

VOL. XXXIII.

RALEIGH, N. C., FRIDAY, JULY 26, 1895.

NO. 79.

### THE U. S. MARSHAL

#### GOVERNMENT INCREASES THE ALLOWANCE

Amount of Moonshining Largely on the Increase.

The Visitor visited marshal Carroll today. The latter had two dr ft, on for \$4,507, for deficiency; the other for \$3,000 for regular expenses since July 1. He says he has now 60 deputy marshals and will appoint 12 more.

There are 57 counties in his district. Moonshining is on the increase. Big as the last term of court was that in December will be still larger. There are 40 applications for clerkships in the office. No change is made in the office force. Heretofore the marshal has had to pay his clerk and deputy.

The fees of the office reach \$6,000 and that is the limit. The receipts for the six months ended June 30 were \$12,119 55. The government now allows marshal Carroll \$1,700 for clerical assistance. If business increases this allowance will be increased to \$4,000 as in the western district. It is hoped it will be \$2,500 anyway for the current year.

#### Don't Want to Sell

State treasurer Worth today had the following telegram from Simon Borg & Co. of New York: "Unless the \$8,000 North Carolina railroad bonds will be funded in accordance with our letter to Mr. Busbee of July 18 we will not fund the \$12,000 old bonds now in your hands. We request you to hold them until further instructed by us." Of course the treasurer will hold. He does not care how long he does hold the bonds. Borg wants accrued interest on them since 1885.

#### Two Sales of Property.

There were two sales at auction, under mortgage today of property owned by Mrs. M. E. Stronach. The store on South Market and East Martin sts. occupied by Thomas & Maxwell, was sold for \$5,500, Mrs. Holloman being the buyer. The store on East Martin street occupied by Woolcott & Son was sold for \$7,500, but the latter sale will not be confirmed.

#### Building and Loan Associations

State Auditor Farman has licensed 47 building and loan associations to do business in North Carolina. Of these 19 are from other states. Of those in this state Wilmington has 9, Raleigh 1, Maxton 1, Salisbury 1, Wadesboro 1, Kutherfordton 1, Hickory 1, Charlotte 3, Lenoir 1, Statesville 1, Newbern 1, Tarboro 1, Concord 1, Monroe 1, Winston 1, Goldsboro 1.

### POLITICAL POINTS.

#### Will a White Republican Party be Formed?

Rumors from Durham as to a conference of Dr. Mott, Maj. Guthrie and senator Butler name two prominent democrats as being present. It is said the purpose was to form a "white republican party." A republican here says this is guess-work and he does not believe it; that it is too far ahead for any movement of a political nature to amount to anything. It will be remembered that when senator Pritchard was serving his first term in the legislature he was enthusiastic on the subject of white republican party. He said the time was ripe for it in the western part of the State and that if it were formed and the negro eliminated numbers of young democrats would join it. A message was sent from Durham night before last for a Raleigh newspaper man to go there and look into the matter of this alleged conference of members of three parties. It may be that it all grew out of the fact that the two democrats were courteous to the visitors.

#### The Average Weather in August

The weather bureau give the following data, compiled from the record of observations for the month of August, taken at this station for a period of 8 years, showing the average weather for the month: Mean or normal temperature 76 degrees. The warmest August was that of 1893, with an average of 79 degrees; the coldest that of 1889, with an average of 73 degrees. The highest temperature during any August was 96 degrees, on the 7th in 1887; the lowest was 52 degrees, on the 24, in 1890. The average rainfall for the month 7 28 inches; the average number of days with .01 of an inch or more 13. The greatest monthly precipitation was 10.80 inches, in 1887; the least 4.05 inches, in 1888. The greatest amount in any 24 consecutive hours was 4.16 in. on the 27th in 1887. Highest velocity of the wind during any August was northeast 30 miles on the 8th, in 1888.

#### Spain's Girl Soldier.

A pretty little romance is recounted in connection with the battle of Dos Rios. In the heat of the battle a bugler was cut over the head and shoulders with a machete in the hands of one of the rebel officers. The bugler, a handsome young man of a decidedly feminine appearance, is a young girl. Thinking her wound mortal, she confessed her secret to a fellow soldier after the battle. She had enlisted in Spain as a volunteer for service in Cuba, in order to accompany her affianced.

