waiting for the action or approval of any other nation. It is believed by such men as senator Daniel of Virginia, Gen. Stone of Missouri, and senator Jarvis and congressman Lockhart of North Carolina, that the result of the silver conference which closed yesterday will be felt in every state represented there. The proposition, it will be seen, goes to the very root of the silver question as encountered by the democratic party.

The friends of silver within the democratic party will bring forward a new proposition next year with regard to the party's presidential nomination. They will insist that the candidate pledge himself or in some way commit himself in the event of election not to exercise the veto power of his office in cases where he does not hold that the measure presented for his signature is in violation of the constitution.

ABERDEEN, O., July 21, 1891.

Messrs. Lippman, Savannah, Ga.: I have used your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief: it purifies the blood and removes all irritation from the seat of the disease and prevents any spreading of the sores. I have taken six or eight bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly,

CAPT. W. M. RUST,

SPRINGFIELD, Mo., Aug. 14th, 1893.—I can speak in the highest terms of your medicine from my own personal knowledge. I was afflicted with heart disease, pleurisy and rheumatism for 25 years, was treated by the very best physicians and spent hundreds of dollars, tried every known remedy without finding relief. I have only taken one bottle of your P. P. P., and can cheerfully say it has done me more good than anything I have ever taken. I can recommend your medicine to all sufferers of the above diseases.
