The improvements at the insane asylum continue. The grounds are now far more attractive than ever before. The bulk of undergrowth on the south side has been cut away. The increase in the number of patients is considerable, and the well arranged new infirmary building and congenial dining room for females proves a great convenience. It is only a question of time when one will be built for the male department.

A delightful german was tendered visiting guests at Greensboro Thursday evening, Mr. Elliott Gilbert leading. Among the many visitors were the Misses Tucker of Raleigh.

There was not a watermelon in this city July 4. Never before was there a fourth without that melon. A cart load was looked for but failed to arrive.

The majority of the male convicts now in the penitentiary are making brick, for which there is a large demand. Most of the brick used in this city are thus made, and the quality is always excellent. There are now 171 convicts within the walls.

OVER THE STATE.

Items of Much Interest Briefly Collated.

Some of the lady bicyclists at Charlotte now wear bloomers. M. P. Pegrum, Jr., a clothier at Charlotte, has made an assignment. The liabilities are not stated. The Dunavant cotton mill at Morganton was sold Tuesday. Col. S. McD. Tate bid it off for \$25,000.

Charlotte is to have yet another new cotton mill to cost \$66,000, and to operate 5,300 spindles. It will be built by the Highland Park company. Mr. L. Banks Holt of Graham, listed the stock belonging to the Alamance farm (74 head) at \$29,000, an average of a little less than \$500 each. Jacob Rowman, is making a fine casket for a living man. Rev. Dr. J. E. Pressley. The wood was selected and stored away three years ago by Dr. Pressley in Caldwell county.

The Waldenses in Burke county, who abandoned their corporate existence and purchased their farmers in severally, now prosper, and the Herald says the whole aspect of their surroundings is being rapidly changed by their ceaseless toil. A probably fatal assault has occurred in Richmond county. A negro named Aired had a quarrel with John Wilkes, white, in regard to some peach es. Wilkes threw a stone at Aired, who seized an axe and cut his head open.

H. B. Cockerham, of Yadkin county has left his wife and eight children, and gone to California. The cause of his leaving was the refusal of his wife to sell their farm or to mortgage it to provide for the payment of his debts, contracted against her advice.

The work of moving the down town cotton compress of the Southern road at Charlotte will begin Monday. The press is to be moved only about 25 feet to the south of its present location, yet it will cost over \$4,000 to effect the removal from the land of the S. A. L. on which it stands.

John Staley and Jabez Pugh were drinking at Greensboro yesterday. Staley suddenly stabbed Pugh between the shoulder blades and as Pugh turned around he received two more stabs, one in the abdomen and one in the region of the heart.

W. H. Deaver, United States claim agent to secure pensions for Union soldiers, was called on by a man from Rutherford county, who wished to make application for a pension from the United States for serving with George Kirk in the Kirk war in 1869-70 in Alamance and Caswell counties.

DOTS AND DASHES.

PICKED UP IN RALEIGH AND VICINITY.

The Happenings of a Day Told in Little Space.

Gov. Carr is now appointing a large number of magistrates. Some of the State Fair premiums are now being paid.

Tomorrow there will be a colored excursion to Greensboro and the price of tickets is only sixty cents. It is alleged that a number of hucksters in the market also own wagons outside which sell vegetables, etc.

The will of William Bright, of Buckhorn township, has been probated, C. J. Bright being executor. Rev. Dr. N. B. Cobb will probably accept a call to the pastorate of a Baptist church at Oxford, Miss.

The city health committee will look into the matter of specially policing the watershed of Walnut creek. The improvement in the appearance of corn in this section during the past three weeks is really remarkable.

The farmers all say they are having a hard fight to keep the grass within bounds. Mrs. Lovey Young and Mrs. W. M. Brown left this afternoon to visit relatives at Haywood.

Ensign A. H. Scales, of the U. S. navy of Greensboro, is warmly praised for bravery in saving a German vessel, crew from being burned to death on a vessel at Amoy, China. Mr. Neill A. Spence returned today from the north where he has been for several days in the interest of his bicycle repair shop.

Belgian blocks are being delivered for paving West Hargett street between Fayetteville and South Salisbury streets.

Gov. Carr consents that Judge Robinson shall hold the July term of Columbus superior court for Judge Hoke. The latter's arm was broken week before last at Lincolnton. There have been for several weeks whispers here that the Southern railway wanted to buy or get control of the Seaboard Air Line, but as at New York and Baltimore nothing definite could be bridged.

Two neat bridges have been built at Oakwood cemetery, of brick and stone, one being paved with marble. The stockholders meet next Tuesday, and it is expected will take a very proper step by ordering the erection of a chapel in "Chapel Circle." This is greatly needed.

Epworth chapel Sunday school will celebrate its first anniversary tomorrow morning, the exercises to begin at 10 o'clock promptly. The parents as well as the church members are specially requested to be present. The public is invited to attend.

