. W. Ayer, editor of the Cau asian, appealed to all silver men to unite and put party prejudi esentirely aside, and declared that otherwise nothing could be done.

Otho Wilson said he favored the resolutions and also favored bimetalism ; that all debts were contracted under it and ought to be paid for un-

Ex-secretary B. C. Beckwith, of the democratic state committee, favored the resolutions, saying he had worked for Cleveland, but would never work for him again, nor for any New England or New York man unless they were for free silver.

The ratio of 16 to 1 was inserted in the resolutions. They were adopted and the chairman authorized to select delegates.

The Charlotte Observer today publishes the following head over the report of the meeting : " My God, Abernathy. 'Co-operation' at Raleigh. The Democratic-Populist fusion. A 'bimetalic' meeting of fifty in which Chambers Smith, B. C. Beckwith, Octy oke, Mid Leach, Hal. Ayer and Otho Wilson are indistinguishable-'all shades of political opinion' get together for sure-all hands marching to Memphis under Marion Butler's banner-other things in the Raleigh correspondence this morning, but nothing worth mentioning alongside that meeting last night."

The Observer, which is a "gold bug" paper, the silver men say, also has the following editorial: "Wasn't that a beautiful mess at Raleigh last night! Ex-chairman Smith and ex-secretary Beckwith, of the democratic state executive committee; Octy Coke, democratic secretary of state, and Mid Leach, all mixed up with Hal. Ayer, editor of Butler's Caucasian. and Otho Wilson, of Gideon's band. 'My God, Abernethy!' We are astonished at Chambers Smith. 'All shades of political opinion; well,

R. G. Dunn & Co's weekly review of trade today says that tide of business is rising with surprising rapidity. The gain has gone far and so fast is some branches that the more conservative fear it may not be continued, but the period of dullness which comes in each market after an unusual rise brings as yet nothing like a corresponding decline. The demand for money expands and wages are increased. Cotton mills are doing well. Improved conditions are being reported throughout the south.