### STATE NEWS.

#### ITEMS OF ALL KINDS FROM ALL PARTS.

##### The North Carolina Happenings Briefly Collated.

A cigar factory at Greensboro, the property of John Broadnax, was burned yesterday.

The trustees of the Baptist orphanage at Thomasville have decided to build a new one of some \$7,000 a central and administration building.

Mr. Hal Ayer is in Wilson county at a big populist picnic. The chief speech will be made by Maj. W. A. Guthrie.

The main building of the Mayadan cotton mills near Madison will be 79 by 300 feet, and the mills will operate fifteen thousand spindles at first. The company will employ 800 hands.

Dr. W. F. Tomlinson of the agricultural department has been appointed by Dr. C. Dabney to take charge of and superintend the exhibits from the agricultural department at Atlanta.

J. J. Thornton's fine Jersey cow was killed by lightning at Greensboro. She was standing near a barbed wire fence. Two other cows standing close to her were not hurt.

The effect of the public execution at Salisbury was anything but healthful upon the public mind. There ought never to be another public hanging.

Charlotte's aldermen are in Atlanta to get a garbage furnace for Charlotte and to get points on that and other things pertaining to a model city government.

The grand encampment, I. O. O. F., of this state, is to be held in Charlotte August 7th. The Odd Fellows will be well entertained during their stay in Charlotte and a banquet will be a feature of the encampment.

Prof Kirkland of Massachusetts writes George Carpenter of the N. C. experiment station that the gypsy moth is spreading toward the south and that cotton is its favorite diet. This may prove a danger hitherto unestimated.

Charlotte is becoming quite interested in the North Carolina railway institution, for the old project of the Southern building from Mooresville to Gastonia, leaving Charlotte out at the Coast Line short cut did Wilmington, has been brought to mind.

At Asheville judge Ewart of the criminal court entered a rule against T. E. Robinson, editor of the Citizen, for contempt of court for publishing a criticism of Ewart's action in removing the Sumner murder case to an adjoining county. The rule requires Robinson to answer Saturday. There is much comment on the judge's action, and several members of the Asheville bar have proffered their services.

Col. Wm. L. DeRosset, of Wilmington, has been elected major general to succeed Gen. E. D. Hall, in command of the North Carolina division, united confederate veterans. The ballot was as follows: For Gen. Robert F. Hoke, Col. Charles F. Fisher camp; for Col. Francis M. Parker, Junius Daniel camp; for Col. Wm. L. DeRosset, camps, Leonidas Merritt, Ruffin, Cape Fear, Catawba, Reuben Campbell, Norfleet, Sampson and Mecklenburg.

The Greensboro Record speaking of the extension of the lease of the N. C. railways says the Southern wants to know if it can renew the lease—not at once, perhaps, but at the expiration of six years, and wants some kind of an obligation to that effect made soon, with approximate figures. It is evident there is to be a fight, as far as at once going into a renewal of the lease is concerned. Some valid reasons are of course given against action at present; but after all the Record believes some satisfactory agreement will be reached and that within the next month.

It is learned at the office of revenue collector Simmons that the bonds of all cigar and tobacco manufacturers which are two years old will have to be renewed and entirely new ones given.

### STATE FAIR NEWS.

#### A New Feature to be Inaugurated this Year

Always anxious to add something new and attractive to the exhibits at the state fairs, the management this year proposes to adopt a new feature, one which will be both interesting and instructive to visitors. To make this proposed new feature of the fair there must be the hearty co-operation of those interested, and who will be its greatest beneficiaries. It is proposed to secure, if possible, a small exhibit, or the exhibit of some small article, from every manufacturing establishment in the state. These articles will all be properly labeled and arranged in a division in the main building to be known as an "Index to North Carolina Industries." It matters not how small the article; it will receive the same attention. Of course some exhibitors may wish to have a display of their own; so much the better if they do; there is ample room for all.

