The prolonged drought in Seinde, a province of Bombay, India, menaces the entire failure of the cotton crop.

ACCORDING to figures printed in the "Iron Age" the output of the iron furnaces in blast is greater than at any previous time since June 1, 1893.

The farmers in Minnesota find it difficult now to get wheat harvesters enough, though they offer from \$35 to \$40 a month to regular hands.

The Horr-Harvey silver debate at Chicago is being reported by a woman. As the natural custodian of the last word she can confer a great favor on the public by sending it along at once.

About \$1,500,000 more gold was exported at New York last week than was imported. Exchange has been at the exporting point for several weeks and a little gold has been going out all the time.

It seems to be the settled opinion of the Cubans and others familiar with Spanish character that pride will compel Spain to give her last man and last dollar before offering any concession to the revolutionists in her colony.

Most of the gold which the United States treasury has gained in the past few months has probably come out of the bank of England and the bank of France, for they have lost just about as much as the treasury has gained.

PREPARATIONS are being made in Spain to dispatch large reinforcements of troops to Cuba. According to the present plans by the 15th of August 2,000 infantry, 1,350 cavalry, 1,200 artillery and 1,000 engineers will leave Spain for Havana.

The Bulgarian government has been making secret inquiries into the murder of ex-premier Stambouloff, and it is claimed that the facts elicited show that the crime was an act of private vengeance.

The late English duke of Hamilton made the biggest bet on record against a horse at the Derby race. He laid out \$900,000 to \$30,000 against Hermit. Fortunately for him friends intervened and the bet was scratched. Hermit won.

WITHIN the next three months the manufacturers of the south are to feel the grasp of the biggest coal combine ever formed. It is to embrace and control almost the entire output of nearly all the mines in Virginia, Kentucky, Tennessee, Georgia and Alabama, the total value of which is nearly fifty million of dollars, and this is to be the capital stock of the organization.

The last sensation in naval circles is a report that secretary Herbert has reprimanded rear admiral Kirkland, commanding the European squadron, for having written a letter to M. Faure, president of France, congratulating him upon his election to that office. Secretary Herbert declines to affirm or deny the report that he has taken the action indicated. According to the story the secretary's action is based upon his desire to prevent the United States from becoming involved in any complications with the French government.

A woman drummer for a St. Louis vinegar manufactory is touring the northwest on a bicycle and is stunning Parisian bloomers. She started from St. Louis last January. She sends postal cards ahead of her to the grocers saying she will "wheel into town about next week" and asking them to save their orders for her. She is creating a sensation and selling lots of vinegar.

The war in Cuba is now more extensive than ever. The insurgents are believed to have a new general-in-chief. They are using desperate and harassing tactics and wholesale destruction of plantation property is threatened by them in case the planters aid Spain or do not pay the insurgents tribute. Cuban independence is the thing sought.

EX-CONGRESSMAN Bland, speaking of the silver question, said: "There is no use trying to dodge this issue any longer. If the democratic party does not declare for the free coinage of silver it will be wiped off the map. The newspapers in the large cities like St. Louis talk about the silver sentiment dying out, but they are not going to fool anybody. There may be a few democrats in the cities who will follow the administration, but there are practically none in the country."

The Discovery Saved His Life. Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with la grippe and tried all the physicians for miles about, but to no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We can't keep store or house without it." Get a free trial bottle at John V. MacRae's drug store.
