

WHITE-CAPPING IN GEORGIA.

Young Girl, Her Father and Brother Brutally Beaten by Moonshiners.

BLAIRSVILLE, Ga., June 8.—A beautiful young mountain girl stated to United States commissioner Baker today that she was afraid to give the names of members of a band of "White Caps" who made her one of their victims, for fear they would take her life. She was Miss Annie Phillips, the daughter of one of the best known farmers of this county, Phillips, his daughter and his son narrowly escaped death at the hands of a gang of drunken moonshine distillers, who visited their home. The gang went to the house after the son, Albert, who was suspected of "informing" the "revenuers." They called him out, and when he saw the crowd he called for his father. John rushed to his son's assistance, and was shot by some one in the crowd. Then Miss Annie, who is just sixteen, ran out to defend her father, and was knocked down and stamped on until she was unconscious. The crowd took the son off a quarter of a mile, and stripping him, gave him a terrible beating. The daughter recovered and raised the alarm, which brought neighbors to the scene. The father and son are in a critical condition. Four of the gang have been apprehended. There were fifteen in all. The United States authorities are doing everything possible to run them to earth.

For North Carolina: Increasing cloudiness, with showers in eastern portion. Local forecast for Raleigh and vicinity: Tuesday fair weather, warmer. Local data for 24 hours ending 8 a. m.: Maximum temperature, 75; minimum temperature, 60; rainfall trace.

His Ice Pack of Little Avail.

PHILADELPHIA, Pa., June 8.—Police-man Dallas Myers, who was prostrated by heat during the parade on Monday, lies in a critical condition at his home. Since Monday he has lain in a rubber blanket with ice around and upon him. Even this heroic treatment has failed to reduce his temperature to a safe point, and he suffers greatly.

Mrs. T. W. Bell returns many thanks to the numerous friends who were so kind to her and family during the recent illness and death of her husband.

OVER THE STATE.

Items of Much Interest Briefly Collated.

Wilmington gets the State fruit fair this year. The crop of whortleberries is said to be the largest in years. Last year they were all killed by the cold. Large quantities of them are being shipped north. J. R. Kenly, general manager of the Atlantic Coast Line, sails for London on the 12th instant as a delegate to the international railway congress. Revenue officers seized and destroyed a large moonshine distillery in Yadkin county, consisting of two 125 gallon copper stills and one 36 gallon wood still. Second lieutenant J. C. Cantwell, of the revenue steamer Colfax, has been promoted to first lieutenant, succeeding Lieut. W. H. Roberts, who has been promoted to captain.

The Salisbury Truth says that gentlemen who met and talked with Gen. Ransom as he passed through Salisbury a few mornings ago were shocked at the seemingly wretched condition of his health.

Mr. Samuel Willis, aged about 70 years, while burning off some new ground in Craven county, was accidentally burned to death. He was alone at the time. He was found lying in a ditch in the burned district. He was removed to his house and died that night.

The Review states that fellowship was withdrawn from Messdames Powell, Foy and Blackburn and Messrs. Windsor and Tucker by the First Baptist church, of Reidsville, Wednesday night on account of their opposition to the violin as a part of the church music.

Saturday R. L. Barber went to the Duke factory and, enquired for Tom Pendergrass. He found him, and drawing a double barrel shot gun, told him he was going to settle with him for what he had done the night before. He then charging him with having raped his 17-year old niece. There arrived in Wilmington Saturday Mr. and Mrs. Frederick Burr, of New York who have a most tremendous girl baby only fifteen months old. It weighs 87 pounds, is 34 inches in height and measures 32 inches around the waist, 14 inches across the back, 12 1-2 inches around the knee, and 8 inches around the arms.

Are the gold mines about Charlotte being anything these days? The News says the question had its answer at the mint building Saturday, in the exhibition of a gold brick worth fifteen thousand dollars in gold. It came from the Haile gold mine and weighed over sixty pounds.

The bimetallic meeting called for Saturday at Charlotte to appoint delegates to the Memphis free silver convention was even a flatter failure than Boggs' "gold bug" convention a few weeks ago. At the hour appointed there was a scattering crowd waiting for something to turn up. Nobody would take the responsibility for the meeting, so no meeting was held.

Made a Noose of a Dress Skirt.

OSWATONIE, Kan., June 8.—Mrs. Ella Brainard, of this city, committed suicide by hanging herself to the rafters in the attic of her residence with the skirt of her dress, which she had made into a rope. Her husband, a prosperous farmer, became insane six months ago, and was an inmate of the asylum at this place. This fact, together with the temporary lack of food and money, was the cause of the act. Last Sunday she vainly endeavored to get her eight children to lock themselves in a room with her and die together by the burning of sulphur.

The Engineer's Salute.

Nearly every engine on roads running into Chicago blows its whistle in a different way upon entering or leaving the city. A good many members of the crew have wives or sweethearts within hearing distance of these whistles and the signals announce to them the arrival or departure of the train. —Chicago Times-Herald.