At the Y. M. C. A. to-morrow will be discussed by L. A. Coulter, state secretary, "Certainties," at 4 o'clock. Mr. Coulter leaves the state in August, and this will be his last talk, probably, in this city. There will be music by the orchestra. Ice water and fans will be provided.

The new red letter box at the union depot, which has given so much trouble, is to be removed and the old green box to be replaced. Here is the history of the red box: A postoffice inspector once looked in the box and saw four or five letters for Raleigh. He recommended that a box be put there with double doors, so the carriers could take out the Raleigh mail. "Somebody blundered" and an absurd order was issued that the carriers take all the mail. Then this was revoked. Now the box will be taken down.

The assessment books covering the assessments of property in this township will next Monday be placed in the hands of the county commissioners, though they are not yet quite complete. Much of the property has for years been carried forward under the old names. The new board of assessors has sought diligently to get at the actual owners. There is need of a careful revision of property lists, so that all the changes, transfers, etc., can be kept up with.

BOARD OF ALDERMAN.

A Summary of its Proceedings Last Evening.

The board discussed the matter of admission of city patients to the Rex Hospital. A committee will look into that matter and see that the admissions are promptly made.

The street railway track on East Hargett street is ordered to be taken up at once and the paving properly relaid by the street car company.

The matter of watchman all the points where streets are crossed by the S. A. L. railway to be specially looked into. No action was taken about the purchase of a stone crusher, though there was some discussion of the matter.

Concert at Pullen Park. The third concert at Pullen park was well attended last evening, some 750 people being present. The street car service was excellent, the lighting first rate and the weather was perfect. The independent band played well, several new selections being on the programme. Some large paper balloons were sent up and one of these drifted entirely out of sight. Some boys at the park were boisterous in teasing or trying to tease a well known young man about town and gave some annoyance to persons at the pavilion. Such conduct ought not to be repeated. A police officer was present, but appeared to think he had no jurisdiction. The concerts are to be given Friday evening of each week.

A Card From Mr. Gray.

EDITOR OF THE VISITOR:—After your article yesterday disclaiming the article which I wrote in Monday's paper in regard to the conduct of manager Keeler and some street car conductors towards passengers, I feel that in justice to myself I should make a statement of my reasons for making the charge, specially as it was intimated that I was actuated by personal feeling. I wrote from information gathered from responsible parties and from personal experience and observation. I made the charge and wrote the article deliberately, feeling then, as now, that it was a just rebuke.

Sale of Real Estate in Oberlin.

THE WEATHER.

The Conditions and the Forecast. For North Carolina: Fair. Local forecast for Raleigh and vicinity: Sunday, increasing cloudiness, a thunderstorm probable Sunday evening.

Local data for 24 hours ending 8 a. m.: Maximum temperature, 82; minimum temperature, 66; rainfall 0.00.

The pressure has fallen all over the country, remaining about 30.00 inches only at Hatteras and over southern Florida. The storm in the northwest seems to be moving eastward slowly in two parts, one over Kansas, the other over South Dakota. The weather remains generally cloudy, with high temperatures and showers at a number of places, the largest amounts being Titusville, 1.60 inches; Meridian, 1.44; Jupiter, 1.86, and Philadelphia, 1.20. Some high temperatures were reported from the northwest yesterday afternoon, the highest being 100 at St. Paul, Minn. It is probable that rather high maximum temperatures will occur in the south and east today and tomorrow.

Messrs. Irvin T. Jones and Alex. M. Bobbitt returned from Baltimore last evening.

He Will Improve The Roads.

Some time ago Elijah A. Johnson, a white man, who was charged with embezzling a watch, the property of an old negro, was about to go in jail, but was released, Messrs. Jev. A. Jones and John T. Pullen having gone bail for him. He fled and they had to pay \$50. Recently they found that he was at Weldon and decided that Raleigh was the place for him, so he could do some work on the roads, so deputy sheriff Walters went to Weldon after him. Next week Johnson will be tried.

REMNANTS.

In the trial of them all for killing Dr. Payne at Lexington, yesterday's chief feature was Dr. Payne's story. He is the son of the murdered man. He was on the stand four hours. His account of the tragedy brought tears to the eyes of many in the crowded court room. Most of his evidence was corroborated by other testimony.

Today the trustees of the state university met and decided to put in a \$7,000 electric lighting plant. This is greatly needed. The university has a fine water supply.

Capt. C. B. Denson, Rev. Dr. M. M. Marshall and Rev. Dr. Bennett Smedes have gone to Denver, Colorado, to attend the great annual meeting of the national educational association at which Capt. Denson is to be one of the nine chief speakers.

25c Department Sales.

Among all the dry goods sections are some remarkable values—values that are making the goods move. These summer goods we do not want damaged by the workmen while the store is being renovated; besides, we do not wish to pack summer goods away. Hence the low prices. The 25c department sales come in for a great deal of attention. The genuine Koechlin's Organdies 25 cents. A complete line of Swiss Silks at only 25c each; a table of woolen dress goods at only 25c, worth nearly double. These are not all.