#### Bonanza Excursion to Norfolk

On the 14th of August the annual excursion under the management of Chavasse & Macy will be run from here to Norfolk and the fare will be only \$2.50. It is widely known as the "Bonanza" excursion, and is always to be depended upon for good management and a pleasant time. The train leaves here on the morning of Wednesday, August 14, and returns August 16.

#### THE WEATHER.

The Predictions and the Conditions Local and General.

For North Carolina: Fair, slightly warmer. Local forecast for Raleigh and vicinity: Saturday, fair, warmer.

Local data for 24 hours ending 8 a. m. Maximum temperature, 75; minimum temperature, 64; rainfall, 0.89.

The weather is generally clear over the greater part of the country. It is cloudy at a few places in the south Atlantic coast and a few places in the northwest. Heavy local rains occurred yesterday in North Carolina, South Carolina and Georgia. The pressure is highest over the southern states, Key West reporting highest. The pressure is low over the northern half of the country, being lowest over Boston, the Dakotas and Nebraska. A cool wave has spread over the south causing a general fall of several degrees in temperature, but the temperature will rise today to about normal. The indications are good for fair weather on Saturday.

#### The Tobacco Market Ought to be Developed

Dr. J. S. Meadows, formerly of Louisburg, has leased the Capital tobacco warehouse on South Bloodworth street and will operate it. Dr. Meadows is well known as a warehouseman. Raleigh's business men ought to work together to develop the tobacco market here. At one time a good trade in leaf was built up, but it fell away very quickly. No reports of total sales during the season were ever made, and but little was done to increase the business, save by a few men, most of whom became discouraged and went out of the trade or removed to other markets.

#### Farmers' Institutes Will be Held

Chairman W. F. Green, of the state board of agriculture, held a conference with the state treasurer regarding funds for the payment of expenses of holding farmers' institutes. A warrant for \$500 for this purpose has gotten as far as the state treasurer's office and there it stops. The treasurer says he does not know whether he can pay it or not. Col. Green was asked what would be done and replied that the institutes would be held, no matter whether these funds were obtained or not. It is the decision of judge Seymour in the federal court which causes the trouble. That decision has greatly restricted the department and some persons in the state are forever on the watch to see what the agricultural department is doing.

All 7 1-2 cent laws, ordanances, etc., will remain in force until closed. Woolcott & Son.

### DOT AND DASH.

#### PICKED UP IN RALEIGH AND VICINITY.

The Happenings of a Day Told in Little Space.

Concert at Potten park this evening at 8.30.

Mr. J. G. Steed of the revenue department is at Wrightsville.

Mr. A. B. Andrews of Atlanta is at the Yarboro.

Mr. Leo D. Heatt of Durham was here today.

There was a wind storm at Cary yesterday which damaged crops considerably.

Gov. Carr has not yet finished the appointment of justices of the peace.

North Carolina 6 per cent bonds, \$1,000 each, sold here yesterday for \$1.280.

Mr. Upchurch of Callahan, Florida, is here with his sick brother, Mr. W. G. Upchurch.

Mr. T. G. Lashley of Florida, who has been visiting relatives here, returned home today.

The capitol square presents an attractive appearance, after the heavy rains.

Rev. Dr. Bennett Smedes returned this morning from an extended trip in the west. He went as far as California.

The glass fronts of the letter boxes at the postoffice badly need the attention of the janitor, for they are very dirty.

Mr. Milton L. Marcom went to Castle Hayne today to take the place of Mr. Allen in the phosphate mills there, Mr. Allen being sick here.

Jacob Ucher has sold a house and lot on the corner of Halifax and Franklin streets to H. B. Gleason for \$1,500.

Mrs. Lydia J. Brown has sold the property at the southeast corner of West Morgan and South Dawson Sts. to Joseph G. Brown for \$3,500.

Mr. John Thompson, so well known here, is not now in government employ, but since the first of the month has been with the American book company.

Mr. John Dunn has returned from his visit to Cold Spring, Va., and reports that Capt. M. Roberts, who is there, is very well and will return here August 10.

Marshal Carroll has appointed his son, Mr. Clifford Carroll, chief clerk, at \$1,500 salary. Mr. T. D. Watson continues as chief deputy marshal at \$1,200 salary.

Messes McGinnis and Thompson, two members of the Roanoke machine works band, are here and will play the tuba and slide trombone at Potten park this evening with the Capital City concert club.

Mr. Ed. F. Pescud, who was with the book house of Alfred Williams & Co. 24 years, is now with the North Carolina book company. He has a very large and influential circle of patrons.

The following is the assessed value of railway property in this city: The North Carolina railway, \$7,969.70; Raleigh & Augusta, \$3,333.23; Raleigh & Gaston \$67,269.25; Southern (Union Station) \$10,000.

Three persons were put in jail today. Two of them, Ruffin Weaver and David Surles, both colored, were on their way to the roads for 30 days, sent by mayor Russ. James Boyd, insane, was sent by justice Sion H. Smith of House's creek township.

Chief of police Heatt has notified owners of property to get to work on the sidewalks on East Hargett street between South Blount and South Wilmington streets and on East and West Martin streets between South Blount and South Dawson.

The S. A. L. has paid into the state treasury all the taxes due on its property in North Carolina. The amount is \$12,966.45, being 25cts on the \$100 on a valuation of \$5,186,650.53. This amount is made up of the road valuation of \$5,106,650.53 and \$80,000, half the value of the bridge across the Cape Fear river near Wilmington.

### NO REASON

why any one should use a

### THERMOMETER

that is not accurate.

The only reason we can think of that a stock of

### Tested Thermometers

has never been kept in the city.

We have bought a good stock of accurate ones and sell at reasonable prices.

### THOS. H. BRIGGS & SONS, RALEIGH, N. C.

### ROOM-MAKING Sales.

TAN SHOES for MEN, WOMEN and CHILDREN.

### FOR MEN.

TAN SHOES, \$4.00, \$3.50, \$3.00, \$2.50, \$2.00, \$1.75, \$1.50, \$1.25, \$1.00.

### LADIES' TAN OXFORDS

that were \$3.00 and \$3.50 ARE REDUCED TO \$2.25.

### CHILDREN'S TAN SHOES

Sizes 8 to 10 1-2 and 11 to 2. that were \$1.75, \$2.00, \$2.25. ALL NOW REDUCED TO \$1.50.

### W.H. & R.S. TUCKER & CO

Another Week of Nineteen Cent Values.

No feature of our room-making sales has created a more lively interest than 19c lots. We will continue the 19c tables for another week—until the 31st. Of course the assortments are being picked over every day, so the longer one puts off visiting us and seeing these offerings the less there will be for them. We have made another table of White Dotted Swiss, this time putting in the entire lot, making the price 18 cents. They were mostly 40 and 50 cent quantities; what is left of the Swivel Silks all gone at 19c. A table of Woollen Dress Goods, your choice at 19c. A table of Novelty Cotton Dress Goods, the finest we buy, new at 19c. These goods would have any lime dust on them and good reason, too, the goods will be sold before the workmen get here. Low prices will clear them out.

### We All Eat.

And where to eat is the question. What I heard one of the best eaters of Raleigh say: "He has a class learning to eat and it would graduate in a few days." He further said "he could recommend them as good feeders. He added that he would start another class and if there were any who wanted to learn to eat he would like for them to join the class at Mosley's Dining Rooms, 130 Fayetteville street.

### Tooth Brushes

Are a household necessity. We have them at all prices and of all quantities. Our 25 cent brush does not lose bristles. HICKS & ROGERS, Prescription druggists.

### Low Rate to Boston and Return.

August 23, 24 and 25th the Southern railway will sell round trip tickets to Boston, Mass., at rate of one fare, tickets good to return until Sept. 10th, and can be extended until Sept. 30th. This will be a splendid opportunity for anyone to visit eastern centers at a small cost. For further information call on any agent of the Southern railway, or Chas. L. Hopkins, T. P. A., 39 W. Trade St., Charlotte, N. C.
